

DEL WEBB CITIES MUSEUM IS EXPANDING ITS PRESENCE IN SUN CITY WEST

It's happening gradually, but it's happening.

Check out the windows of the old sales office in the R.H. Johnson Recreation Center. We added displays that will be changed periodically throughout the year.

Located in the R.H. Johnson Library is an ongoing slide presentation of the early years of Sun City West. This too will change periodically.

We are planning a presentation, in the near future, of 3' by 4' panels that will be located at each recreation center. The panel will explain how each Recreation Center received its named.

Watch for more events to come and thank you for supporting the Del Webb Sun Cities Museum through you memberships.
