SUN CITIES TV PRODUCTION CLUB
BY-LAWS

CLUB PURPOSE: To produce and air cable TV programs for and about people, their lifestyles, activities and subjects of public interest. Distribute programs to Dimension Cable Services or other cable networks and/or public broadcasting stations. Provide a forum for open discussion of all matters of interest to viewing public, taking no partisan stand and offering equal time for differing viewpoints of controversial issues by responsible groups or individuals.

MEMBERSHIP: Membership is open to those residents of the Sun Cities and surrounding community, who express interest in assisting in the production of public access programs.

OFFICERS AND DIRECTORS: The Board of Directors shall consist of nine (9) members including the officers. Officers shall consist of President, Vice President, Secretary and Treasurer, and shall be elected annually by the Board of Directors.

STANDING COMMITTEES:

NOMINATING: The Nominating Committee shall present a slate of prospective board members at the general membership meeting in October. After the Nominating Committee has made its report to the Club, the President shall call for additional nominations from the floor. After the voting, the Nominating Committee shall count and verify the ballots.

SELECTION: The Selection Committee shall approve and schedule the production of all shows. They will also determine the number of shows that can be produced monthly by any one person.

POLICY: Review and make recommendations regarding all matters referred to them by the Board of Directors.

VOTING: Club members present at any general meeting shall constitute a quorum. Majority voting carries.

CLUB DUES: Annual dues are payable on January 1st of each calendar year. Dues for incoming members joining after August, shall be at one-half the annual rate. Members joining in December may do so by paying the full dues for the following year.

Minutes of the Sun Cities Television Production Club
Monday, January 26th, 2004

Open:

Ann Chambers called the meeting to order at 8:44 A.M. at the Northern Trust Bank.

Those present: Ann Chambers, John Jouas, Herb Smith, Bob Stolz, John Benson, Lynn Reed.

Minutes:

Everyone present received the minutes of the December 23rd, meeting in advance, via the Internet. They were approved as e- mailed. Motion by Herb. Seconded by John Jouas.

Treasurer's Report:

Bob Stolz gave the Treasurer's report. It is exactly the same as last month. The Balance in the account is $370. 17. Our year end check # 5006 to Jerry Dobbs, of Access Phoenix, in the amount of One-Hundred Dollars is an outstanding check. The Treasurer's report was approved as presented. Motion: Herb. Seconded by John Jouas.

Old Business:

The same problem with Cox Cable Television. Bob said that he called Ivan Johnson at Cox Cable. Bob said his call was never returned. Bob said that he spoke with Jan Rittmaster and that she wants the club to continue. Bob said that the problem for our club started when Cox moved from their old location, to the new building where the programs are transmitted from.

Lynn said that he spoke with Sheriff Joe Arpaio during the New Year's parade. He said the Sheriff will try and help with the situation at Cox Cable. Bob said everything is still in Limbo at this time.

The committee for going down to Cox Cable to speak with representatives there consists of the following members: Jan, Lynn, Herb, John Jouas and Bob.

Bob wishes that Cox cable would have told us that they are going to sell the time we have on Saturday Morning. He expressed his wishes that they would have been more honest with us.

Bob said apparently Channel 9 is not working out as well for Cox as they had hoped it would. They used to have more sports including programming for the Phoenix Suns, and the Diamondbacks. Now they are selling the time for infomercials.

Lynn asked if anyone checked with channel 8, Public Broadcasting in Phoenix, about carrying our programs. Channel 11, the Phoenix Government Channel was also mentioned.

John Benson said he thinks that Sheriff Arpaio's help is the only hope left for our programs to get back on channel 9.

Someone from our group needs to contact the Sheriff or his secretary, too see if he will contact channel 9.

Jan was not able to make the meeting. Bob tried calling her during the meeting on Herb's Cell Phone. The line was busy.

New Business:

Herb said that he heard from our former club Member Don Hutton who lives in Hawaii. Don is planning a trip to this area next month and he would like to participate in television productions, if we are videotaping.

Bob said that someone called him who said he has attended Arizona State University and said that a lot of very interesting people live in this area and that as we do our shows we should consider selling them to other cable outlets. Bob told him we are not in the business of making money. He invited the gentlemen to come to our meeting today, to present his propositions to the membership, but he did not show up. Bob said that it would be up to the members of the club to decide, if we are to do anything that.

Herb said that his ex-son-in-law has a fabulous Mexican restaurant and he would be interested in doing a cooking show for our club. The restaurant is Don Rubin's and it is located at 43rd and Cactus.

The members present are willing to produce the cooking show and another one to go along with it. Everyone will require advance notification to be sure that we have a crew. Lynn said if we can get a date for the shows, he will conduct an interview with the guests.

TV Productions for February.

On CALL: There are no shows scheduled as of this date.

Bob asked the Club members if they knew what the most popular song in Sun City West is? The answer: **"Let Me Call You Sweetheart," because, I can't remember your name."**

Adjournment:

A motion was made to adjourn by John Benson. Seconded by Bob. The meeting adjourned 9:13 A.M.

The next meeting will be held on February 23rd, at 8:45 A.M. at the Northern Trust Bank.

Respectfully Submitted,

John Benson

Minutes of the Sun Cities Television Production Club
Tuesday, December 23rd, 2003

Open:

Ann Chambers called the meeting to order at 9:15 A.M. at the home of John Jouas.

Those present: Ann Chambers, John Jouas, Herb Smith, Bob Woodard, Maurice St. Germain, Bob Stolz, John and Verna Benson Vera Keeler, Johannes and Sallie Spreen.

Minutes:

John Benson read the minutes of the November 24th meeting. They were approved as read: Motion by Bob Stolz, seconded by Herb:

Treasurer's Report:

Bob Stolz gave an informal Treasurer's report. There was no change from the prior month. He just returned from vacation.

Old Business:

A discussion of the situation with Cox Cable Channel 9 followed.

Ann said that Jan would see what she could do. Jan called Herb about possibly going down to The Station with her. John Jouas said that Jan did not want to bother Sheriff Joe.

Herb thought it might be improper for the Sheriff to participate in the meeting because he is running for office. Bob Stolz said the Sheriff should be notified of our problem, he knows nothing about it.

Verna asked if anyone talked to Jerry Dobbs about handling the problem. She said we have had responses when our program aired on Channel 98. Bob Stolz said we could continue the club, but that our programs would not be broadcast over Cox Cable.

More Discussion followed:

John Jouas said "Now that Cox is running infomercials, even if we get a Beta Machine, will Cox take us back?

Bob Stolz said his background with Cox goes back to Original Negotiations with station, when they shut down public access programming. He said we used to be on channel 22 and that Cox Cable wanted our shows even after cutting out other groups.

Bob said that we donated equipment to Dysart High School with the stipulation that we could use their studio to produce programming. He said that Cox reserved the right to take back our time slot from channel 9.

Bob speculates that one of the reasons that they want us off the air is because of the Sheriff shows. He wishes that Cox would have been honest and up front with us regarding their reasons for not airing our programs. He said that Cox doesn't want to offend Sheriff Arpaio.

Johannes Spreen said when he announced that he was running for Chief of Police, (political Office) he was no longer permitted to write articles for the Newspaper in his community.

John Jouas said that Jan mentioned she would go down to the studio with Lynn Reed for a meeting with Cox Cable.

Bob suggested that the club President should contact Cox Cable and call the Public Relations people and talk to someone about our problem.

A meeting should be set up as soon as possible and a committee formed to go to the station. The following people would be participate: Jan, Lynn, Herb, John Jouas and Bob Stolz. We should also contact Sheriff Arpaio.

Herb said: "If we get the Beta Recording Equipment is their any guarantee that Cox will air our tapes.

John Jouas said that our next club meeting should be right after the meeting with Cox Cable.

Vera asked if anyone would be interested in keeping the scrapbooks for the club. She has two of them.

The club voted to give Jerry Dobbs from Access Phoenix, a gift in the amount of one hundred dollars. Motion by John Jouas and seconded by Vera.

Bob Woodard will talk to Jerry Dobbs and he will let him know what our club is doing regarding the situation with Cox Cable.

Bob Stolz asked "If Cox says "NO" do we still want to continue to broadcast? Vern said this is a hobby. Do we enjoy doing it? Bob suggested that we cut back on the number of shows to two dates per month.

Ann asked whether she should contact the bank to schedule meetings. Bob said we should plan on doing the Arpaio shows and John Benson's show and continue exactly as we have been doing. We should set a date to start producing shows.

Herb said we have another alternative. We can tape our shows on Mini Digital VideoCassette. Bob said that man at Cox said No, to that format.

Verna said this is a personality thing and that we should not be seeing the same person when we go back to Cox.

John Benson mentioned that Bob Woodard has perfect attendance and has participated in all of the studio tapings this past year.

Vera suggested that we should tell Jan we want to do two Sheriff shows in January.

Verna said even though we would not be on in the Sun Cities, that Channel 98 would still be worthwhile. We need to talk to Jerry Dobbs.

Bob Stolz said that our shows have changed over the years, from just covering the local Sun Cities, to all topics of interest.

Vera said that it was a shame that we have not contacted Jerry Dobbs to keep him informed.

Bob Woodard said he will tell Jerry that we are planning on coming back and to hold the studio time for us.

New Business:

None

TV Productions for January:

None Scheduled.

SUMMATION:

We will keep on doing what we are doing. We will plan on continuing productions and we will set up a meeting with Cox Cable to try and resolve the matter at hand and we will keep Jerry Dobbs informed of all matters.

Adjournment:

A motion was made to adjourn by Maurice and was seconded by Bob Stolz. The meeting adjourned 10:13 A.M.

The next meeting will be held on January 26th at 8:45 A.M. at the Northern Trust Bank.

Respectfully Submitted,

John Benson

Minutes of the Sun Cities Television Production Club
November 24, 2003

Open:

Ann Chambers called the meeting to order at 8:46 A.M.

Those present: Ann Chambers, John Jouas, Herb Smith, John and Verna Benson Vera Keeler, Johannes Spreen.

Minutes:

Verna Benson read the minutes of the October 27th meeting. They were approved as read: Motion by John Jouas, seconded by Herb:

Treasurer's Report:

John Jouas gave the Treasurer's report. There was no change from the prior month's report. The balance in the account is currently $367.98.

Old Business:

John Jouas said the topic before the club is "what are we going to do to straighten out the problem with Cox Studio?" They are running "infomercials," in our place. There was a discussion of the use of Beta tapes and that maybe channel 3 in Phoenix would consider donating a Beta Recording machine to the club. John said that someone is trying to make a mountain out of a molehill.

A discussion on how to proceed with Cox Cable followed. John Benson said that he checked the price for a half-hour of Television time with Channel 13 in Prescott and the cost was $625.00 per program. The infomercials from Cox may bring in from 400-$600 dollars per half-hour. The profit for Cox Cable would be considerable if they do not allow our shows to run.

It was suggested that Sheriff Joe Arpaio should intervene. Herb said that we should find out where we stand and have a meeting with Cox Cable. It was also suggested that we should check our tapes before we air them.

Ann said that she told Jerry Weaver about the problem. He was sorry to hear about it. Ann will contact Jan to she if she can contact the Sheriff and also Lynn Reed regarding a meeting with Cox Cable.

Open:

Ann Chambers called the meeting to order at 8:51 A.M.

Those present: Ann Chambers, Bob Stolz, Lynn Reed, Donn Saint John, John Jouas, Herb Smith, John and Verna Benson.

Minutes:

Verna Benson read The minutes of the September 22nd meeting. They were approved as read: Motion by John Jouas, seconded by Bob Stolz.

Treasurer's Report:

Bob Stolz gave the Treasurer's report. The Balance in our checking acccount on September 1st was$370.17. John Jouas received a check in the amount of $2.19 for tape labels. The balance in the account is currently $367.98. Bob said there was no cash on hand. The report was approved as presented. Motion John Jouas, Seconded by Lynn Reed.

Old Business:

None

New Business:

John Jouas played a tape of a telephone call he received from Cox Cable concerning the quality of the video tape that is being presented for airing by our club. The comments by the Cox Representative were that the quality of the tape goes down as they are replayed. Our video tapes must be dubbed to Beta Tapes, and then must be transferred again to the Digital System.. John said we have had problems before. He and Bob will be going down to the Cox Station tomorrow to meet with Cox. We really won't know anything until we see the tapes. Bob said that the old Cox Studio supplied the tapes years ago, and they still had trouble with them. A discussion of the same topic followed.

John Benson suggested that we buy new video tapes instead of buying used ones. John said he noticed interference on the video tape for the Sun City West Variety show, when it was replayed last Saturday on channel 9. Donn Saint John, said that we could use Digital Video Cassettes, which would give us the highest Digital quality for Broadcast programs, for the same price we are spending now for used SHVS Tapes.

TV Productions for November:

November 4th, John Benson

November 11th OPEN (Veteran's Day)

November 18th Two Sheriff Shows Possible.

November 25th Open

Bob said he has not heard anything from the Phoenix Coyotes regarding a show with a representative of their club.

Bob suggested that we could do a show about The Sun City West Prides of which he is a member. He shared information with the club about the services that they perform for the city.

LYNN REED SAID HE'D HAD NO LUCK TRYING TO GET AN INTERVIEW WITH THE NEW HONCHO AT LUKE A.F.B., BUT HE'D KEEP ON IT.

Adjournment:

A motion was made to adjourn by Bob Stolz and was seconded by Herb Smith The meeting adjourned 9:18 A.M.

New Business:

John Jouas needs a volunteer to take 4 programs to the Cox television studio in Phoenix for one day. Herb Smith volunteered to do this. John Jouas asked if we could design our own labels for the video tape boxes. Herb volunteered and he will design some new labels.

Lynn Reed said he sent a five-dollar gift to **"The Independent Newspaper,"** because they printed our television schedule. He said after sending his money in, they have not printed our schedule since. Lynn shared a newspaper article saying that listeners are tuning out The Sheriff's show on Radio, hosted by W. Stephen Martin. Apparently listeners have no idea what is going on, because the sheriff is always talking about himself, according to the article.

Jan Rittmaster said that the Play **"Sugar"** opens October 14th, and runs until November 1st. Jan cannot host any shows in October.

Bob Stolz contacted the Publicity Department of **the Phoenix Coyote's** and they may be interested in doing a television program in the future.

A brief discussion of the current Gasoline Crisis in Phoenix followed. It was noted that there was not much input from the Mayors of local cities on the matter.

Jan said that she spoke with Bob Woodard and he will be getting with Jerry Dobbs to get training on the board for running audio.

Lynn said The Sun City West Variety show will run November 13-14-15th.

Monthly Meeting Minutes

May 24, 1999

Meeting called to order at 8:35 Am by Pres. Bob Stoltz.

Members present: Bob Hart, Bob Stoltz, Jan Rittmaster + Vera Keeler

Guests: Linda Sarkision + Patrick Dehaan from the Lions Club.

Treasurer's Report – Balance - $591.30.

Pres Stoltz reported that Cox Studio equipment was packed + moved to Dysart School.

Reporters from Wester + Daily News Sun were present to report + write articles for their respective papers on the event.

(F.Y.I. Value of this equipment - $100,000 or - 500,000.)

So far working at Phoenix Studio has been very good.

Due to resignation? of Ann Freeman, the Sheriff Shows will ~~go~~ continue in the capable hands of Bob Hart, as producer + Lynn Reed as Host.

Future Shows: June 15 – 2 Sheriff Shows
" 22 – Ann Deb - Sunset Pastery

Possible show in July - Ramada Express w/ Jan R.

Above mentioned guests represent Lions club a Statewide non-profit Organization. With our help, they are interested in producing training programs, including youth evaluation shows involving numbers of subjects. Pres. Stoltz suggested that initially we should interview principals about this program, for airing by us + proceed

initially

from this point. Then future shows can be determined. This was agreeable.

Discussion ensued about our shows' contents being more universal, with a broader public appeal, since we now reach a larger audience.

Meeting adjourned at 10:00 Am.

Keeler - Bob Stoltz. (Guests - Bill Walker, Harvey Levin,
Conrad Hansen, Geo Rice - all of Pebble Creek.

Treasurers Report - Balance - $601.30
Motion made to approve - Lynn - 2nd Nona.

Bob S. reported that Dysart School Board has accepted the donation of Studio equipment. Dick will be in charge of dissembling & packing equipment Dysart will provide manpower & transportation. They have a room to install in theater building & this project is proceeding nicely.

A number of members have visited the Phoenix Studio in Glendale. It's a state of the arts studio & very nice. Those in charge (Barry Dobbs) have been very cooperative, as well as the Cox people. It seems we do the best access cable shows. - So we will start taping May 4th. - April 27th will be 2nd training session.

Further discussion about Dysart. It is a poor school district (money wise) Arizona has a program to donate up to $200 per pupil or if & when Dysart establishes a TV Program facilities are assumed by Dysart

Herb Smith reported that he has not edited the Westside Food Bank shot. - Feels it is not good enough to edit. -

We are now listed in the TV Section of programs.

The above mentioned guests were investigating a possible closed circuit Channel at Pebble Creek & were interested in our club as a whole

Ann Delo plans a cooking Show + a Sundome Performing Arts Show.

Since we are now shown throughout the Valley, members feel that we should broaden our subject matters

Lynn Reed hopes to do a show on the Freedom Foundation - in Studio

Hopefully a considerable amount of publicity will be generated regarding the Dysart matter, for the benefit of all parties, including a follow-up article in the Wester by Diane Holloway.

Shows for May are as follows

May 4th - 2 Sheriff shows
" 11th - Kush + Ineva
" 18th - Bob Turner - Rail

Monthly Meeting March 22, 1999

Meeting called to order by VP, Jan Rittmaster at 8:30 Am.

Those present: Bob Hart, John Jonas, Norm Horstmann Ralph Ventura, Ann Freeman, Jim Goodpasture, Ann Pelo, Vera Keller — minutes of Feb meeting recd + approved. —

Treasurer's Report - $752.80 — —

No Old Business

New Business: Discussed proceeded pertaining to Studio. - Bob Hart - Ralph + Norm had meeting with Dysart School authorities, excluding Jim Henry & Asst District Superintendent. They want to work with us. - + will bring matter up with their Board on March 24th — Possibilities look good.

Letter from Cox advised 1 - will disable Studio equipment — 2. We must arrange + provide transportation 3. Cox will sign legal deed — 4. Richard Byrd + Greg Merdick from Cox will furnish assistance to set up equipment, but we must coordinate.

Ralph reported that a working with Dysart could be advantageous to all. They might have studio available to us + have storage place. Plus, once established the state can give more help & grants to establish a School TV program.

Publicity for Cox for their part is good

Norm commented that the Phoenix Access Cable studio has a top notch studio. (Have B cameras, etc.) We can use it with "No Charge" to us. We must provide our own tapes Arrangements will be made to visit studio. We will probably tape shows on Tuesdays from 1:00 pm to 4:00

Ann Delo had a featured article in "Sun Life" Feb issue. - She would like to do a show - w/ Editor Jerry Svenson or Dick Kemp Editor

Also show w/ Maxie Kennedy about Sr Actors. Ann suggested we complete our pamphlet & also use similar context for publicity.

Ann Freeman has 2 Argaio Shows planned for May.

Norm advised we had no tapes & requested authority to purchase a supply. Can get Super VHS Tape at $3.00 - Motion made by Ralph to buy 50 tapes. 2nd by Vera - Motion approved.

Meeting called to order by Pres. Bob Stoltz at 8:40 Am

Those present: Lynn Reed, Bob Hart, Vera K., Jim Goodpasture, Ralph Ventura, John Jonas, Bob Stolz, Jan Ruttmastes, Mickey Hannan, —

Minutes of last meeting read. - Motion to accept - Lynn. 2nd - Bob Hart.

Treasurers Report. - Balance - $752.80.

Pres. Stoltz reported on meeting with Cox. Club represented by Stoltz, Ventaara, Norm H. & Bob Hart. Briefly - We can have all equipment at Studio. We have itemized list of all equipment. Tom Fallon & Greg Murdock from Cox advised - Public Access has fallen off - they make no money - We can have equipment for $1.00 - Must have place to locate it. - Cox owns the Studio building - so no hurry for decision. They will continue to air our shows on Sat - 1 hr. - 8:00 to 9:00 Am. probably for about 3 yrs. Channel 9 will become Cox Sports Channel. - Their Sales Dept. wants all of air time, but would like to keep us - public relation reason - We produce good shows

Possible leads for equipment Peoria School Dist They Have TV Studio - Dysart. —

Phoenix Access Cable has offered their Studio for us to produce shows. - At no charge - 33rd & Thomas (22W. Catalina Dr.)

Discuss about Peoria School — 1. They have no space, our equipment too old — + not sophisticated enough, they are technically ahead of us. — Lots of red tape —
Written report submitted by Bob Hart — Bottom line — Peoria not feasible. —

Meeting with Dysart School District & Jim Henry to be arranged. —

Bob Stoltz has our SVH tapes & Cox has enough for a months airing - We have shows in the offing — General opinion - pursue offer with Phoenix Access

Next meeting March 22nd.

OPENING REMARKS
SUNCITIES TV PRODUCTION CLUB MEETING 9/10/87

WELCOME TO THIS ORGANIZATIONAL MEETING OF THE SUNCITIES TV PRODUCTION CLUB.

ALTHOUGH MANY OF YOU MAY HAVE SEEN ~~VARIOUS~~ RECENT NEWSPAPER ARTICLES GIVING THE BACKGROUND LEADING UP TO THIS MORNING'S GET TOGETHER, LET ME GIVE YOU A SHORT HISTORY.

EARLY THIS YEAR AT A PORA MEETING, THE REPUBLIC CABLE GENERAL MANAGER INVITED THOSE PRESENT TO ASSIST IN ORGANIZING A TASK FORCE TO CREATE TELEVISION PROGRAMS SHOWCASING THE SUNCITIES, TO BE SHOWN ON ONE OF THEIR PUBLIC ACCESS CHANNELS. A FEW OF US TOOK UP THIS INVITATION AND ARRANGED FOR A COMMUNITY WIDE MEETING ON FEBRUARY 25 LAST TO DETERMINE COMMUNITY INTEREST. WE RECEIVED A FINE RESPONSE, ~~INCLUDING~~ INCLUDING A NUMBER OF VOLUNTEERS TO PARTICIPATE IN A ~~WORKSHOP ON CAMERA~~ COURSE ON CAMERA & OTHER OPERATIONS PROVIDED AT NO COST BY REPUBLIC CABLE. TO PROCEED WITH PROGRAM EFFORTS ~~A STEERING COMM~~ DESIGNED TO SHOWCASE THE SUNCITIES AND TO PROMOTE THE POSITIVE SIDE OF THE SUNCITIES A STEERING COMMITTEE WAS FORMED.

~~AS THE SUMMER HIATUS SETTLED IN~~ THE STEERING COMMITTEE HAD PUT TOGETHER SOME PILOT PROGRAMS AND WAS IN PROCESS OF DETERMINING APPROPRIATE OPENING SCENES, WHEN THE SUMMER HIATUS SET IN

AT THAT POINT, IT ALSO BECAME APPARENT THAT THE ONLY EFFECTIVE WAY TO ACCOMPLISH THE PROGRAM GOALS EARLIER MENTIONED WAS TO ~~SET UP A SUN CITIES TV~~ FORMALIZE OUR BEING BY ~~ORGANIZING~~ SETTING UP A SUN CITIES TV PRODUCTION CLUB. WITH BY LAWS, OFFICERS, ETC.. ~~OUR STEERING COMMITTEE~~

~~THE~~ BEFORE WE PROCEED WITH OUR ORGANIZING EFFORTS WHICH OUR HARD WORKING STEERING COMMITTEE MEMBER, AL SPANIER WILL PRESENT, MAY I TAKE A MOMENT TO RECOGNIZE OTHER STEERING COMMITTEE MEMBERS PRESENT. (TOTAL COMPLIMENT ARE BILL UNTCH, GEORGE HERZOG, MARTHA MOYER, MIKE HUGHES (NW VALLEY CHAMBER OF COMMERCE) JACK AHLMAN AND BILL MEYER, COMMUNITY PROGRAM DIRECTOR FOR REPUBLIC CABLE) AND OTHER DISTINGUISHED GUESTS. AND NOW MAY I PRESENT AL SPANIER WHO ALSO SINGLE HANDIOLY PUT TOGETHER SOME IMPORTANT FORMS HE WILL BE HANDING OUT.

Re: Sun Cities TV Production Club

Dear Mr. Hart:

Enclosed please find draft copy of the Articles of Incorporation and Certificate of Disclosure for the above-captioned Arizona Non-Profit Corporation. Please review this document carefully and then let me have your thoughts and comments. If it is satisfactory, I will arrange to send the file to our Sun City West office so that you and the three other incorporators can execute the documents.

Thank you.

Very truly yours,

Dave Mason

Mr. David J. Mason
Attorney at Law
10421 W. Coggins Dr.
Sun City Az. 85351

Dear Mr. Mason,

Per our recent phone conversation, below listed are the officers, and their addresses, of the Sun Cities TV Production Club.

President: Luis H. Urdang — 12603 Gable Drive
Sun City West, Az. 85375

Vice President: Robert A. Hart — 18035 129th Drive
Sun City West, Az. 85375

Treasurer: Kay A. Dusek — 11001 Palmeras Drive
Sun City, Az. 85373

Secretary: Ruth Welsh — 12709 Ballad Drive
Sun City West, Az. 85375

It is understood the above information will enable you to proceed with the filing of our Incorporated-Not for Profit Status form(s) with the State Corporation Commission. As you have advised the Federal IRS filing cannot be instituted until the state notice regulations have been complied with.

It is further understood that the cost of your services will remain as orginally agreed upon - namely filing fees $30, Attorney fees $100 to $150, Publication cost, three times in the Wester approximately $125, and Corporate Seal - 60.

We thank you for your assistance in this matter and will be looking forward to hearing further from you as the state filing is completed.

Sincerely,
Robert A. Hart
Vice President
Sun Cities TV Production Club

Annual Report Instruction Sheet

This instruction sheet contains information about the annual reporting process for corporations doing business in Arizona. Every corporation in Arizona must submit an Annual Report to the Corporations Division of the Arizona Corporation Commission once a year. This is the only notice and form you will receive. Corporations must use this Annual Report Form prescribed and furnished by the Arizona Corporation Commission. **No other form or format is allowed.** The Commission's computerized imaging system cannot work with other forms or formats. **IMPORTANT**: This Annual Report must be correctly filled out and submitted by the assigned due date or the corporation may have its authority and operating status revoked by the State of Arizona. According to A.R.S. §10-1622.F., penalties accrue on business corporation annual reports which are submitted late (after the due date). Use the check off boxes on this sheet as you complete the form.

The Corporation Commission has completed the form with information we have available regarding the corporation. Please verify each line. Strike out incorrect information by drawing a line through the incorrect data. Correct information should be legibly written above or to the side of the struck, incorrect information.

- ❒ **Section 1.** All corporations must state their name, address, zip code, domicile state, and type (e.g., nonprofit, business, sole, professional, business trust). Please list a business phone number.
- ❒ **Section 2.** All corporations must state the name and address of the current Statutory Agent for the corporation. Correct information about the Statutory Agent is vital to the legitimate authority and status of the corporation. The Statutory Agent **must not** use a P.O. Box. New Statutory Agents must consent to their appointment by signing the appropriate line. A corporation must amend their records at the Commission anytime the Statutory Agent is changed or whenever the Agent's designated mailing address changes.
- ❒ **Section 3.** Foreign (out-of-state/country) corporations must state their known place of business in this state and in the jurisdiction in which they are incorporated. List the primary address in Section 1, and the secondary address in Section 3.
- ❒ **Section 4.** All corporations must check the category that best describes the character of their corporation in the applicable business or nonprofit corporation area.
- ❒ **Section 5.** All business corporations must indicate the number of shares which they have authorized, the class and series. All business trusts must indicate the number of transferable certificates held by trustees.
- ❒ **Section 6.** All business corporations must indicate the list of applicable shareholders.
- ❒ **Section 7.** Please list all principal officers. All corporations must have at least **one** duly authorized officer.
- ❒ **Section 8.** Please list all directors. All corporations must have at least **one** director per A.R.S. §§10-803.A & 10-3803.A.
- ❒ **Section 9. All Nonprofit corporations** must file a financial disclosure statement. Nonprofit corporations meet their obligation by **attaching** one of the following documents: 1) Their most recent copy of Page 2, Form 99 filed with the Arizona Department of Revenue; OR 2) A copy of the corporation's Charitable Organization Financial Statement as filed with the Arizona Secretary of State pursuant to A.R.S. §44-6552; OR 3) A copy of the corporation's Treasurer's Report/Financial Statement prepared for the current fiscal year; OR 4) A copy of the financial statement prepared for the corporation's members; OR 5) A statement that the corporation conducted no business in Arizona in the past year. All other forms of corporations are exempt from filing a financial disclosure. **All Nonprofit Corporations** must also indicate whether or not the corporation has members.
- ❒ **Section 10.** All corporations must check either YES or NO in the Certificate of Disclosure. Those who check the "YES" box must supply the attachment required and explained in section 10.
- ❒ **Section 11.** All corporations must check either YES or NO in the Statement of Bankruptcy. Those who check the "YES" box must supply the attachment required and explained in section 11.
- ❒ **Section 12.** All corporations must read the declarations in this section. If they have complied, and if they have completed the Annual Report, then the applicable officer(s) listed in section 7 must acknowledge by signing the report. The signer(s) shall be at least one duly authorized officer.
- ❒ **Sign & Mail the Check and Annual Report.** Business corporations must send **$45**, Nonprofit corporations **$10**. Profit corporations are subject to penalties if their report is submitted after its assigned due date. Contact the Annual Report section at **602-542-3285 (Phoenix) or 520-628-6560 (Tucson)** or by FAX at **602-542-0082** for the penalty amount due.

Annual Report Instruction Sheet

This instruction sheet contains information about the annual reporting process for corporations doing business in Arizona. Every corporation in Arizona must submit an Annual Report to the Corporations Division of the Arizona Corporation Commission once a year. This is the only notice and form you will receive. Corporations must use this Annual Report Form prescribed and furnished by the Arizona Corporation Commission. **No other form or format is allowed.** The Commission's computerized imaging system cannot work with other forms or formats. **IMPORTANT**: This Annual Report must be correctly filled out and submitted by the assigned due date or the corporation may have its authority and operating status revoked by the State of Arizona. Use the check off boxes on this sheet as you complete the form.

The Corporation Commission has completed the form with information we have available regarding the corporation. Please verify each line. Strike out incorrect information by drawing a line through the incorrect data. Correct information should be legibly written above or to the side of the struck, incorrect information.

- ☐ **Section 1.** All corporations must state their name, address, zip code, domicile state, and type (e.g., nonprofit, business, sole, professional, business trust). Please list a business phone number.
- ☐ **Section 2.** All corporations must state the name and address of the current Statutory Agent for the corporation. Correct information about the Statutory Agent is vital to the legitimate authority and status of the corporation. The Statutory Agent **must not** use a P.O. Box. New Statutory Agents must consent to their appointment by signing the appropriate line. A corporation must amend their records at the Commission anytime the Statutory Agent is changed or whenever the Agent's designated mailing address changes.
- ☐ **Section 3.** Foreign (out-of-state/country) corporations must state their known place of business in this state and in the jurisdiction in which they are incorporated. List the primary address in Section 1, and the secondary address in Section 3.
- ☐ **Section 4.** All corporations must check the category that best describes the character of their corporation in the applicable business or nonprofit corporation area.
- ☐ **Section 5.** All business corporations must indicate the number of shares which they have authorized, the class and series. All business trusts must indicate the number of transferable certificates held by trustees.
- ☐ **Section 6.** All business corporations must indicate the list of applicable shareholders.
- ☐ **Section 7.** Please list all principal officers. All corporations must have at least **one** duly authorized officer.
- ☐ **Section 8.** Please list all directors. All corporations must have at least **one** director per A.R.S. §§10-803.A & 10-3803.A.
- ☐ **Section 9. All Nonprofit corporations** must file a financial disclosure statement. Nonprofit corporations meet their obligation by **attaching** one of the following documents: 1) Their most recent copy of Page 2, Form 99 filed with the Arizona Department of Revenue; OR 2) A copy of the corporation's Charitable Organization Financial Statement as filed with the Arizona Secretary of State pursuant to A.R.S. §44-6552; OR 3) A copy of the corporation's Treasurer's Report/Financial Statement prepared for the current fiscal year; OR 4) A copy of the financial statement prepared for the corporation's members; OR 5) A statement that the corporation conducted no business in Arizona in the past year. All other forms of corporations are exempt from filing a financial disclosure. **All Nonprofit Corporations** must also indicate whether or not the corporation has members.
- ☐ **Section 10.** All corporations must check either YES or NO in the Certificate of Disclosure. Those who check the "YES" box must supply the attachment required and explained in section 10.
- ☐ **Section 11.** All corporations must check either YES or NO in the Statement of Bankruptcy. Those who check the "YES" box must supply the attachment required and explained in section 11.
- ☐ **Section 12.** All corporations must read the declarations in this section. If they have complied, and if they have completed the Annual Report, then the applicable officer(s) listed in section 7 must acknowledge by signing the report. The signer(s) shall be at least one duly authorized officer.
- ☐ **Sign & Mail the Check and Annual Report.** Business corporations must send **$45**, Nonprofit corporations **$10**.

ATTENTION CORPORATE ANNUAL REPORT FILING CUSTOMERS

Please read ALL of these forms and use the checklist!

In an effort to serve you better, a number of changes are being implemented to improve the Annual Report process for Arizona Corporations. As a result of legislation that becomes effective in July 1997 (Arizona Fiscal Year 1998), the Arizona Corporation Commission's Corporations Division will implement a program to stagger the due dates of corporate Annual Reports evenly throughout the year. The new system will eliminate the excessively large April peak filing period that has created numerous problems and prevented the Corporations Division from operating in an efficient manner.

Additionally, the Annual Report will require a financial disclosure statement only from corporations that meet one of the following criteria: 1) The corporation is Nonprofit. 2) The corporation is a public service corporation (e.g., utility) as defined in Article XV, Section 2, Constitution of Arizona. 3) The corporation offers its stock for sale in transactions that are not exempt from sections 44-1841 and 44-1842 as prescribed in section 44-1844, subsection A. Paragraph 1. Therefore, if a corporation is nonprofit, or a public service corporation, or publicly traded it is subject to financial disclosure requirements. In this situation, the Annual Report due date will most likely not be affected, it will, in most cases, remain in the fourth month after the close of the corporation's fiscal year.

Most existing corporations will not be subject to these financial disclosure filing requirements. They will have a new Annual Report due date assigned to them by the Commission. The Commission will alphabetically, by corporation name, reassign due dates to existing corporations. This process will take place between July 1, 1997 and June 30, 1998. The due date for your corporation is the date that appears on the top, left-side of the front page of the Annual Report form that is attached to this letter. The corporation can expect this new due date (day and month) to be their permanent due date for future Annual Reports.

NOTICE: Corporations who have previously been granted an extension relating to an Annual Report originally due in Fiscal Year 1997 (July 1, 1996 - June 30, 1997), must still submit that outstanding Annual Report.

All of the changes mentioned above necessitated a revision of the Annual Report form. The Annual Report must be submitted on the preprinted form supplied by the Commission. Other forms are not compatible with our computerized imaging system. The new form has been improved to make it as "user friendly" as possible.

We would greatly appreciate your prompt completion and return of the Annual Report with the $45/profit or $10/nonprofit filing fee. Failure to correctly file your corporation's Annual Report will result in penalties and the possible administrative dissolution or revocation of the corporation.

REMEMBER TO SIGN THE FORM, DISCLOSURE CERTIFICATE, AND THE CHECK. Note that the new due date for the corporation's Annual Report is that which is printed on the top, left-side of the Annual Report form that is attached to this letter. Please adhere to the instructions/checklist found on page four of the Annual Report. Use only the original form.

The Annual Report Section will be happy to answer your questions at: phone # 602-542-3285, press 4.

ARIZONA CORPORATION COMMISSION:
Questions and Answers about the New Annual Report System for Corporations

1) **QUESTION: Why is the Annual Report system being changed? ANSWER: Two legislative bills (H2291 & H2531) were introduced and signed into law as a means of creating a more efficient and cost saving Annual Report system.** One new law eliminated the need to submit financial disclosures for most corporations. The other authorized the Commission to stagger the due dates to more evenly spread the reports across the course of the year. Additionally, the form has been revised to make it easier to use and to reduce the 50% error rate that had occurred in the past.

2) **QUESTION: My corporation paid in April. Now we are due again. Are we being overcharged? ANSWER: No. The Corporation Commission is not collecting fees twice from corporations.** We collect only one $45 profit/$10 nonprofit annual report fee *per year*. "Year" is the state of Arizona's fiscal year - July 1 thru June 30 --- 365 days. The new due date for an annual report for a corporation may be changed, but the time period for an annual report remains the same 12 months-----July 1 to June 30.

Example: *"BB & B Corporation"*. Under the *old system* their report was due April 15, 1997. Under the *new system* their report is due August 9, 1997. In the future, their report will be due every August 9. Therefore, under the *old system* the corporation made one payment on April 15, 1997 in FY96-97. It covered (paid for) a 365 day period. Under the *new system*, their one payment for the year will be due on their new due date (August 9, 1997) in FY97-98. It too will cover 365 days. The next year in the future, their payment will be on August 9th. Again, it will cover 365 days in FY98-99.

AMOUNT	DUE DATE	TIME PERIOD	NUMBER OF DAYS COVERED BY PAYMENT
$45	April 15, 1997	July 1, 1996 - June 30, 1997	365
$45	August 9, 1997	July 1, 1997 - June 30, 1998	365
$45	August 9, 1998	July 1, 1998 - June 30, 1999	365

Remember, the current annual report filing fee of $45.00 profit/$10 nonprofit is for a period from July 1, 1997 to June 30, 1998. The annual filing fee covers the same July to June period regardless of the actual date the report is filed and the fee is paid. No proration was necessary because ALL Arizona corporations were assigned only one due date within the period between July 1, 1997 and June 30, 1998. This is the only payment option as the Arizona Legislature has never appropriated funding for prorated billing of annual reports.

3) **QUESTION: Are financial disclosures still required? ANSWER: Most profit corporations no longer need to submit a financial disclosure.** Only those corporations that are publicly traded, public service, or nonprofit must file financial disclosure forms. Instructions about what types of financial disclosure are acceptable are found on page four, section 9 of the Annual Report. It should also be noted that for the purposes of the Corporation Commission, a corporation's own fiscal year is not relevant if they are no longer required to file a financial disclosure.

4) **QUESTION: WHY CAN'T I USE MY OWN FORM? ANSWER: Pursuant to §§ 10-121.A. and 10-2545.A, Annual Reports, "*...shall be made on the forms that are prescribed and furnished by the commission.*"** Other forms will not work with our computerized imaging system. And next year, when the bar-code system is implemented, the public will not be able to produce the necessary bar coding. In the past, when the Division tried allowing privately generated forms, too many instances occurred where the public was illegally manipulating the verbiage on the forms (via various omissions and unauthorized changes). Staff was forced to scrutinize the privately generated Annual Report form word-by-word looking for illegal substitutions or additions. Incomplete reports were running at over 50%. The errors, problems and delays resulting from the private forms were enormous. The public was poorly served. By the time the reports were finally updated and put into the system, the public record was often over a year behind or the corporation had already been revoked. Recent audits of the Corporations Division sited non-commission forms as a major problem and suggested their elimination. Furthermore, the commission preprints the majority of the information required of the corporation on the form using blue ink (for the corporation information) on a black and white form. This system allows corporations to verify commission records and make changes as necessary. Adjustments to the form are readily apparent. Privately generated forms do not offer the same advantage because corporations cannot verify the information on file at the commission. Additionally, the funding from the legislature for the Corporations Division is not sufficient to implement another form of electronic filing at this time. Extra copies of the annual report form are available. They can be picked up, mailed or faxed to corporations.

SUN CITIES TV PRODUCTION CLUB

Arizona Non-Profit Corporation

We, the undersigned, incorporators and initial Board of Directors, have associated ourselves together for the purpose of establishing a non-profit corporation under the laws of the State of Arizona, to be called "SUN CITIES TV PRODUCTION CLUB." OK DBMF We hereby adopt and approve the following Articles of Incorporation for the corporation:

ARTICLE ONE - NAME

The name of the corporation shall be "SUN CITIES TV PRODUCTION CLUB."

ARTICLE TWO - DURATION

The duration of this corporation shall commence at the time of the filing of these Articles by the Arizona Corporation Commission and shall be perpetual from that day forward.

ARTICLE THREE - PURPOSES OF CORPORATION

The purposes of this corporation include conducting any and all lawful affairs for which corporations may be incorporated under the laws of the State of Arizona, as amended from time to time. Notwithstanding this or any other provision of these Articles, however, the corporation shall not conduct or carry on any activity not permitted to be conducted or carried on by tax exempt organizations, as provided for by the provisions of the Internal Revenue Code and the Regulations promulgated thereunder, as they now

exist or may be amended from time to time.

Said corporation is organized exclusively for charitable, religious, educational, and scientific purposes, including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code.

ARTICLE FOUR - INITIAL CHARACTER OF CORPORATION

The corporation's purpose is to produce and air television programs for and about the people of the Sun Cities and neighboring communities, their lifestyle, and their activities, and to distribute these programs to cable television networks and/or public broadcasting television stations.

ARTICLE FIVE - LIMITATIONS AND DISSOLUTION

No part of the net earnings of the corporation shall inure to the benefit of, or be distributable to its members, trustees, officers, or other private persons, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article Three hereof. No substantial part of the activities of the corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office.

Notwithstanding any other provision of these Articles, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from Federal Income Tax under Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code.

Upon the dissolution of the corporation, assets shall be distributed for one or more exempt purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code, or shall be distributed to the Federal Government, or to a State or local government, for a public purpose. Any such assets not so distributed of shall be disposed of by the Court of Common Pleas of the County in which the principal office of the corporation is then located, exclusively for such purposes or to such organization or organizations as said Court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE SIX - STATUTORY AGENT

The statutory agent shall be DAVID J. MASON, 10421 West Coggins Drive, Sun City, Arizona 85351 who qualifies to serve as statutory agent under A.R.S. 10-1008.

ARTICLE SEVEN - INCORPORATORS AND INITIAL DIRECTORS

The undersigned four persons are the incorporators who shall

also serve as the initial Executive Committee until our successors are elected and qualify.

Re: Annual Report & Certificate of Disclosure

Dear Mr. Hart:

As you may be aware, David J. Mason is no longer practicing law. Our firm is now occupying his former offices and is the custodian of his files.

We are in receipt of the enclosed Arizona Corporation Commission Annual Report & Certificate of Disclosure form for the Sun Cities TV Production Club which must be completed and filed with the Arizona Corporation Commission on or before April 15, 1994.

The Annual Report form shows Mr. Mason as the Statutory Agent for this corporation. A review of the file does not indicate that this appointment has been revoked since the inception of the corporation in 1990.

At this time, the Corporation may wish to designate another Statutory Agent. If you would like to discuss this matter with me, please do not hesitate to contact me. Thank you.

Very truly yours,

HADLEY, POACH & ANDERSON, P.C.

The purposes of this corporation include conducting any and all lawful affairs for which corporations may be incorporated under the laws of the State of Arizona, as amended from time to time. Notwithstanding this or any other provision of these Articles, however, the corporation shall not conduct or carry on any activity not permitted to be conducted or carried on by tax exempt organizations, as provided for by the provisions of the Internal Revenue Code and the Regulations promulgated thereunder, as they now

exist or may be amended from time to time.

Said corporation is organized exclusively for charitable, religious, educational, and scientific purposes, including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code.

ARTICLE FOUR - INITIAL CHARACTER OF CORPORATION

The corporation's purpose is to produce and air television programs for and about the people of the Sun Cities and neighboring communities, their lifestyle, and their activities, and to distribute these programs to cable television networks and/or public broadcasting television stations.

ARTICLE FIVE - LIMITATIONS AND DISSOLUTION

No part of the net earnings of the corporation shall inure to the benefit of, or be distributable to its members, trustees, officers, or other private persons, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article Three hereof. No substantial part of the activities of the corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office.

Notwithstanding any other provision of these Articles, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from Federal Income Tax under Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code.

Upon the dissolution of the corporation, assets shall be distributed for one or more exempt purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code, or shall be distributed to the Federal Government, or to a State or local government, for a public purpose. Any such assets not so distributed of shall be disposed of by the Court of Common Pleas of the County in which the principal office of the corporation is then located, exclusively for such purposes or to such organization or organizations as said Court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE SIX - STATUTORY AGENT

The statutory agent shall be DAVID J. MASON, 10421 West Coggins Drive, Sun City, Arizona 85351 who qualifies to serve as statutory agent under A.R.S. 10-1008.

ARTICLE SEVEN - INCORPORATORS AND INITIAL DIRECTORS

SUN CITIES TV PRODUCTION CLUB

Arizona Non-Profit Corporation

We, the undersigned, incorporators and initial Board of Directors, have associated ourselves together for the purpose of establishing a non-profit corporation under the laws of the State of Arizona, to be called "SUN CITIES TV PRODUCTION CLUB." We hereby adopt and approve the following Articles of Incorporation for the corporation:

ARTICLE ONE - NAME

The name of the corporation shall be "SUN CITIES TV PRODUCTION CLUB."

ARTICLE TWO - DURATION

The duration of this corporation shall commence at the time of the filing of these Articles by the Arizona Corporation Commission and shall be perpetual from that day forward.

ARTICLE THREE - PURPOSES OF CORPORATION

The purposes of this corporation include conducting any and all lawful affairs for which corporations may be incorporated under the laws of the State of Arizona, as amended from time to time. Notwithstanding this or any other provision of these Articles, however, the corporation shall not conduct or carry on any activity not permitted to be conducted or carried on by tax exempt organizations, as provided for by the provisions of the Internal Revenue Code and the Regulations promulgated thereunder, as they now

exist or may be amended from time to time.

Said corporation is organized exclusively for charitable, religious, educational, and scientific purposes, including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code, or corresponding Section of any future Federal Tax Code.

ARTICLE FOUR - INITIAL CHARACTER OF CORPORATION

The corporation's purpose is to produce and air television programs for and about the people of the Sun Cities and neighboring communities, their lifestyle, and their activities, and to distribute these programs to cable television networks and/or public broadcasting television stations.

Dear Mr. Hart:

I have enclosed the original Annual Report and Certificate of Disclosure which I have received from the Arizona Corporation Commission. Your corporation is required to file this form with the Corporation Commission on or before April 15, 1993.

You should complete Sections B through J as they apply.

Section B is only used to make changes to the information already printed in Section A.

Sections C and D require the same information as is set forth in the Articles of Incorporation.

Section E requires the names of stockholders who hold more than 20% of the issued stock. It is not required that the Statutory Agent sign on page 2 unless a new Statutory Agent is being appointed.

Sections F and G require information on the officers and directors.

Section H is completed with information from the corporation's federal tax return. You will probably need the assistance of your accountant to complete this section.

In Section I, place the corporation name at the upper right corner of the page. You will probably place an "X" in the box to the left of "NO".

The form must be signed by the officers listed in Section F.

After completion, the form should be sent to the Corporation Commission along with a check for $10.00. Failure to file this form can result in the corporation's Articles of Incorporation being revoked.

Be sure to make a copy of the completed form for the corporate records.

If I can be of assistance in completing the form, let me know.

Very truly yours,

David J. Mason

November I, 2001

Dear Norm,

I am going to try to print this on irregular sized paper! Just talked with Jan and asked her if you still had dues. Therefore, I am sending this check for $5.00 for I will be doing a cooking show January 22, 2002 with a "girl" chef. Her name is Renee Ellis. Later on I will have the information for the slides. Jan is going to send me a list of the crew I am to call for this.

I have missed all of you and look forward to a fun afternoon at the studio.

All the best to all of you.

Sincerely,

Anne Delo

Dear Fifth Third Bank Customer:

We are pleased to announce that in April Marshall & Ilsley Corporation (M&I) and Fifth Third Bank, Southwest, F.S.B. (Fifth Third) signed a purchase and assumption agreement for M&I to acquire the branches of Fifth Third. M&I Corporation has provided outstanding service to Arizona customers for more than 35 years, and Wisconsin customers for more than 150 years. It is our pleasure to welcome you to the M&I family.

Today, you receive excellent service and quality accounts and services from Fifth Third. We want you to know that as an M&I customer, this will continue. Plus, you will enjoy a greater range of outstanding products (including expanded Trust and Brokerage Services), as well as increased banking convenience.

In addition to the locations you use today, you will soon be able to bank at 14 additional branches and Automatic Teller Machines in the metro Phoenix area and in Tucson. You will continue to have access to your accounts online, and bank by phone 7 days a week, 24 hours a day through a special customer service line staffed by professional bankers.

For now, please continue to bank at your usual branch. We expect to transfer your accounts to M&I in September of this year. Your additional banking locations and services will become available at that time.

We value your banking relationship, and look forward to continuing to serve you. We are working together to ensure a smooth transition, and we will keep you informed along the way.

Sincerely,

William A. Robert

SUN CITIES TELEVISION PRODUCTION CLUB
A Non-Profit Organization

Nominee: Sun Cities TV Production Club

History of the Sun Cities TV Production Club
and its role as stimulator of Education and
Community Service Concerns within the West Maricopa County.

Before describing the uniqueness of the Sun Cities TV Production Club, it is appropriate to first bring to attention the meaning of Public Access Cable TV, of which the Club is a part.

Public Access, as provided by the Federal Cable Communications Policy Act of 1984, allows non-profit groups and individuals within a community to speak to their fellow citizens about issues of importance as well as expressing their own creativity.

Public Access has often been called an electronic "soapbox."

9/10/91 When back in 1987 the General Manager of the then Northwest Valley Republic Cable offered the opportunity to produce Public Access programs (after appropriate training) the offer was warmly accepted and the Sun Cities TV Production Club was born.

The included Exhibit I outlines the beginning goals and general programming to enhance the image of the Sun Cities. The Club has expanded its coverage to take in the important social and other concerns within the entire West Maricopa County.

The Club is unique in that it consists of all Senior Citizen volunteers, approximately twenty-five in number, who, after training provided by Dimension Cable, perform all production functions such as camera, lighting, audio, graphics, etc., along with directing and producer functions. Every effort is made to provide a variety of programming reaching out to all age groups. Examples are shown below of some of the past and present programs of special attraction:

Westmarc-___ How to Improve West Side Image

Transportation Concerns of the Northwest Valley

Gangs Impact on Society

West Side Coalition & Addiction Talks

Habitat for Humanity

Education Reform

Meet your Commanders___Sun Cities Posse

Riding the Rails in the 90's___ Arizona Rail Passenger Association

Talk with Teens___Two Graduating Seniors

"Who's in Government"___ with Bill Gruver

Breaking the Alzheimer Problem

Egyptian Echoes___Sun Cities Art Museum

Auto Depot___El Mirage

Sun Health___Navigating the way to Health Reform

Political Programming:___

Primary Candidates for Supt. of Public Instruction

Primary Candidates for Legislative Districts 15, 17, & 19

Samples of additional programs are shown in included Exhibit II. Also included are copies of past newspaper articles commending the Club and its programming (Exhibits III & IV).

The Club is committed to the continuance of high quality public access programming of education and community service content planned to enhance the image of West Maricopa County.

SUMMARY OF MEETING AT PEORIA UNITED SCHOOL DISTRICT HEADQUARTERS CENTER ON WEDNESDAY, FEB 17, 1999 - 8:00 AM

PRESENT

REPRESENTING SCHOOL DISTRICT - HENRY STABLER - DIRECTOR OF TECHNOLOGY
ANDRE LICARDO - ASST.

REPRESENTING
SUN CITIES SUN CITIES TO PRODUCTION CLUB - BOB HART, NORMAN HORSTMANN, JAN RITTMASTER, RALPH VENTURA

DISCUSSION REVOLVED AROUND POSSIBILITY OF THE TV CLUB FORMING A PARTNERSHIP WITH THE SCHOOL DISTRICT WHEREBY THE COX GLENDALE STUDIO EQUIPMENT, AVAILABLE TO THE TV CLUB, WOULD BE UTILIZED AS FOLLOWS:

1. TEMPORARY STORAGE OF COX EQUIPMENT ON SCHOOL DISTRICT PROPERTY
2. AS HIGH SCHOOL VIDEO CLASSES ARE BEGUN, THE COX EQUIPMENT WOULD BE USED IN STUDENT TRAINING CLASSES
3. TV CLUB WOULD HAVE ACCESS TO THE COX TRANSFERRED EQUIPMENT TO PRODUCE WEEKLY CABLE SHOWS.

ACCORDING TO MESSRS. STABLER AND LICARDO, THE FOLLOWING BARRIERS TO ABOVE WOULD EXIST:

1. THE TRANSFERRED EQUIPMENT, BEING 10 OR MORE YEARS OLD, WOULD BE SUSCEPTABLE TO "WEAR & TEAR", WHEN REGULARLY USED BY CLASS STUDENTS, BRINGING ABOUT MAINTENANCE COSTS DIFFICULT TO HAVE APPROVED.
2. WITH EXPECTED NEED FOR ADDITIONAL CLASS ROOM SPACE, DUE TO CURRENT CROWING SCHOOL POPULATIONS, IT COULD BE POSSIBLE THAT VIDEO SPACE WOULD BE PRE-EMTED FOR OTHER NEEDS

THE BARRIES OUTLINED ABOVE INDICATED THAT THE POSSIBLE CONNECTION WITH PEORIA UNIFIED SCHOOL DISTRICT WOULD NOT WORK OUT. THE SCHOOL DISTRICT REPRESENTATIVES SUGGESTED WE CHECK OUT POSSIBILITY OF LIAISON CONNECTION WITH GLENDALE COMMUNITY COLLEGE AND/OR PVSHAT SCHOOL SYSTEM.

RE: Concept for Series Entitled - Words of Wisdom from Women Over Seventy-Five
or Women's Words of Wisdom or Women With Wisdom

Premise: Women over 75 have lived through the time of greatest change for women since the beginning of history. They were born into a time of long skirts, no vote, no right to hold public office, and for many, no right to choose their own destiny. They have seen all of that change.

Concept: Interviews with women over 75 with the purpose of asking questions so that they can share their wisdom and give us an idea of what it has been like to go through so much change during the 20th century.

These interviews should provide entertainment, wisdom for the future, and a record of first hand knowledge of the events that changed history for all and especially for women. It would have documentary value as well as entertainment value. The program would have some biographical qualities, but would be more of a viewpoint series.

Moderator: Joanna Conde

Guests: The criteria for the guest would be:

- Women 75 and over;
- Must have had a career or significant avocation;
- Must be able to communicate well (twinkle in the eye, sense of humor, talkative, interest in sharing their lives and insight).

Sometimes there would be only one guest, other time perhaps a panel.

Some possible careers these women would have had: nurses, doctors, teachers, politicians, Ziegfield follies, secretaries, business owners, lawyers, farmers.

I would choose the guests, interview them and prepare them prior to taping so that they would be prepared and feel comfortable.

Format:

- Introduction
- First questions about background and early life
- Questions suited to the individual guest.
- Final words of wisdom.

Possible topics:

- Children & Parents
- World War II
- What have they learned from the past
- Men
- The Vietnam War
- What do they see for the future
- The Roaring Twenties
- How to Age Gracefully
- What are the constants in life
- The Depression
- Secrets to Happiness
- Their plans for the future

Thank you for your consideration.

Joanna

Dear Mr. Hart:

Since your term has expired, I am writing to express my sincerest thanks to you for having served as a member of the City of Phoenix Ad Hoc Public Access Management Citizens Committee.

Citizen advisors play a critical part in making government work. The City Council and I are grateful for the volunteer service that you rendered to help formulate policies and programs regarding a major issue in our community.

I hope that your participation in City government has been a rewarding experience. I encourge you to continue to provide vital citizen input regarding City matters.

Once again, thank you for sharing your time, talent and expertise for the betterment of Phoenix.

Sincerely,

Paul Johnson

Dear Mayor Johnson,

On April 3, 1991, I was appointed as a member of the Ad Hoc Public Access Management Committee, which on May 26, 1992 submitted it's final report to the council sub-committee on Ethics and Governance. I found my attendance at the eleven full committee and eight sub-committee meetings to be a rewarding experience.

It is understood that at the August 25, 1992 council meeting, at which the public access management issue was decided on, there was also acceptance of sub-committee recommendations for appointment of a new citizen's committee to review a public in put program.

I am interested in being considered for service on the aforementioned citizens' committee. I believe my previous service with the ad hoc committee just dissolved, plus my for year leadership with the Sun Cities TV Production Club, which produces and airs weekly public access programs at Dimension's Glendale studio, will enable me to make a significant contribution to the work of this committee.

At your convenience, I would like to know if my interest in serving on the new citizen's committee receives a favorable response.

Sincerely,

Robert A. Hart

Dear Herb,

On behalf of the Sun Cities TV Production Club, thank you for the recent article in the Northwest Valley Community Section of your paper spotlighting our Club.

We have all been pleasantly surprised at the response received from friends & neighbors who read it. Also, we, along with our Mr. Bob Hart appreciated your mention of his activities with the club in a later column.

Again, it was our pleasure to meet you & I, for one, will keep reading your informative contributions in the Repubic publication.

January, 1996

A belated Happy New Year to one & all. Looking back at the "old year", we can be satisfied with the variety of shows successfully produced. Not only for their subject matters, but, also, for quality, as expressed by one of our former members, Ruth Welsh. We can be especially pleased with a number of remotes produced by Ann Freeman and hosted by Lynn Reed. Among them were two shows at Lake Pleasant, Arizona Boys Ranch, the new SC Animal Shelter and the SC Veterans' Clinic. These remotes allow interested members to become more proficient in editing, graphics, outdoor audio & lighting, plus solving unforeseen problems that may occur during these outings. Ralph Ventura, Lydia Pokrass and Bob Stolz are doing most of our editing, with Norm Horstmann & Virg. Freeman in training. Anyone can volunteer.

Our monthly show "Eye To Eye With Arpaio" (also produced by Ann F.) has received a few audience responses, mostly favorable to our amiable Sheriff, which tells us "someone" is watching. The Valley Citizen's League show, produced & hosted by Bart Turner is proving to be very topical & informative. A recent show spotlighted County Att'y Richard Romley & Youth and our Courts. More recently, we interviewed Cox Cable's VP & PR man, Ivan Johnson, who gave us the low-down on access cable & its' future. Very interesting. Also, Ann Delo hosted a "dos & don'ts"auto show & has plans for another, plus a cooking show. So those are just samples of some productions to date.

You may have noticed a change in our air time, recently, 4:00 - 6:00 pm. Cox tells us "first come - first served". Thanks to Bob Hart and/or Ralph Ventura, they are usually successful in getting the Grid we prefer, which we have at this time - 5:00 - 7:00 pm. This takes time and effort beyond the call of duty on their part. -- Still - watch your local newspaper to check air times. AZ Republic, Westc Daily News Sun & Independent. Which brings me to the super article about us in the Republic. Many Sun Citians read it & it was one of our better media exposures in a long time. Again, thanks to Bob Hart for his tenacity in obtaining this publicity.

Our membership is pretty much holding its'own. A reminder,tho.---- dues are due.

An independent company has been given the contract to control the airing of <u>access cable</u> shows (and the production of same) in Phoenix. This means our shows will probably not be seen anymore in that area. Cox will not be involved in access cable programs there. After attending a recent meeting, setting forth policies etc., we feel we maybe rather fortunate to be in our area under the guiding hand of Cox.

Please remember any member & guests are welcome to attend show tapings. Glendale Studios , 3322 Glendale Blvd - Tuesdays 11:00 am - 2:00 pm . Also monthly open meetings - first Tuesday of each month - 9:05 am at World Bank - R. H. Johnson Blvd & Camino del Sol.

Meanwhile -- upward and onward.

As Ever,

Vera Keeler - Pres.

PROFILE - Sun Cities T. V. Production Club

Lights ! Cameras ! And plenty of action !!!

From lighting and filming tp hosting and editing, the Sun Cities T V Club does it all.

Founded in 1987 by Robert Hart and George Herzog, this diligent group of Senior Citizens produces T V programs for public access cable, aired throughout the Valley on Channel 9, each Saturday, 8:00 a.m. to 9:00 a.m. Originally organized to "showcase" Senior Citizen's activities, recent programs have broadened to encompass a wide variety of subjects meant to appeal to any age group.

Two new shows are taped each Tuesday, which allows the Club to air timely programs. Members, also, film two shows each month with Sheriff Joe Arpaio, hosted by Lynn Reed. These shows are particular favorites for members and, hopefully interesting to the viewer. "They are informative and focus on aspects of the Sheriff's department many people don't know about", stated Bob Stoltz, President.

Political matters are covered by the Series "Northwest Valley Speaks" hosted by Bart Turner. Other series, hosted by Ann Delo and Jan Rittmaster cover a myriad of topics.

The Club welcomes new members, who need not have a background or previous experience in T V Production. They are trained on professional equipment at the Glendale Studio and learn all phases of producing a T V show.

Members meet the last Monday of each month at the Fifth Third Bank, Sun City West at 8:30 a.m. Meetings are open to guests and prospective members.

Dear Dr. Marcus,

Unfortunately I have been so preoccupied with running the Phoenix office of The American Jewish Committee, that I have not been able to be in touch with you, or the Archives.

This past Thanksgiving, however, it was my pleasure and honor to be invited to deliver the Thanksgiving Address at the "world's largest interfaith Thanksgiving Service," held in the Arizona State University SUNDOME, which seats 7,200 in the audience. Approximately six thousand attended.

In that regard, I received the attached information about MR. ROBERT A. HART of Sun City West who informed me that it was he who created this special interfaith service (brochures and releases attached). I thought that this was worthy of the Archives.

Since we last communicated, we have been in Phoenix for two years and my inter-religious, and inter-ethnic involvements have been most exciting. Additionally, I have been appointed by the Mayor to serve a 3-year term on the City of Phoenix Human Relations Commission. I'm also serving on the Executive Board of the Hispanic/Jewish Coalition and the Arizona Consortium on Education (which is located at Northern Arizona University in Flagstaff).

My family is fine. Helen is working for the Avon Corporation as a sales representative and Miriam is now beginning her musical career playing the flute, while Aaron began first grade this past September. We've affiliated with Temple Chai and Rabbi William C. Berk, who is a wonderfully sincere teacher.

Wishing you well, I send warm regards from the Valley of the Sun and Greetings for Chanuka!

Sincerely,

Rabbi Robert L. Kravitz

Dear Rabbi Kravitz

In one of the many admirers of ANC, and your excellent work on their behalf, that is looking forward to your appearance at this coming Thursdays Thanksgiving Service at the Sundome

As an introduction to you, my wife Martha and I are transplants from the Chicago area, having been in Sun City West since 1981. I've been active at Temple Beth Shalom as a past officer and present Publicity Chairman. One of our two sons, Rabbi Stephen Hart is Asst. to Rabbi Herbert Brostein at North Shore Congregation Israelite Glencoe Ill

Martha had the pleasure of hearing you at recent Beth Shalom program and I believe briefly spoke with you. I've had to admire you from afar. Being a local ANC member I receive notices of the many fine programs available, but so far haven't been able to make any of them. Nevertheless I have a vital concern for the Hispanic-Black relationship (perhaps because of living adjacent to El Mirage & Surprise Communities). I'm hopeful you may be able to see that I can be placed on the Committee working in this field

Now to the main purpose of this letter. Even tho at this late date, I wanted you to be aware of the history of the Thanksgiving Services you are participating in. Included are copies of materials showing my role in suggesting possibility of this service, including acting as Publicity Chairman for the first service in 1983. Unfortunately, Rev. Ross, for reasons best known to himself, fails to mention to the Press or otherwise, my role in the history of this service

In addition, I have without success, been attempting

ROBERT A. HART

to have at least one hymn from the Jewish tradition included in the Inter-faith service. (Did manage to get "Yidal" in 1983. I obtained several months ago some suggested hymns from the UAHC Commission on Synagogue music but the new Choral director, Gail Ilgat advised me it was too late for consideration by himself and Rev Leslie Rees. I have not given up and intend to pursue this further for next year.

I've presented the above and attachments for your general information. Since I'm also singing in the combined Thanksgiving service choir will be rooting for you behind the lectern.

Sincerely
Robert A. Hart

SUN CITIES TELEVISION PRODUCTION CLUB
A Non-Profit Organization

Post Office Box 1836
Sun City, Arizona 85372

TO: Production Teams
FROM: Sun Cities TV Production Club Board of Director
RE: Resources and Topics
DATE: 2/9/88

These gentlemen will serve as resources to your production team:

Mr. Al Spanjer
12411 Coronet Dr.
SCW, Az 85375
Telephone: 584-3988

Mr. Joseph M. Byrne
13744 Aleppo Dr.,
SCW, AZ 85375
Telephone: 584-6923

GOAL

Our primary goal is to gain an audience with programs that are interesting and thought-provoking. This can be achieved with programs that are uncomplicated in both format and production.

TOPICS

We need a production team for each of the following topics:

1. Local health and human needs concerns.
2. -Transportation Concerns of Sun City.
3. The 45 year age limit.
4. Incorporation: Pros and Cons.
5. Short Interviews: Exciting, Interesting People.

These programs may be shown in a magazine-type format depending upon length of program.

The following topics have already been assigned to a production team:

1. Del Webb - The Man: Al Spanjer
2. Symphony Conductors: Joe Byrnes
3. Community Services: Jim Pryor
4. Senior Olympics: Ann Kirk

PRODUCTION TEAM

The production team is made up of the producer, director, associate director and floor/stage manager. "Job Descriptions" are attached for your review.

January 25, 1988

PRODUCER

Webster defines a producer as, "One who produces goods and services: opposed to consumer." Webster's third definition is, "A person in charge of the financing and co-ordination of all activities in connection with the production of a play, motion picture, etc."

With the exception of being in charge of the financing, in our case the producer is responsible for the entire video production - from the planning and writing of the script to the final production and editing. The producer will be assisted by one or more Associate Producers.

A Breakdown of Producer's Activities

I PRE-PRODUCTION
- A. Develop Program Concept
- B. Co-ordinate with Program's Director
- C. Work with Writer(s) on Script
- D. Approve Director's Approach, Light and Set Design
- E. Supervise and Co-ordinate all Pre-Production Planning

II SET-UP AND REHEARSAL
- A. Supervise Overall Production Activities
- B. Watch Rehearsals Making Notes for Changes/Improvements
- C. Approve Last Minute Changes as They Arise

III PRODUCTION (TAPING)
- A. As Needed, Aid Director as to Which "Takes" Are Usable

IV POST-PRODUCTION
- A. Approve Final Edited Version
- B. Work With Station on "Promos" and Publicity
- C. Evaluate Program to See if it Met Our Objectives

January 25, 1988

DIRECTOR

The Director takes the completed, approved, final script and translates it to a video program. The Director joins the Producer and Writer(s) in readying the final version of the script.

The Director is the authority in the Control Room and the Studio. Working with the Technical Director, he co-ordinates the operation of the Technical Crew (Cameramen, Studio Microphone Operator, Audio Console Operator, Tape Recording Operator).

The Director's position is very complex and demanding, requiring the ability to co-ordinate a tremendous number of different operations, often simultaneously. The Director must watch several different camera shots; selecting the camera which goes on the air; alert the other cameramen as to what their upcoming shots will be. In many situations, particularly in complex productions, the Director will be working with an Associate Director.

The Director also cues music at the starting and ending of the program and elswhere as needed; cues the talent through the Floor/Stage Manager. The Director approves all art, graphic, and lighting designs making certain that what is created agrees with the Producer's production concept.

A Breakdown of Director's Activities

I PRE-PRODUCTION
- A. Participate in All Pre-Production Meetings
- B. Work with Producer and Writer(s) in Script Development
- C. Establish the Production Approach With Producer
- D. Consult With Lighting Director, Set Designer and Engineer: Approve Their Designs
- E. Cast Performers (Talent)
- F. Plan Camera Shots

II SET-UP AND REHEARSAL
- A. Rehearse Performers (Talent)
- B. Rehearse Camera Shots
- C. Integrate All Production Elements Into a Co-ordinated Show

III PRODUCTION (TAPING)
- A. Proceed as Planned

IV POST-PRODUCTION
- A. Supervise Editing

January 25, 1988

ASSOCIATE DIRECTOR

The Associate Director, commonly referred to as the "AD" (Ay-Dee) aids the Director by readying Talent, Cameras, Tape roll cues, Audio Operator cues, and by alerting other members of the Production Team to upcoming moves. The AD must keep careful track of the time for each program segment and for the overall production, seeing to it that the program runs the prescribed length and ends on time.

Associate Director Activities

In all phases:

- Pre-Production
- Set-Up and Rehearsal
- Production (Taping)
- Post-Production

ASSIST the Director in Every Possible Manner

January 25, 1988

FLOOR/STAGE MANAGER

The Floor or Stage Manager terms are interchangeable. The duties require that person be vested with the responsibility for all operations on the floor (studio floor). He or she is the voice, eyes, and ears of the Director by relaying cues to talent and alerting the Director of problems from the floor.

The Floor/Stage Manager will have someone (stage hand) secure any items needed on the floor for taping. For example: easels, cardboard for mounting pictures, cue cards, etc.

Floor/Stage Manager Activities

I PRE-PRODUCTION

Not Required to Attend Meetings

II SET-UP AND REHEARSAL

A. Responsible for All Activities on Studio Floor
B. Assign Talent Waiting Areas
C. Serves as Director's Voice During Rehearsal and Production
D. Oversees Prop and Wardrobe People
E. Cues Talent as Indicated by Director

III PRODUCTION (TAPING)

A. Relays Cues From Director to Talent
B. Oversees Prop and Wardrobe People
C. Clears Studio After Taping Seeing That all Sets, Props, Cards, etc. are Returned to Proper Places

IV POST-PRODUCTION

Not Required in This Phase

BASIC PRODUCTION CREW POSITIONS

1) Executive Producer: Responsible for authorizing the production of a show, and establishing the budget or money for the production. He/She sometimes assigns the Producer or Director.

2) Producer: Responsible for the success or failure of the production. He/She may originate the idea or write the script. He/She must give the Director a clear idea on program objectives and how the program is to be aproached.

3) Director: He/She impliments the Producer's ideas, assigns tasks to the crew, plans set design, shooting locations, camera angles, staging, lights, and audio and video requirements. The Director must be sensitive to the Producer's suggestions.

4) Assistant Director/Production Assistant; Helps the Director, coordinates talent, sets up prop locations, and performs special aspects of the production. He/She is the hands of the Director.

5) Camera Operator: Responsible for framing the shots and composing the shots according to the Director's commands. He may double as Floor Manager in some instances where there is a shortage of crew members.

6) Floor Manager: He/She is the eyes and ears of the Director on the studio floor. He/She gives cues and sets props.

7) Lighting Director: Responsible for placing lights to create the mood.

8) Audio: Selects mics, sets levels on the audio mixer and monitors the sound throughout the program.

9) VTR Operator: Responsible for the set-up of the Video Tape Recorders. He/She makes sure video and audio levels are set, and records the program.

10) Video Engineer: Before productions, He/She checks all of the equipment. The Video Engineer maintains the equipment when it is not in use, and balances the cameras.

11) Script Writer: He/She interprets program objectives within the limitations of the media.

12) Graphic Artist: Designs all graphics

13) Projectionist: Deals with slides and film inserts.

14) CG Operator: Responsible for programming the Character Generator.

PUBLIC ACCESS

QUICK REFERENCE FOR COMMUNITY ACCESS

As you might expect, the television industry has its own vocabulary, although many terms are carryovers from the stage, radio and films. Following is a very abbreviated, fairly non-technical guide to expressions you may encounter in a TV studio.

ACTION - The command to begin. (You know: "Lights!, Camera! Action!).

AD LIB - Taking a liberty with, or improvising on, planned or scripted material.

AUDIO - The sound. Can be dialogue, background noise and/or music.

AUDIO ENGINEER - The studio technician responsible for recording/playing sound, also microphone levels, mixing voice and music tracks, etc.

BACKDROP - The curtain, drop or painted scenery behind an acting area.

BACKGROUND MUSIC - Music played during a scene to enhance the action.

BLOCKING - Stage movement of the performers as worked out by the director.

* CAMERA FIELD - What the camera "sees." Also referred to as frame.

CHOREOGRAPHY - Originally, arranging the movements of dancers. In TV, to CHOREOGRAPH movement by any performer to music.

CLEAR IT - Arrange for the use of copyrighted material (very important for your legal protection!).

* CLOSE-UP - (CU) - A term indicating the distance between the camera and subject. Usually means every other element is excluded from the shot except what is asked for. (A close-up of the mouth would show only the mouth.) Abbreviated as CU.

CONTROL ROOM - Or booth. The room where all the equipment is operated during a recording or television session.

CRAWL - Usually, the titles and credits mounted on a drum and revolved. It looks as if the type is creeping up or down the screen.

CUE - Instructions to start action.

CUE CARDS - Cards held off camera, but printed or written on so they are legible to performers. Also called IDIOT CARDS.

CUT - (1) The command to stop. (2) In editing, the result of joining two sections of film or tape. (3) To go to another scene or point of view: Cut to the marching band.

DISSOLVE - When the picture on screen gradually becomes weaker while another picture becomes stronger. Often used to indicate a change in time or place.

* DOLLY - Movement of tripod towards or away from subject (In or Out).

DUB - A copy of video material (on 3/4" tape).

DUB IN - To use a voice other than that of the performer. Or to add sound at a different time.

EDIT - A term used for both video and audio elements. Basically, to cut away the unwanted film or tape, and build a sequence with the desired clips.

* EXTREME CLOSE UP -(XCU) - Very, very tight shot of object or person.

FADE IN - On a black screen a picture slowly becomes sharper and sharper. A technique used to begin a film or scene.

FADE OUT - The picture on the screen slowly becomes weaker and weaker and the screen becomes black. Used to end a film or scene.

FOCUS - To make subject clearly defined.

FRAME - One picture. (30 frames per second in video) Also, picture that is seen in viewfinder.

FREEZE FRAME - To hold completely still on one frame. Often used for dramatic effect.

GO TO BLACK - Cutting to a black screen to end a sequence.

LIVE - Not pre-taped or recorded, but instantaneous.

LOCATION - On location is any place not in a studio, where filming or taping takes place.

* LONG SHOT - (LS) - A shot that could show more of the surroundings of the subject than the subject itself. Also a shot taken at enough distance to show the full length of the subject. Abbreviated as LS. Also referred to as wide shot (WS).

MARK - Spots on the floor where actors must stand or walk to while being filmed or taped or "marked."

* MEDIUM SHOT - (MS) - Usually, a shot that films activity within the immediate surrounding area of the subject. Abbreviated as MS.

* MEDIUM CLOSE SHOT - (MCU) - Or Medium Close-Up. A tight "two shot" of the heads and shoulders of two people interacting. Somewhere between the medium and close-up shots. Abbreviated as MCU.

MIX - To blend the picture and sound tracks. In recording, to blend two or more sound channels into one track.

MONITOR - A television receiver that allows the technicians to see the pictures as they are being taped

MONTAGE - A series of single shots joined together to evoke feelings, show time changes or changes in geography. Can be done with either cuts or dissolves.

* PAN - Movement of camera body from side to side.

* PEDESTAL - Movement of camera head on the tripod up and down.

PROPS - Any objects used to dress or enhance a production, from a lamp to a palm tree.

* RACK FOCUS - Moving towards the subject and focusing at the same time.

REMOTE - Any broadcast made outside the studio.

RUN THROUGH - Rehearsing a scene or a whole production without interruption.

RUNNING TIME - The length of time a performance or a taping takes from beginning to end.

SCALE - The fixed union wage. Union musicians or performers may work for scale or above scale, depending upon their asking price and your negotiations.

SCORE - The music of a performance.

SHOOTING SCHEDULE - Shows what scenes are to be shot and when. Contains necessary cast and crew information.

SHOOTING SCRIPT - The final script. Usually includes dialogue, camera instructions, and technical directions.

SHOT - The photographed sequence of a scene.

STILLS - Photographs. Can be inserted, by film in close-up, in an action sequence.

STOCK SHOT - Any film clip that gives your audience immediate identification of a locale. Example: The White House for Washington, D.C. Can be purchased from stock film companies.

STORYBOARD - A form of presenting a proposed story by showing still pictures roughly matched to dialogue.

STRIKE - To clean up set and put away equipment.

STU/CAM - Studio Camera Shot. A script direction. The person who is talking is the person shown on screen.

SUPER - Type or graphics superimposed by the camera on a picture.

SYNC - When the picture and sound match, they are "in sync."

TAG - To add on, almost as an afterthought. An easily changed message, given a super, a slide or a "live tag," e.g. an announcer's voice that gives immediacy. Example: "See the exhibit today and tomorrow only at the Bonton Shopping Center!"

TAKE - In film or tape, a shot. In recording, another recording.

* TILT - Movement of camera lens in vertical direction (up or down).

TITLE CARDS - Cards that hold the titles or graphics of a film.

* TRUCK - Moving entire tripod side to side (left or right).

TWO SHOT - See MEDIUM CLOSE SHOT.

VIDEO TAPE - Filming with magnetic tape for television broadcast.

VOICE OVER - Usually a narration during a sequence without a picture of a person talking. Example: A voice over commentary by a news broadcaster over a news clip being shown. Abbreviated as V/O.

* ZOOM - An automatic telephoto lens that is mounted to the camera. It allows close-ups and pull-outs without changing the position of the camera.

* Demonstrate on camera.

Cox deeds $100,000 of TV gear to SC's club

Club donates equipment to Dysart High School

By Dorothy Steck

The Dysart schools have been recipients of many generous donations such as computers, golf equipment and volunteer time from various Sun Cities organizations and clubs but none so magnanimous as the estimated $100,000 in television equipment donated by the Sun Cities TV Production Club that it received from Cox Communications. The TV Production Club made the decision to donate the equipment to Dysart High School where it will be installed and available for use by both the Club and students.

Cox Communications representatives Alex Horwitz (back l.) and Gregg Merdick (r.) present the deed for its TV equipment to Sun Cities TV Production Club Pres. Bob Stolz (c.) and Treas. and Past Pres. Bob Hart (front l.).

Photo, Dorothy Steck

In a recent ceremony at Cox Communications in Glendale, the deed for the equipment was presented by Cox Communications Govt. Affairs Specialist Gregg Merdick and Media Relations Specialist Alex Horwitz to SCities TV Production Club Pres. Bob Stolz and Treas. Bob Hart.

Stolz said, "It was very nice of the Cox people to offer the

from Page B1

equipment to us and it was great that we are able to give it to Dysart. It's a win-win situation. We will be in partnership with the school and share our expertise with the students who will in turn probably teach us a lot." Hart said, "It's a great intergeneration benefit."

In the Cox Communications studio the equipment (cameras, tv lights, etc) dissembled by Cox Programming Coord. Richard Berg was placed around the room in readiness for the Dysart High School maintenance crew who transferred it to the school. As the transfers were made to the Dysart Public Schools truck, the studio seemed dark and stark in preparation for emptiness.

The Sun Cities TV Production Club was started in 1987 as a non-profit community group that could speak to fellow citizens about issues of importance as part of Public Access Cable TV. The club started as a local program and expanded to where there are discussions that concern all of Maricopa County. What is unique about the club is that it consists of all Senior Citizen volunteers who, after training provided by Cox Cable, perform all production functions such as camera, lighting, audio, as well as directing and producing. The productions are aired on Cox Cable Channel 9 on Saturday mornings from 8-9 a.m throughout the entire Valley.

Cox Communications has shut its cable studio on 62nd and Glendale avenues, but life will go on for the video equipment that kept the place humming for more than 15 years.

Lights, cameras, tripods and computer monitors are finding a new home at Dysart High School. In time, the high school could have its own production studio up and running.

The Sun Cities Television Production Club helped make the connection between Cox and the school. Since 1987, the club, whose members are mostly retirees, had taped weekly information video shows at the cable studio, broadcasting the programs on the Cox cable channel. They've covered West Valley topics of interest such as transportation, crime and aging, and now the club's members will share their production knowledge with Dysart students.

The shows were part of an agreement Cox had with the city of Glendale to provide public-access programming. That contractual obligation ended last year, and Cox closed the studio.

Cox spokesman Alex Horwitz said the company didn't want the old equipment to be idle.

"And rather than leave the retirees out in cold," he said, "we donated the equipment to the Sun Cities Production Club. They said, 'This is great, but we still need a studio.' "

Robert Hart, who started the club, said the members found the equipment a new home at Dysart High School.

Hart said the club members plan to work with the students, sharing their years of experience. As part of their weekly programming, members of the club ran the video equipment. Hart hopes his club eventually will tape its programs at the school.

Dysart gladly accepted the equipment, which Horwitz said is worth about $100,000.

"We're delighted to have it," Dysart Superintendent Margo Seck said. "Last year, I was at the studio and did a small segment on their program and found the people to be most helpful and very knowledgeable. We're going to be able to use their talents.

"It's bridging the community and providing a connection to the retirees" in Sun City West, she added.

Dysart Assistant Superintendent William Christen said the video equipment will be hooked up this summer in a drama class at the high school.

"This will be part of a multimedia program that will be developed, and hopefully, down the road, we'll have a full-blown media program. It's a terrific gift," he said.

Hart is excited about the future.

"I'm pleased to have the opportunity for intergenerational teaching and working with the young people," he said.

Club President Bob Stolz, who has spent time behind the camera directing shows, agreed.

"This is a great thing, to have older people share things with younger people," he said. "And I've been saying that after two weeks, they'll be teaching us. They're not afraid to push buttons."

The television production club hasn't been in limbo. Although it stopped broadcasting from the Cox studio in December, Access Phoenix has let the club tape at its cable studio. A copy of the tape is shared with Cox, and the show can still be seen at 8 a.m. Saturday mornings on Cox Cable Channel 9.

Dysart, club to acquire TV production equipment

Items donated by Glendale Cox studio

STAFF REPORT

A Cox Communications studio formerly used for Glendale's public access channel was torn down last week.

The company closed a studio at 6221 W. Glendale Ave. and agreed to sell all the equipment — including cameras and lights — for a single dollar to the Sun Cities TV Production club.

The equipment is valued at $100,000.

Since the studio was closing down, "rather than just throwing (the TV club) out on the street, we gave them all the studio equipment," said Alex Horwitz, a spokeman for Cox Communications.

Club members accepted the donation, but still had no place to "set up shop," said Bob Hart, the co-founder of the club.

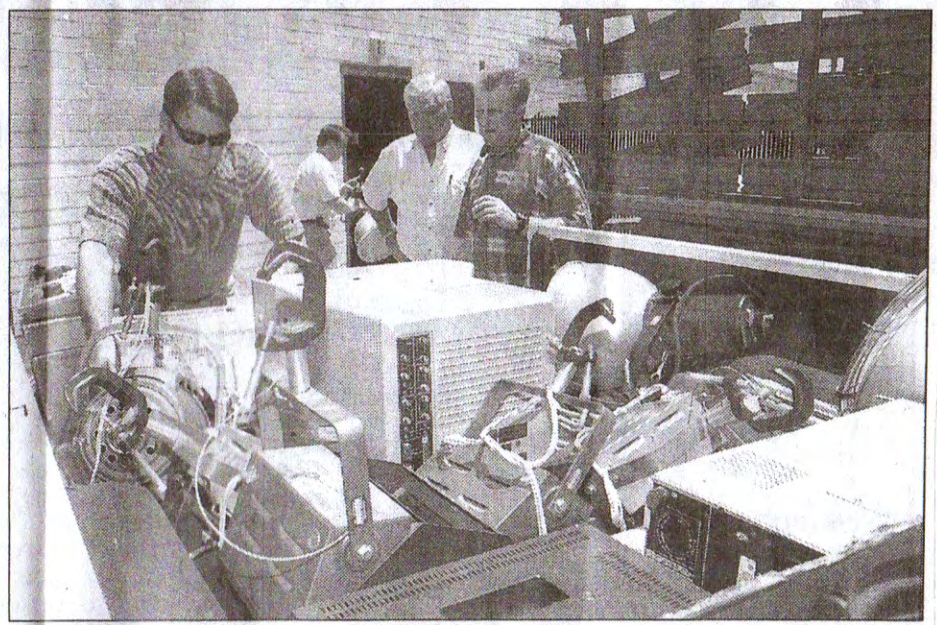

The club and Dysart High School formed a partnership and now the school and the club can make use of the equipment.

"We thought it was important for young people and seniors to be involved in some way," Hart said. "We wanted to generate some warmth and understanding between the generations."

He said that when the students were not using the donated equipment, the 25 or so club members can use it.

They will continue to "improve the image of the Sun Cities and ... produce programs of interest to the Northwest and the entire Valley," Hart said.

He said the club appeared from 8 to 9 a.m. Saturday mornings on Cox cable channel 9.

Sun Cities TV Club enjoy their 10th

Around Wester 12/4/97

By Pat Young

Sun Cities TV Club celebrated its 10th anniversary Nov. 18 with a special show on the new "F.Y.I." show, hosted by Lynn Reed and Jan Rittmaster. The show was a "birthday party" complete with cake and guests who had been a part of the club for the past 10 years.

The first person interviewed was Bob Hart, one of the club's founders. The other founder was George Hartzog. Hart stated that the club was formed in 1987 to showcase the positive side of the Sun Cities, in view of the bad image displayed by some of the media at that time.

"During the ensuing years," said Hart, "the programs were expanded to include wider issues and concerns. We have made our TV shows for the good of the community and for fun."

The second guest was Bill Myer who, according to Hart, "was instrumental in getting the TV Club going." Myer was with Republic Cable, the public access cable company here in Phoenix. He was the "technical teacher" who actually put the seniors through classwork, teaching them how to run the equipment.

"There was a lot of enthusiasm," said Myer, "as well as a lot of talent, both on-camera and technical expertise."

The TV Club has met and continues to do so at the small studio on West Glendale Avenue, which is Cox Communication's Westside public access production facility. The club's shows were carried mostly in Westside communities until 1994, when Cox (Dimention Cable) began running the productions on its systems valleywide.

The programming at first was geared to the Sun Cities, but soon began to include subjects involving the whole Phoenix Metroplex. The programs from this club have been aired all over the United States, and in England.

Subjects of programs through the years have ranged from gardening, health concerns, education, transportation, Sun Cities Museum of Art, Sun City Poms, SCW Variety Show, Theatre West, Luke Air Force Base, Shriners and politics. Many events have been covered by remote, such as the Sun Cities Symphony, the dedication of Del Webb Hospital and the expansion of the Art Museum. The Arizona Golf Classic was the first remote program done.

Some of the more fun shows was a series called "Fun Over 50," initiated by Anne Games. Also, the Ann Delo Show continues to bring a lot of variety to the programming.

The talk shows during these many years have had many well-known people, such as Sen. John McCain, Gov. Jane Hull, and Bill Gruver. A memorable remote show was with Frankie Carle at the piano and The Russ Carlyle Orchestra. A memorable program taped in the studio was the Frank Kush-Joe Arpaio discussion on "Troubled Youngster of Today," with Bob Hart as moderator. Also the club taped Pres. Clinton's speech in Sun City, the only ones to tape the speech in its entirety.

According to the men in the control room, each person has learned to do every job in taping a show: cameraman, producer director, technical director, audio floor manager, lighting, and graphics. Those who have been regulars for many years are: Bob Hart, Norman Horstmann, Ralph Ventura, Mickey Hannon, Jim Goodpasture, Vera Keeler, Ann Freeman, and Virgil Freeman.

Ralph Ventura, asked which was his favorite show, he replied "My first one. It was a remote at Beardsley Park. I was so excited and happy. I flew!"

The Sun Cities TV Club continues to produce shows which are aired each Wednesday, late afternoon on Channel 22. There are approximately 20 people in the club at present.

"This group may be light in quantity," says Vera Keeler, "but we try to be quality."

"Its a labor of love," says Bob Hart. "We still do our thing for the good of the community and for fun."

TV producers mark 10th year with new show

Move over, Regis and Kathie Lee, a new local television show has its own pair of congenial hosts.

The Sun Cities Television Production Club, which provides public-access programs weekly for Cox Cable, has added another show to its lineup — *For Your Information* with co-hosts Lynn Reed and Jan Rittenmaster.

Reed says the show, which airs during the club's time slot from 5 to 7 p.m. Wednesdays on Channel 22, tries to give viewers a fun half-hour of information about the Valley.

He laughs when told that his producer, Ann Freeman, has likened him

to Regis: "Well, this show won't change our amateur status, but we have a lot of fun."

The professional arena isn't unknown to Reed. His career includes two years working as a disc jockey for a radio station in Denver. He moved to Sun City West nine years ago and quickly joined the TV production club.

"Another ego trip," Reed laughingly says.

The new show represents the production club's effort to keep its shows fresh, says Robert Hart, a founding member of the club. The non-profit group this month is celebrating its 10th anniversary of offering programs on the cable channel.

or working the camera and lighting equipment. The shows are taped once a week at Cox's studio office 63rd and Glendale avenues in Glendale. After airing on the Cox channel, tapes of the program are made available to other local cable channels.

Hart said the club — with mostly Sun City or Sun City West members — aimed early on at providing information to retirees. But over the years, the audience has widened, pulling in viewers no matter what their age, he said.

Hart, who unlike Reed doesn't have a background in broadcasting, said he just wanted to bridge the Sun Cities and thought the public-access program would help: "We wanted to show the plus side of the Sun Cities because, at the time, there had been a lot of negative editorials about us, saying we weren't responsive to the needs of the community."

After showcasing Sun Cities events and facilities — with a strong spotlight on the area's volunteers — Hart said they decided to broaden their programs to topics that affect the elderly, such as Medicare, housing and health issues. And in recent years, their focus has grown to issues impacting the Valley.

Bart Turner, executive director of the Valley Citizens League, was tapped by the production club two years ago to act as host of frequent programs.

"We've covered everything from state Legislature to various initiative, air quality and education issues," he says.

Turner has great praise for the production club: "This is public access at its finest. We provide the opportunity for the public to hear opinions on issues without having to travel across the Valley or give up their work time or family time."

Bruce Smith, media relations and communication manager for Cox Communications, echoed his comments about the club: "They do an excellent job of addressing the needs of senior citizens."

Longtime member Vera Keeler values her time with the club. "We've learned a little bit of everything there in the studio," she says. "It has been wonderful."

"This was my first love," Keeler says of the entertainment industry. "I had taken some classes when I was living in LA, and I'm glad to get to do this here."

returning to his native Chicago.

"It's very difficult to come to the realization that I must leave this endeavor that's meant so much to me," he said. "But I'm leaving behind a number of qualified people."

Mr. Hart said when the club was first formed it was geared at Sun Citians. But because of comments in newspaper editorials that implied residents were ignoring people residing outside the community, the club expanded its coverage.

"Our colleagues agreed that we should broaden the coverage to take in the concerns of the entire body ... (and) educating the public," he said.

Members perform all production functions including camera, lighting, audio, graphics, directing and producing.

"I would not have been able to spend the hours assisting in the creation and producing ... without the backing and support of my dear wife, Martha," he said.

Mr. Hart said original shows included an interview with current Arizona Gov. Jane Hull in 1991 and former Secretary of State Jim Shumway. During the years, programs were expanded to feature the sheriff's office, legislative matters, health concerns, education reform, transportation concerns of the northwest Valley and more.

His future plans include finding a cable company in Illinois and providing those residents with the same services Sun Citians enjoy through the Television Production Club.

The Harts have been married 51 years and have two sons.

Bob Hart has been on cloud nine since he got some "air time" 10 years ago.

A founding father of the Sun Cities Television Production Club, Mr. Hart has rubbed elbows with some of Arizona's big wigs on and off the screen since it formed in 1987.

The club, which provides weekly public-access programs for Cox Cable, has featured programs ranging from "Age of Elegance" to "FYI Variety Show" with hosts Lynn Reed and Jan Rittmaster. There are currently 15 volunteers who produce and tape programs, which are broadcast 5-6:30 p.m. every Wednesday on Channel 22. Members recently celebrated the club's 10th anniversary.

This year also will mark Mr. Hart's last year as a volunteer with the club. He and his wife, Martha, are

Sun Cities retirees find fun, fulfillment

They're all retired, but they hardly act like it.

Seven members of the Sun Cities Television Production Club are taping a half-hour show for Cox Channel 22, a public-access station.

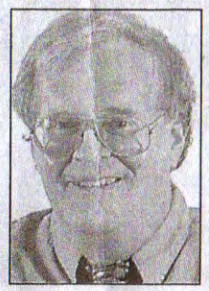

This segment features a Sun Cities singing group called the Sugartime Trio, and is scheduled to air Wednesday afternoon and evening.

The weekly taping sessions take place in the studio of the Cox Communications' production facility across from Glendale High School.

Bob Stolz is today's director. A New Jersey native, he used to work as a research scientist for Maxwell House Coffee.

Moments before taping begins, I ask Stolz what his job back East involved.

"All the workers would hide the beans, and as a research scientist I had to find them," he said.

Herb Whitney

The mood in the control room turns somber, however, when the taping starts.

There are several glitches, the most serious coming when the recorded music to cue the singers to begin their act isn't relayed from the enclosed control room to the studio speakers.

With no cue, the Sugartime singers — Shirl Leach, Susie Smith and Jan Wilson — stare blankly into the camera, patiently awaiting their turn behind the microphone in the black-walled studio chamber.

Stolz growls:

"This is taking too long. They're waiting for the music and we're waiting for them to start singing!"

So he abruptly stops the session and begins again.

Assisting Stolz in the control room are Norman Horstmann (captions and graphics), a retired photographer from North Dakota, and Joe Schultz (sound and recording), a retired toolmaker from Michigan.

Manning the two cameras are Vera Keeler and Ralph Ventura.

Ventura, a Brooklyn native, used to draw TV cartoons for the Felix the Cat Studio in New York. Keeler, from Kansas, ran an export store in Los Angeles.

"I studied journalism and went to LA to be a scriptwriter," said Keeler, president of the production club. "But I couldn't make a living as a writer and got sidetracked.

in work on TV shows

"Doing this TV work is making up for all those years way back when. I'm finally doing something I really enjoy."

Lynn Reed, a retired radio announcer and program director in Denver, interviews the Sugartime singers as part of a show he regularly hosts called *Round & About.*

"I guess this is like going back on an ego trip for me," Reed says after the taping session. "It's exciting, and I think we all have fun."

About 15 retirees are active members of the club, which was founded in 1987 and has produced a wide variety of news and entertainment shows.

Their most popular offering is twice-monthly interviews with Maricopa County Sheriff Joe Arpaio.

Anne Delo arrives at the studio to finish up a segment of her monthly talk show, appropriately called *The Anne Delo Show.*

A few years ago, she and Reed co-hosted *Fun Over 50,* a public-access program that tried to match members of the opposite sex on the air, much like *The Dating Game.*

"We'd have three single men and three single women from the retirement community, and try to match the ones up with similar interests," says Delo, a former television talk-show host from Pennsylvania.

Were any of the attempts successful?

"Not that I recall," she says.

Despite that off-the-air glitch, the production club keeps rolling on and on.

"This is something all of us would have loved to have done years ago," Stolz says.

"Now that we finally have the time to do it, we're going for it."

Sun City TV club starts 10th year of programming

"Hold it, hold it. You're hot," says Sun City West's Vera Keeler, examining faces on a video monitor. Leaning over a microphone, she directs a cameraman to zero in on a particular face.

But while Keeler is happy with the shot, another voice barks out behind her: "His hair doesn't look too good."

"There's nothing we can do," director Keeler informs the critic without losing a beat, calmly maintaining her rein over the TV production.

Keeler is a member of the Sun Cities Television Production Club, and she's in the middle of two taping sessions of the group's public access TV show.

Taping at Cox Communications' public-access production studio on West Glendale Avenue, the group is soon to be in its 10th year providing honest-to-goodness news, debate and the odd country warble.

While much of what airs on public access smacks of religious fervor or political fanaticism, the Sun Cities club gives decidedly different fare.

This week's "F.Y.I." shows, set to air from 5 to 7 p.m. next Wednesday on public access Channel 22, focus on a Sun Health fund-raiser and an upcoming Sun City West variety spectacular.

Perky hosts Lynn Reed and Jan Rittmaster are chatting up their guest. Suddenly Rittmaster, last year's Miss Senior Arizona, is bursting into song. "Shall We Dance?" she belts out as the camera zooms in. Then it's back to chat in the smallish TV studio.

Most shows are like that, said club mainstay and former president Robert Hart.

Hart, a Sun City West resident, shows a production calendar listing wildly different topics and names, from a makeup session with artist Anne Delo to a tent city talk with Maricopa County Sheriff Joe Arpaio.

During the shoot, Hart debates bringing back another popular guest from 1991, then House of Representatives Speaker Jane Dee Hull.

And while he can't say how many viewers actually watch the program — "That's a good question," he remarks — he knows the club is serving a vital purpose.

The question of numbers comes up again later in the day, after a mistake is noted on a taping machine.

"We add the mistakes to see if anybody's watching," said Club President Norm Houstmann of Sun City West.

And in 10 years of putting together this impressively professional production, a few mistakes have doubtlessly been made. But a core group of 15 to 20 continues to keep the show running smoothly, though Hart said they could use more help.

In its 10th year, the show continues true to its roots. Begun as a community service in 1987, that remains its focus today. Until 1994, shows were broadcast on the Valley's west side, until Cox (formerly Dimension Cable) began running them across Maricopa County.

Taped! From Sun City! It's public access!

If public access on cable is the people's alternative to corporate-run television, then the Sun Cities Television Production Club is the alternative's alternative.

With a hard-working band of about 25 core members, the club presents the kind of public-interest TV that otherwise exists only in theory.

Public access is supposed to be one of the ways cable companies pay for their monopoly licenses to operate in communities, a full cable channel devoted solely to programs made by and about citizens.

Sadly, most citizens get interested in public access only to create one or two quick vanity productions, then just as quickly lose interest. Making TV, they discover, is a lot of work.

Which means that public access, in the Valley and elsewhere, tends to be dominated by the truly committed amateur broadcasters among us, primarily religious groups, hatemongers and belly dancers.

The shows produced by the Sun Cities TV Club are different.

For no pay and immeasurably little recognition, these folks make TV for the good of the community and for fun.

So, with a tumultuous television year ending, let's pause for a non-commercial moment and travel to a small block building on west Glendale Avenue, Cox Communications' west-side public-access production facility, where the club is preparing for a broadcast.

Inside, a couple of techies are prepping the studio, a black-walled chamber brightened only by its motel clearance-sale furniture and fake flora.

The studio's only window opens onto its control room, a space no more uplifting or exciting than the studio, and smaller. There, a few more workers are tinkering with computer keyboards and monitors.

And in the equally dreary "green room," club stalwart Robert Hart is chatting with a visitor.

Hart, long retired from Sears' Chicago accounting department, is "an activist, of sorts," who was in on the club's founding.

A past president and current treasurer of the club, Hart also works tirelessly to drum up publicity for its productions, which generally air in the late afternoon and early evening each Wednesday on Cox Channel 22.

When the club was founded in 1987, "the prevailing image of the Sun Cities at the time was pretty dark," says Hart, referring specifically to a local political cartoonist who delights in retiree-bashing. "I just felt it was a needed community service, to let the general public know of important happenings within the Sun Cities."

The club's shows were carried mostly in west-side communities until 1994, when Cox (then Dimension Cable) began running the productions on its systems Valleywide.

Club programming over the years has included studio talk shows on topics from gardening to politics, as well as many remote productions.

A regular entry on the club's schedule is twice-monthly interviews with Maricopa County Sheriff Joe Arpaio, a guy who just can't say no to air time, no matter how thin the air.

Hart, 81, has no idea how many, if any,

— *See* **CLUB'S,** *page F6*

Club's shows often go with the flow

— CLUB'S, *from page F1*

viewers tune in each week. The cable company has said for years that the audience for public access is so small it can't be measured in ratings reports.

Hart, who has appeared in many club productions, says, "I've never had anybody say, 'I saw you on TV.' "

At about this time, another clubber enters the green room with some bad news.

The fellow who was scheduled to host this afternoon's taping — a sure-to-be-riveting half-hour about the tax impacts of charter government in Maricopa County, produced for the Valley Citizens' League — isn't coming.

Fortunately, Hart, who knows the issues and has packed a sport coat and bola tie for just such an emergency, can pinch-host.

In another few minutes, today's guest arrives. Kevin McCarthy, executive director of the Arizona Tax Research Association, and Hart take their places on the set.

After only two minor delays — the crew struggles with a Citizens' League banner before discarding it, then someone scrounges a stack of phone books for the diminutive Hart to sit on — the taping commences.

In the control room, Ralph Ventura, 65, operates the sound board.

A semiretired commercial artist, Ventura heard about the club several years ago and was put to work at his very first taping.

"I thought I would help out with wire or something," he says. "Instead, they told me to get behind a camera. I did. I was thrilled."

Ventura, who figures he devotes several hours each week to the club, prefers tech work to anything else.

"There's a deep-rooted ham in me," says Ventura, originally from New Jersey. "(But) just about 99 and 44/100ths percent of the time, I'm behind the scenes."

The Hart-McCarthy interview progresses. Director Norman Horstmann, talking via headset with his two camera operators, controls the action.

During one brief lull, cameraman Bob Stoltz slowly rolls his camera away from the interview. The problem is, Horstmann hasn't called for the change and the movement is captured on tape.

"Are you getting bored out there?" Horstmann calls to Stoltz.

During another lull, Ventura turns to offer a visitor a cookie.

Soon enough the taping ends. Hart has McCarthy pose for a snapshot in the studio. Someone else turns out the lights.

A sign on the control room wall says, "Your mother doesn't work here. Pick up your toys when finished."

On the phone later, club president Vera Keeler, 70, says she's proud of the work her crew does with limited technical know-how and less-than-state-of-the-art equipment.

The programming stands out among the religious programs "and what I call the hootchie-cootchie shows" that dominate public access, she says.

"Five years ago when I joined the club, we got quite a few snickers," she says. "This group of us now, we may not be quantity, but we try to be quality."

Local TV club tunes in to changes

By IAN MITCHELL
Daily News-Sun Staff

For members of the Sun Cities TV Production Club, there's some good news and some bad news in changes announced by Dimension Cable.

The good news is beginning Sept. 19, the programs produced by the production club will be available Valleywide. The club's shows, currently seen on Northwest Valley/ Glendale Public Access Channel 22, will also be broadcast simultaneously on Phoenix Public Access Channel 22.

The bad news is the club's two hours of public access time will be cut in half, and the group's 5-to-7-p.m. time slot will shift to 2 to 3 p.m.

"So many changes have been going on and I'm getting a little confused," said club President Ralph Ventura. "Normally, no one likes changes."

Bob Hart, treasurer and co-founder of the television club, said members are pleased their shows will be available to viewers in Phoenix, Mesa, Tempe and Chandler at the same time they are broadcast to Northwest Valley viewers.

Currently, only a few of the club's shows are shown on the Phoenix public access channel, Hart said.

Those club programs which are broadcast on the Phoenix system are usually not on at the same time in Phoenix as they are in the Northwest Valley, Hart said. The time difference makes promotion difficult, he said.

"We're pleased that we can now get simultaneous Valley coverage," he said. "This is something that we've discussed with Dimension Cable over the last several years."

Lori Fields, Dimension spokeswoman, said the Sun Cities TV club will receive the Valleywide exposure because the cable company is consolidating its programming so that channels in one part of the Valley will be the same as those offered in other parts of the Valley.

The club's productions are also "top quality," Fields said, and may be of interest to a wider audience.

The TV production club has produced shows on gardening, Habitat for Humanity, ethics in government and other issues, Hart said. "We've tried to develop an image of providing community service."

Fields said Dimension does not pay to receive Neilsen viewership figures for public access, so it can't determine how many people watch the shows the Sun Cities club produces.

Hart said limiting the club to a single hour will hurt its broadcasts.

For example, on the Northwest Valley cable feed seen in Glendale, Peoria and the Sun Cities, the TV production club will broadcast interviews with candidates in the primary elections for District 15, 17 and 19 legislative races from 5:30 to 7 p.m. Wednesday.

On the Phoenix feed, however, the club has enough time to air only an hour of programming, so one of the districts has to be cut, Hart said.

Club president Ventura said his group hasn't worked out how to decide which shows can't be broadcast. "I keep thinking about that, I do," he said. "I already have extra shows that I can't show."

Hart said the club's studio time hasn't been reduced, so members may produce a backlog of programming.

TV club program features talk on taxes

The Sun Cities TV Production Club will present the following programs Sept. 22:

"Patty Peacock and Music," 5 p.m.; "Patty Peacock Presents Comedy Cut-Ups," 5:30 p.m.; "Master Gardeners," 6 p.m.; "Let's Talk Taxes," 6:30 p.m.

"Toward the High Places," a national cable program commemorating the Jewish holy day of Yom Kippur, will be aired 9-10 p.m. Sept. 22 and Sept. 23.

The programs, available only to Dimension Cable subscribers, will be shown on Channel 22.

TV Production Club putting Sun Cities on air statewide

By Lori Baker

Robert Hart views the weekly television shows he produces as a way to help the community and have fun, too.

Hart, a 77-year-old Sun City West resident, started the Sun Cities TV Production Club in 1987 along with another Sun City West resident, George Herzog. They had accepted an offer from Republic Cable — which later sold its system to Dimension Cable — to train Sun Cities residents to produce their own shows.

"We started out showcasing the Sun Cities communities, but we decided to reach out to cover issues of general interest so they could be shown on public access channels on cable television statewide," said Hart, who is club president.

About 30 to 40 club members — ranging in age from their early 50s to late 70s — have been trained to produce shows. They take turns volunteering their time both in front of the camera and behind the scenes at Dimension's Glendale studio.

Many club members long had been intrigued by television but didn't get involved in broadcasting until after their retirement, said Hart, who is a retired executive of Sears, Roebuck and Co., where he worked for 45 years.

"Electronics is a hobby of mine, so I enjoy being involved in the camera work and audio work," said Ivan Doane of Sun City, a retired personnel director for the Veteran's Administration in New York City.

For Mike and Jeanne Tarr of Sun City West, being involved in cable television gives them a chance to work on their theatrical skills. Tarr, a retired dentist, and his wife, who was his office manager, are actors in community theater productions. During a recent cable show's taping,

Mike worked the cameras while Jeanne acted as floor manager, giving cues to a talk show host.

"In the summer, we've had problems getting enough people to do the shows because many seniors leave at this time, but we've managed to do it," Jeanne Tarr said.

The quality of club members' work is so good that Dimension Cable plays the shows on its public access channels Valleywide and the Post-Newsweek Cable Network plans to feature some shows on its system to nine small Arizona communities, Hart said.

"In the four years the Sun Cities club has been doing shows, they've really advanced in their professional expertise," said Bill Meyer, production supervisor for the Dimension West system. "Their shows are broad-based and we get positive comments from the public about them."

The Sun Cities club's shows are featured from 5 to 7 p.m. Wednesdays on Dimension Cable's systems on Channel 6 in Glendale and on Channel 38 in Peoria, Sun City, Sun City West, Youngtown, Surprise, Buckeye, Litchfield Park and Goodyear. Some of the shows are shown on Dimension's Phoenix Channel 32, which also reaches Mesa, Tempe and Chandler viewers, United Artist Cable in Scottsdale and other cable systems elsewhere in the state.

A series on "Ethics in Government" is one of the programs being shown statewide. A segment on redistricting for legislative and congressional districts will be aired at 6:30 p.m. Wednesday on Dimension Cable's channels 6, 38 and 32.

Jane Hull, speaker of the state House of Representatives, and Jim Shumway, former secretary of state who is coordinating the redistricting effort for the Legislature, are interviewed on the half hour talk show by Bill Gruver, radio and television journalist and Arizona State University journalism instructor. Gruver volunteered his time to host the ethics in government series.

"It's interesting to hear people speak on our shows, knowing that the tape will not be edited," said Eunice Bergbower of Sun Cities who makes sure volunteer crews are available to tape shows.

On Aug. 28, the Valley Citizens League's report on ethics training will be highlighted during a half hour to be shown at 6:30 p.m. on Dimension's Channel 6 in Glendale and Channel 38 in the West Valley.

Ninety-six shows have been produced by the club including personality profiles of Sun Cities artists; a series on abuse of the elderly; the Sun City West variety show; and "Fun Over Fifty" dating game program.

Because of the success of the Sun Cities club, Hart was named earlier this year by Phoenix Mayor Paul Johnson to serve on the Phoenix Public Access Management Citizens Committee. The panel will recommend ways for residents to use the public access channel.

More members are being sought for the Sun Cities club. Information is available by calling Vera Keeler, the club's vice president and membership chairman, at 584-3165.

Phoenix Mayor Appoints Bob Hart to Committee

by Ed Troch

Mayor Paul Johnson of Phoenix has appointed several persons to a Public Access Management Citizens Committee, among them Bob Hart of Sun City West.

There has been much concern lately about the use of Public Cable being limited, which prompted a local group to dedicate itself to putting valley residents in a better position to make use of the public channel. This is part of a franchise agreement with Dimension Cable. However, Fred Haverly, President of Valley Community Access Television (VCAT), has offered to perform a sort of managerial capacity, with a board of directors.

As a result of the opinions of other critics of the low use of the channel for public use, Mayor Johnson has seen fit to appoint an Ad Hoc Public Access Management Citizens Committee, naming ten citizens of the Phoenix area. Bob Hart, the President of the Sun Cities TV Production Club which produces and airs at least two hours of programming per week, has been named to that board.

There is the possibility that the limited use of the public access facilities is due to neglect rather than someone working against its use. The committee will look into the possibility of recruiting better use of the channel by an organized program of encouraging grass-root groups to make use of public access cable.

RECOMMENDED FORM OF CITY OF PHOENIX
PUBLIC ACCESS MANAGEMENT

Purpose

The purpose of this City Council Report is to recommend formation of the Ad Hoc Public Access Governing Board (PAGB).

Background

In April, the City Council appointed the Ad Hoc Public Access Management Citizens Committee to review the status of public access in Phoenix.

The committee has met for the past six months and conducted a thorough investigation of public access, both in Phoenix and other communities.

Discussion

The public access channels in Phoenix are currently managed by the two cable operators, Times Mirror Cable of Arizona and Insight Communications. Each cable operator provides one public access channel. Phoenix residents may submit programming to be aired on those channels for free. The cable operators provide equipment for production of programming for a set number of hours per month at no cost. Free training is available for persons unfamiliar with video production equipment.

The City Cable Television License Ordinance provides that the City may select a non-profit corporation to act as a public access manager. Other forms of public access coordination around the country include management by the local government, management by a board appointed by the local government, and management by the cable operator.

The committee members have discussed the various options for public access management in Phoenix and recommend appointment by the City Council of a 9 -member Ad Hoc Public Access Governing Board (PAGB). The PAGB should be charged with development of by-laws for a non-profit corporation to serve as access manager for the City, with the original PAGB members serving as the first board of directors of the independent, non-profit corporation.

TV Production Club focuses on clear image

Attention all viewers: the Sun Cities TV Production Club is focused on transmitting positive waves to surrounding communities.

The club, organized in September 1987, airs its shows Wednesdays from 5 to 7 p.m. on Dimension Cable Public Access Channel 6 in Glendale and Channel 38 in the Sun Cities and remaining Northwest Valley, set high goals of not only providing a community service, but accurately portraying residents of the Sun Cities, said club president Robert Hart.

"We wanted to do something to promote the image of the Sun Cities — we're a caring community. We wanted to diffuse the image that was being transmitted," Hart said.

Eighty-five shows later, club members say they have made some headway.

"Public access is alive and well in the Northwest Valley," Hart said.

The group has utilized the medium to produce shows, taped in Dimension Cable's Glendale studio, on a variety of topics through showcasing the Sun Cities and surrounding areas.

"Members are enhancing themselves and making a contribution to the community by helping put on these shows," Hart said.

Productions have included "Meet the Candidates" for various elections, interviews with politicians such as Sen. John McCain, "Abuse of the Elderly," local personality profiles, Sun Cities Symphony rehearsals and the Sun City West Variety Show.

On the flip side, the Sun Cities TV Production Club offers its viewers shows like "Let's Cook" and "Fun Over 50."

"It's lighter than the political shows," said Ruth Welsh, director of "Fun Over 50."

The half-hour production features a panel of three women and three men, who hear but do not see one another. After interviews, the female panel chooses a male winner and vice versa. Winners are awarded dates provided by local merchants.

The show's co-host Anne Delo usually opens the show by informing viewers that to be on the show, "You must be over 50, must be single, must want to have fun," she said.

"I believe the show would change the image of the Sun Cities if people out of the area would see it. They would be delighted to see what the people can do," Delo said.

Club members are responsible for everything from originating an idea to writing a script to producing a quality final product.

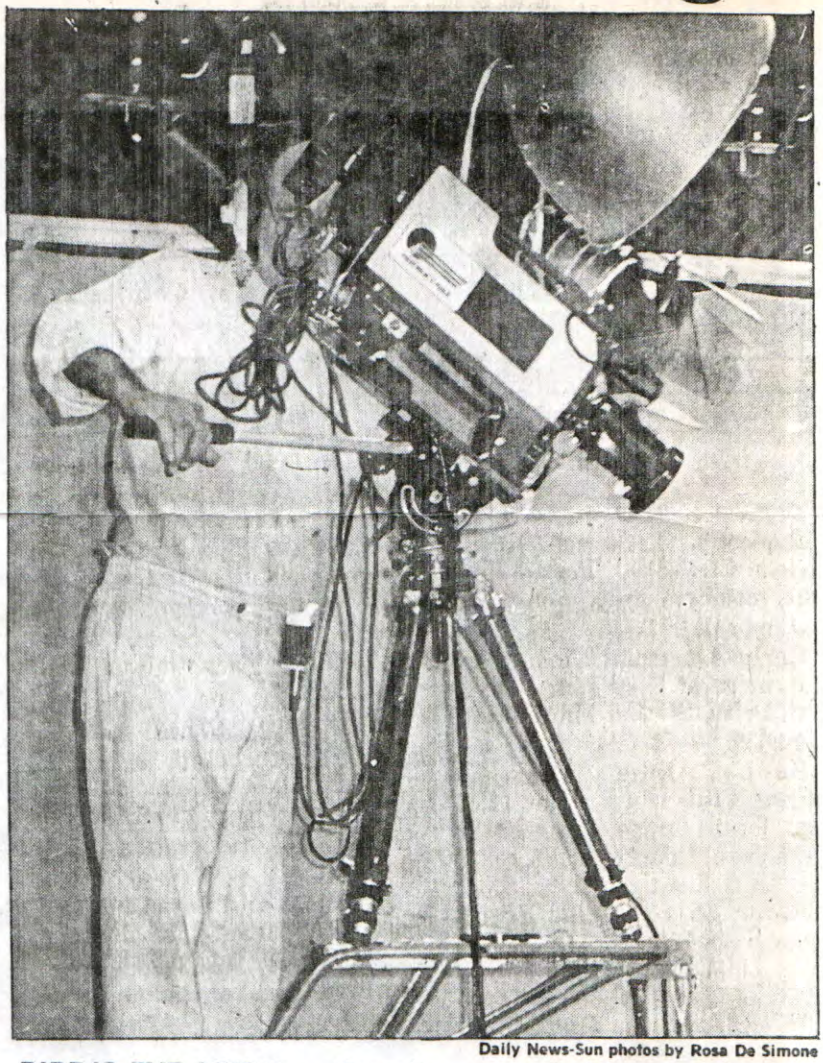

Welsh, a retired adminstrative assistant for the state of California, had no prior television production experience before joining the club.

Dimension Cable offers club members a training program on "the whole gamut of producing a show," Hart said.

Hart said he hopes to recruit new members and eventually produce enough shows to be broadcast daily, he said.

A future goal of the Sun Cities TV Production Club is to work closer with the school system and tackle current issues such as drug abuse, Hart said.

"We would like a dialogue between the Sun Cities and young people in the school system," he said. "There's a myth that the people of the Sun Cities are not caring. We hope that working with young people will help refute this myth."

The television club, organized in September 1987 with support and guidance from Republic cable, and now Dimension Cable Services, Inc. has as its goals the showcasing of the Sun Cities and surrounding areas by producing programs: •Stressing community involvement

•Featuring events of community wide interest
•Providing a forum for discussing of current issues
•Highlighting profiles of interested residents
•Showcasing entertainment by talented residents

The club is still seeking new members to assist in various production phases, including script writing, graphics, camera work, etc. Interested residetns may call club president, Bob Hart, at 584-9117. Training is available. RESIDENTS

The TV club's programs are aired each Wednesday from 12:00 to 2:30 p.m. on Dimension Cable public access Channel 6 in Glendale and 38 in Remainder of Northwest Valley, including the Sun Cities. INTRODUCE PROGRAM — Debbie Lowe, left, host Bob Hart and Anna McCasey introduce the Sun Cities Television Production Club "Sun City West Rhythm Tappers Perform in Japan" to air at 4 p.m. Wednesday on Channel 24 (Channel 6 in Glendale).

Rhythm Tappers share trip

SUN CITY WEST — It was an experience most of them will never forget — the chance to live with Japanese families and perform their favorite dance routines in Japan.

The trip was arranged by instructor Nian Cadman as a cultural exchange with Japan.

During the trip, the dancers and their spouses lived first with host families near Kyoto and later with hosts near Tokyo.

Much of the recent trip for 31 members of the Rhythm Tappers has been captured on film by Jack McCasey. It has been edited by members of Sun Cities Television Production club and will air at 4 p.m. Wednesday on Channel 24 (Channel 6 in Glendale).

The McCaseys' first host family in Japan was the Nomuras who had three young children.

"We had much in common," said Anna McCasey. "In the evenings the husband tutored math to several students, and his wife taught English to the children."

Both the McCaseys commented on how much time the Nomura children spent studying each day and how well disciplined they were.

The McCasey's second hosts, the Oumi family, entertained about 12 people or more for dinner each evening.

Another experience the McCaseys said they enjoyed was attending a Buddist service with hand clapping and incense.

The television program is hosted by Bob Hart with Debbie Lowe.

Rhythm Tappers President Anna McCasey produced the television show.

Others on the program staff are Howard Allen, music coordinator; McCasey and Gerard Golden, camcorder operators.

'Fiftysomething' singles paired on cable-TV program

By Holly D. Remy
The Arizona Republic

It has been a problem since Noah's day: People go through the world two by two, but in their golden years, many suddenly become single.

What to do?

The Sun Cities Television Production Club has an answer.

On Thursday, the club taped the pilot of *Fun Over Fifty* at the Republic Cable Communications studio in Glendale.

The half-hour show, patterned after the network-television program *The Dating Game*, is scheduled to be broadcast later this month by Republic.

The program is intended to assist Cupid's matchmaking, especially among the divorced or widowed. But first, the contestants must audition.

"We had some singles clubs in the area canvass their members to see who would be interested in trying out for the show," said Robert Hart, interim president of the 7-year-old club.

Before taping *Fun Over Fifty*, contestant G.G. Humphrey fixes her makeup while stage manager Eunice Bergbower hooks a microphone to date-seeker Helene Kelley.

"The problem is there were many more women interested than men."

About 50 women applied for the first show, as did 10 men.

Hart said the reason might be that single, golden-age women outnumber single, golden-age men. But women in the studio Thursday insisted that men's natural bashfulness caused the gap in numbers.

-- See GOLDEN-AGE DATING, *page B2*

Golden-age dating is name of the game

— GOLDEN-AGE DATING, *from page B1*

The rules of the game call for three male and three female contestants, who compete to be named the winning man and woman.

On the show, they are called Contestants No. 1, 2 and 3, and all anyone knows about them is that they are single and "fiftysomething."

"Nobody is supposed to ask our ages," said Helen Shine of Sun City West.

"We're as young as we feel," said Helene Kelley of Sun City West, who spent Thursday morning at a ballroom-dance club.

To prevent winking and other flirtation from influencing the game's outcome, the women were sequestered in a videotape storeroom while the men were interviewed. The sound was piped into the room, and the women were instructed to name one bachelor as the winner, based on his answers.

"What if you don't like any of them?" Kelley asked.

"Oh, you can stand it for one date," Shine said.

The hostess' interview questions flowed: How would you go about asking a lady for a date? ("With a smile.") How would you feel about a lady bringing you a casserole or a pie? ("That would be OK.") Is there anything that turns you off about a lady? ("Bad language and smoking.")

"I think you gentlemen have done us all a favor by talking about being single and over 50," the hostess said.

Contestant G.G. Humphrey of Sun City West was unimpressed.

"I wonder if they've got any spares in there," she said.

The women picked a winner. Then they traded places with the men.

The men — George Kafka of Sun City, John Pajewski of Phoenix and Jim Shumake of Glendale — hunkered over score sheets, listening intently as the women answered a host's questions.

The host asked about home states, hobbies and pet peeves. The final question was how each woman meets prospective dates — at dances, in singles clubs, at church, through friends?

"Grocery shopping," Kelley answered.

Then the men picked a winning bachelorette.

The lucky couple laid eyes on each other for the first time when they were united onstage. Their identities will be revealed when *Fun Over Fifty* is broadcast Sept. 20 at 6 p.m.

Their prize is a date. With each other. They are to be whisked from Sun City West to a Phoenix restaurant via chauffeured limousine, with a bottle of champagne to fuel their friendship.

Cable firm to offer channel for residents of Sun Cities

By ROBERT BARRETT
The Arizona Republic

Within a few months, residents could watch community events and club activities on a Sun Cities channel on cable television.

"We would use the shows to counteract the impression that Sun Citians are isolated and not interested in the welfare of the entire metro area," Robert Hart said.

Hart and another Sun City West resident, George Herzog, have arranged a community meeting and cable-television demonstration with officials of Republic Cable Television on Feb. 25 at 10:30 a.m. in the Social Hall of R.H. Johnson Recreation Center, 19803 R.H. Johnson Blvd., Sun City West.

"We're going to show them the equipment and show them our training program," said Craig McCrystal, general manager of Republic Cable Television, which serves the Sun Cities and surrounding communities.

McCrystal said the Republic mobile van had videotaped a tennis tournament in Sun City and would show it as a demonstration tape at the meeting.

If there were enough community interest and enough volunteers to operate the equipment, he said, one of the local channels on the cable system would show one or two hours of Sun Cities programming each night.

"It would be a part-time channel initially," he said. "It may balloon into more, but I don't want to limit it."

McCrystal said the residents will determine what they'd like to see on the local channel.

"It could be things like golf tournaments or bowling," he said.

Republic also is talking to officials of the Arizona State University Sundome Center for the Performing Arts to see whether it would be possible to have a half-hour interview with celebrities after their show.

If there is enough interest, McCrystal said, the channel could begin showing Sun Cities events as soon as volunteers were trained on the equipment.

"We think maybe we could fire it up in May or June," he said. "Sooner, if possible."

Continued from Extra A

In addition to programming for residents of the retirement communities, Hart said the cable channel also could be used to teach the surrounding communities about the Sun Cities.

Many volunteers participate in teaching English and act as tutors in local schools, as well as participate in service agenices that help the hungry and homeless in downtown Phoenix, such as St. Vincent de Paul, he said.

"Obviously Republic is doing this so more people will subscribe to cable," Hart said. "There's nothing wrong with that.

"We could make videocassettes of shows for those who don't have cable so they can see the shows. That might be good for people in the hospital, for example."

He said it will happen only if the two communities attend the meeting and demonstrate an interest and willingness to participate.

"Now it's up to us to indicate to Republic the types of programming we'd like to see and participate in the development of that programming," he said.

Cable station planned for Sun Cities

Residents of the Sun Cities will soon be able to use the airwaves to communicate with each other.

Republic Cable, of Glendale, has announced that it plans to offer the Sun Cities its own television channel on the company's cable network.

Last month, the Property Owners and Residents of Sun City West provided the forum for Craig McCrystal, general manager of Republic Cable, to offer Sun Citians the opportunity to design their own channel.

McCrystal put out a call at PORA's general membership meeting for residents with cable or broadcasting experience, to assist in a task force to create a Sun Cities channel.

Sun City Westers Robert Hart and George Herzog, both video "buffs," took up the invitation and provided the preliminary work to get the concept underway.

The combined interests shown by the company and the two residents resulted in the scheduling of a community-wide meeting 10:30 a.m. Feb. 25 at the R.H. Johnson Recreation Center Social Hall.

McCrystal, along with Bill Meyer, community program coordinator, will be in attendance to share plans and seek input from Sun Citians.

Hart says a Republic Cable Mobile Unit will be on hand for tours of the unit and will offer demonstration television broadcasts.

The cable project will not only showcase Sun City and Sun City West events and talents regularly, but interested residents can be trained to eventually produce programs on their own. Volunteers will be taught how to use both the studio (located in Glendale) and mobile unit, he added.

The full gamut of television programming and broadcasting -- from live and taped programs at the Republic studio -- to mobile-camera work will, says Hart, lend another dimension to retirement living in the Sun Cities.

Representatives from clubs, organizations and other groups in the two communities, as well as other residents, are welcome to attend the Sun City West meeting.

Republic will also present plans to complete cable installation in the remainder of Sun City and Sun City West, as well as the upcoming consolidation of Peoria, Glendale, the Sun Cities and other areas into a single system.

Additional information can be obtained by telephoning Hart at 584-9117 or Herzog at 584-1966.

"It is hoped that this will improve the image of the entire two communities," says Hart.

Residents meet officials to discuss cable channel

"We are headed for a wonderful experience here," video buff George Herzog told fellow Sun City Westers present at a Republic Cable Co. presentation in R.H. Johnson Recreation Center Feb. 25

Republic Cable is offering their West Valley market a public access channel where communities such as Glendale, Peoria, the Sun Cities and Youngtown can become involved in creating their own television programs.

In January, Craig McCrystal, general manager of Republic Cable, invited those present at a Property Owners and Residents Association general membership meeting to to assist in a task force organized to create an individual channel for the Sun Cities.

Programs would showcase Sun City, Sun City West and Youngtown events and talents regularly.

Herzog, along with resident Robert Hart, took and performed the preliminary tasks needed to get the project underway.

McCrystal returned to Sun City West Feb. 25 with Bill Meyer, Republic's community program coordinator, to solicit volunteers and show off their remote-transmitting van and various video-filming equipment.

Residents also received a glimpse of the first locally produced program -- "Know Your Sun Cities" -- with Hart serving as the anchorperson.

"I had a lot of calls," Herzog says, "saying this was the same ol' thing and it will not actually happen.

"But Republic Cable is a fresh new start -- we're starting brand new. And we'll actually get cable out in the remaining unserved areas."

Last year Republic bought out Storer Cable's west-side holdings.

McCrystal says at present, Republic is operating two systems, one for Glendale and the second one for other West Valley would like to combine both units.

"We want the different communities we serve to fill in blocks of programs. We can do one- or two-hour blocks and we can repeat them in morning-after shows and prime time," he says.

He added, "I want to impress upon you this is not Republic's channel, but (that it) should be your channel."

The general manager says training, equipment, air time and video tapes will all be provided free to residents.

An application to the Federal Communications Commission is in the mail and Sun Citians will hopefully be able tune-in to their own programs by May 1, 1987.

"The results of our combined efforts should assist in counteracting the impression that the Sun Cities are isolated and not interested in the welfare of others, such as was indicated in the Pierce

Sun Cities TV Production Club needs help

By Diane Holloway

"We need an angel," said Sun Cities TV Production Club Pres. Bob Stolz. "We received a letter from Ivan Johnson, V.P. of community relations at Cox Communications in Phoenix saying that it was closing its public access station 22 at the end of this week."

But there's good news and bad news. Cox is offering the Sun City West club all the equipment at of cost of $1. But where will they store it and who can maintain it? In fact, who can help them run it since the club is composed of amateurs who have always availed themselves of the free services of a Cox Communications technician.

Stolz reminded club members that they rejected the offer of a free videocamera in the past because they couldn't afford to maintain it. "Let's face it, we're not professionals," said Lynn Reed, a club member. "If only we could find a space to put the equipment and someone in our community who worked in TV and knows how to help us."

The group discussed whether to cease operations but with an 11-year history of productions, unanimously voted to continue. They established a committee to explore options. In addition, the original founder, Bob Hart, and other members will meet with Cox Communications spokesperson, Tom Fallon, to discuss how Cox equipment might be transferred to the club.

Ralph Ventura had invited a member of the Phoenicians' men's barbershop chorus to discuss filming a future show. In view of the club's dilemma, the representative heard that there may be no future shows.

The club's last production was scheduled for later in the afternoon, featuring Sheriff Joe Arpaio. "I'll let him know the situation, but I can't ask him for help. That's not his job," said Stolz.

Meanwhile, the group has been offered an hour from 8 to 9 a.m. on Saturdays mornings on Channel 9 if they can find a way to produce any more shows.

"We really can't fault Cox. They've been so generous all these years," said Stolz.

"That's true," said Jan Rettmaster, vice president of the group. "I just wish that some place like the Laughlin Ramada Express, which gave us a great program, could help in funding or space to locate the TV equipment."

"It needs to be close to us, like in Surprise or Sun City West," said Norm Horstman, retiring president from last year.

The club held what could have been its last meeting except for the determination of the members to search for people and places to help them set up their own studio or a co-op studio to continue their productions. Anyone interested in helping is directed to call Ralph Ventura at 584-9896 or Lynn Reed at 584-2579.

NEW GAME SHOW LAUNCHED BY TV CLUB, "FUN OVER FIFTY"

The Sun Cities TV Production club's latest effort "FUN OVER FIFTY" will be shown on Channel 24 on Wednesday September 20th at 6:00 pm. Shown above is Lynn Reed, one of the show's co-hosts, interviewing the three female contestants on the show's first episode. They are (l-r) Helen Shine, G.G. Humphry and Helene Kelley. Anne Delo interviewed three male guests and then the contestants themselves voted to determine winners of the first show who will have dinner as guests of The Pointe in Tyme Restaurant, and will be driven there by a Limousine supplied by The Madison House. Each of the other contestants received luncheon for two at Sun Ridge's Ridge Club. Any eligible senior, over 50, interested in becoming a contestant on future shows may apply by contacting The Northwest Chamber of Commerce at 583-0692 between 9 am and 4 pm Monday thru Friday.

Lights! Camera! And plenty of action!

From lighting and filming to hosting and editing local programs, the Sun Cities Television Production Club does it all.

For about nine years this group of diligent seniors has produced programs for public-access cable-TV Channel 22.

With no outside involvement, except the use of the equipment and studio at able operator Cox Communications in Glendale, the club broadcasts four shows each Wednesday from 4 to 6 p.m.

With six or seven people working on each show, the club usually produces two new programs each week, allowing them to rerun some of their best shows to fill the two-hour time slot.

Founded in 1987 by Robert Hart and George Herzog, the primary mission was to "showcase the Sun Cities through the television medium," Mr. Hart says.

The club's goals have changed slightly but the production club still strives to show the positives of living in the Sun Cities.

"The original goal still exists, but now we want our programs to make a significant contribution to the education and betterment of the overall community," Mr. Hart says.

In addition to issues pertaining to senior citizens, the production club has focused on youths in Arizona and the contributions of juveniles to society.

"I am so interested in showing the positive things young people do these days to offset all the negative things said," Mr. Hart says.

The club, composed of about 15 active members, produces two shows every month with Sheriff Joe Arpaio. These programs are particular favorites for those involved in the production process.

Ralph Ventura, who worked as an animator in "his real life," says the programs with Sheriff Arpaio are

gratifying for the staff and interesting for the viewer.

"Working with him is great. He does it for us (Sun Citians and the club)," he says, adding, "One of our hopes is to get Sheriff Joe Arpaio to say something so controversial on our program that people all over take notice of our show."

Vera Keeler, president of the club and a member for about eight years, agrees.

"We are really happy with the shows we do with Sheriff Arpaio," she says. "The shows are very informative and they show aspects of the sheriff's department people don't know about."

Although it is difficult to know how many viewers actually tune in on Wednesdays, because there is no rating system, Ms. Keeler says she is often surprised how many comments she gets after a broadcast.

"I have been shocked and surprised by the number of people who do watch public-access television," she says.

Editor:

On behalf of the Sun Cities TV Production Club, thank you for publishing our monthly program schedules, which are shown on Dimension Cable, channel 22 each Wednesday from 5 to 7 p.m.

We try to focus our shows on topical and interesting subjects, aimed at local residents. An example was the opportunity to tape and air the annual MDA benefit at the Crestview for which your paper was a sponsor.

We hope Sun Citians who have cable will tune into some of our shows. Although most of our members are not pros, we are quite proud of the timely subject matters and quality of the programs that we produce.

Thank you again for your support.

Officers selected for Sun City TV club

SUN CITIES — The Sun Cities TV Production Club has chosen new officers.

They are: Robert Hart, president; Vera Keeler, vice president; Ruth Welsh, secretary; and Kay Dusek, treasurer.

The club's goal is to showcase the Sun Cities and surrounding areas by producing programs that stress community involvement, feature events of communitywide interest, provide a forum for local entertainers and for discussing current issues.

Programs are aired from noon to 2:30 p.m. Wednesdays on Dimension Cable public access channel 6 in Glendale and channel 38 in the rest of the northwest Valley.

Call 584-9117 for information.

After you've given a command, ready the next command if you have time. Make sure you say "ready" clearly, so no crew member thinks the command is an immediate order. Be several lines ahead of the script at all times, and prepare all positions for next action when possible. If time prohibits "ready" cues, tell your crew during the run-thru that you'll be calling the commands quickly at a given point in the show, and they should be prepared to follow them without previous warning. Shot sheets will help your cameramen ready their shots. Reviewing your script with your crew before the shoot will also make for a smoother production.

MAKE COMMANDS AS BRIEF AND CLEAR AS POSSIBLE, MAKING SURE YOU INDICATE WHO IS TO FOLLOW THE COMMAND. USE SCRIPT ABBREVIATIONS (MS, LS, ECU, TAL, DISS, ETC.) TO KEEP YOUR SCRIPT UNCLUTTERED.

Above all, thorough pre-preparation will allow maximum utilization of Access Studio time.

MICROPHONES

What is the difference between a condenser and a dynamic type microphone? What does cardioid mean? The following paper offers explanations of some of the terms associated with microphones.

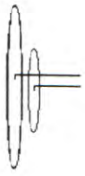

A microphone is a transducer; a device that converts one form of energy into another. Specifically, a microphone converts acoustic energy (sound) into electrical energy (the signal) which is amplified and stored by the recorder.

AUDIO 12

Transducer Types

Microphones can be grouped into two types depending upon how they operate, these types are *dynamic* and *condenser*. A dynamic microphone (also called a moving coil microphone) is shown in the diagram on the left. In this type of transducer, a coil of wire (attached to a diaphragm) is suspended in a magnetic field. Sound waves vibrate the diaphragm and the coil of wire which generates the electrical signal.

In the condenser microphone (also called a capacitor microphone), a conductive diaphragm and an adjacent metallic disk are charged by an electrical current forming what is called a capacitor. Sound waves vibrate the diaphragm and vary the spacing between the plates; this alters the amount of electrical charge and produces the signal. Condenser microphones require a battery that supplies the electricity to charge the plates, although some models can be externally powered.

A condenser microphones diaphragm is extremely light weight and therefore responds fast to changing sound waves (transients). With a good condenser microphone, you can hear all the "ting" of the cymbals, or the plucking of each string in a strummed guitar chord.

By contrast the dynamic microphone works without a power supply and provides a reliable signal under a wide variety of environmental conditions. A well designed moving coil microphone is quite rugged and can accept very loud sounds without overloading. This ability suits it for miking loud speakers and drums.

camera, but from the sides and from behind as well. While this will allow you to record all the sound in the room, this is not always desirable. When sound on a video program seems to come from "off camera", it can leave the viewer feeling left out of the action. Also an omni-directional microphone will pick up sounds being made by the camera operator or even the camcorder itself.

Uni-directional microphones are probably the most popular type to be used with a camera. They reject noise being generated from behind the camera and will mostly pick up all the audio within the cameras view.

Camera mounted microphones are very handy but they are not your only choice. Hand held microphones can also be plugged into the camcorder. By using a hand held mic, you can "interview" guests at a wedding reception. Or by using a longer cord, the microphone could be placed near an empty birds nest. When the birds return you can video tape from an undisturbing distance and still pick up all the sound.

Another type of microphone is known as a *lavalier* microphone. A lavalier is a miniature microphone like TV newscasters use which clips onto the announcer's tie or shirt. The lavalier can be a great microphone to use with a camcorder since the microphone is so small it will hardly be noticed in the video picture. A lavalier mic can also be clipped onto an acoustic guitar or other musical instrument. This not only keeps the microphone close and out of site, it also allows the performer to move around without being "off mic".

Impedance

Microphones are available with different output impedance's. *Output impedance* is a rating used to match the signal-providing capability of the microphone with the signal-drawing (input impedance) requirements of the device that the microphone is connected to. Impedance is measured in units called ohms and its symbol is "Z". A microphone that has an impedance rating between 150 and 600 ohms is considered to be of low impedance type (Low Z), while 1000 to 4000 ohms is medium, and above 25000 ohms (25 kilohms) is high (High Z). Check the specifications of the device you will be connecting to the microphone, to see which impedance type you should use.

Low impedance microphones are generally preferred for recording because they allow the use of long microphone cables without picking up noise or losing high frequency signals.

Summary

We've discussed some microphone types and terms You should now have a better understanding of the different types of microphones and their use. Remember, there is no one "correct" microphone to use in any particular situation, the only guidelines are to use what works best for you. Microphone placement will greatly affect the microphones sound, so don't be afraid to experiment. Quality recordings, however, always require good quality microphones.....Happy Recording!

PRO VIDEO PLUS

Pro Video Plus is a computer graphics system that will let you use up to 16 colors per line, along with four letter and four type styles, which in combination with 92 different page transitions will allow you to produce vibrant and exciting graphics to enhance your production.

You have up to 100 pages to use, singly or in a series and can enter a different transition on each one.

To begin, place your data disk in the drive slot in the rack above the keyboard. While pressing the shift key press F5. Using the ↕↔ keys cursor to load. Hit "Return" Cursor to "Job". Hit "Return" Cursor to your file name and hit return. Your file is now loading.

FUNCTION KEYS

F1 LINE SIZE - Each Pro Video Plus page has "lines" like a piece of notebook paper. These lines cannot normally be seen, and come in four sizes. You may not put a larger size font on a smaller line, but may put a smaller font on a larger line. The larger size lines you use, the less lines are on the page. Adjust line size using F1.

SHIFT
F1 "GO TO PAGE" - By using this function you can go from page to page, and if you wish, duplicate one page onto another. By typing the numerals 00 to 99 you can call up whatever page you want. If you would like to duplicate a page call up the page you want to duplicate. Press the shift and the "D" keys. Type the number of the page you wish to copy the page to. Then type "Shift G" to return to the "Go To" mode. Be sure you do not have something you sish saved on the page to which you duplicate something. Whatever was on the page will be obliterated.

F2 FONT ATTRIBUTES - The F2 key is the method by which the style and color of lettering you which to use is selected. By using the ↑↓ keys, you select your type style, and by using the ←→ keys, you select your letter color. By pressing F2 and hitting return twice, you will pick up the attributes of the letter the cursor is resting on.

F3 ITALIC/KERNING - By using this function you can italicsize a line at a time. Using the ← → keys, cursor over to Italic "ON". Your line will now have italic attributes. If you do not want the line italicsized, cursor to Italic "OFF". If you wish italics, the entire line must be italicsized. When compled, press "Return".

F5 CLEAR LINE/PAGE - This function will clear either the line the cursor is on or the page from the cursor down. The clear a line use the ← → keys to cursor to "TEXT" and hit return. The line will clear. To clear the page, cursor to Page "TEXT" and hit return. The page will clear from the cursor down. If you cursor to "TEXT PLUS" on either the line or page, it will be cleared of all lettering and all attributes such as italics, shadow, edge, letter color, etc. Until you re-enter these attributes, you will have nothing but small white letters.

SHIFT

F5 LOAD/SAVE JOB - This key will allow you to save your work, or to load in work previously prepared. You must load or save all 100 pages of your file. You cannot load or save parts of your work. Whatever is loaded or saved will replace what was there previously. To LOAD, Press Shift F5. Cursor to "Load", hit return. Cursor to DF1, hit return. Cursor to "jobs", hit return and finally cursor to your file name and hit return. Your file will now load. When you wish to save your work, press Shift F5 and cursor to "Save", hit return. Cursor to DF1, hit return. Cursor to "jobs", hit return. Then cursor to your file name and hit return. Your file will save. NEVER, NEVER remove a disk when the file is loading or saving. The light on the drive will go out and the cursor will return when the loading or saving function is completed.

F6 JUSTIFY LINE/PAGE - Function F6 allows you to center a line or the page from the cursor down, or to line one or more lines up to the left or the right margin. Press F6. Use the ← → keys to cursor to to "Line, center, right or left" or "Page, center, right or left". Press return. Your line or page will justify to the location you desire.

SHIFT
F6 LINE MOVE OPTION - This function allows you to move lines up and down on a page, or to copy a line to elsewhere on the same page or to another page. Press shift and F6. Use the ←→ keys to cursor to the function you want . To move a line up on the cursor to "UP". Press return. The line will move up one line. Press return again. The line will move up again. Cursor back to ←→ , the home space and press return. To move a line down, repeat this process, only cursor to "DOWN". To copy a line, place the cursor on the line you want copied. Cursor to "TO MEMORY" Press return. Now cursor to where you want the line copies. Be sure the size of the line you wish to copy is the same size as the line to where you wish to copy. (see F1) You cannot copy to a different size line. If the is the same size, press shift F6, cursor to "FROM MEMORY" and press return. The line will copy. The line will stay in the memory until it is replaced by something else. In this manner, you can copy one line to another page. All lines copied in this manner will include all attributes of the original line, including shadow, edge, color etc.

F8 SHADOW/EDGE - This function will allow you to place a variety of sizes and colors of shadows and edges on your letters. Press F8. By using the ← → keys you can chose the color of shadow and edge you wish to use. You have shadow values from 00 to 10. By pressing the "-" and "+" keys, you can choose the degree of shadow you want to use, with the higher number being the deeper shadow. Now, by using the ↑↓ keys, you can pick the direction you want the shadow to cast. Now press shift E. By using the "-" and "+" keys you can choose the amount of edge to put on your letters. By pressing Shift S you can return to the shadow values. If you have completed designing your edges and shadows press return. The edges and shadows are the same for the entire line you are working with.

SHIFT
F8 TRANSITIONS - By suing this key you can program one of 92 different transitions onto each page. By typing 03, for example, you will get a compression. Use the S and shift S to control the speed which you want a transition to occur. The transition you enter on a page controlls

how the page will come on the screen. The transition of the page that you pick to follow that page will control how the page goes off the screen (as if it were "pushing" it) When you have entered your transition, press return.

OTHER USEFULL KEYS

BACKSPACE KEY - On the upper right corner of the keyboard, the backspace key deletes, one at a time, the letters in back of the cursor.

DELETE KEY - One by one, the delete key removes the letters in front of the cursor.

ESCAPE - The escape (esc) key is what transferres you from the edit mode (with a cursor) to the display mode (no cursor). After you have finished setting up your pages, hit "esc" and the cursor will be removed. You are now ready to display your graphics. To return to the edit mode, hit "esc" once again.

To call up the page you wish to display, while using the display mode, type the page number, alway a two-digit numeral, and press return. Your page will transition onto the screen.

To superimpose the page onto the video, press the control key and the number 1. To remove it, again press "Control 1".

If you want to superimpose the transition, call up a blank page. Press control 1. Now type the page number and press return. The page will transition onto the video. Now type the number of the next page, and press return, or remove the page by pressing control 1. Or remove the page by calling up a blank page with a desired transition, and then press control 1.

VIDEO EDITING and DUBBING

Your daughter's birthday party has just ended. You have spent two and a half house videotaping twenty 5 year old kids running around, playing, and having the times of their lives. A lot of the things you recorded were classic. Some weren't. How do you reduce 2 1/2 hours of juvenile jocularity down to the 45 minutes you really want to see?

You've just returned from a beautiful vacation and you have it all on tape. You'd like to send a copy to your parents, but they have a VHS unit and you took the movies in HI-8.

The need to make tapes only showing what you want to see, along with the increased flexibility of today's consumer products, are some of the reasons why video editing is becoming more and more common in American homes today. Amateur film makers are even using the hi-end consumer products for some of their applications. Consequently, we put this article together to give you some suggestions on ways to achieve your editing objectives.

How Many Types of Editing are There?

Manual Assemble Editing (or copying an Entire Tape) is the easiest of all editing methods because you push the play and record buttons on your VCR and /or Camcorder. The only information that is transmitted from one unit to the other is the audio and video information. You have to control both units. Manual editing is the style to use when edit point accuracy is not the highest priority.

Synchronized Editing allows for a more accurate cut in and cut out because, in addition to transmitting audio and video information, the recording VCR now sends control signals to the play back VCR or Camcorder. To do synchro editing, both units have to use the same control signal formats (eg. control S and Control L). If this isn't possible, then some type of external controller or editor is needed between the two video units.

Insert Editing (Video and/or Audio) replaces sections of video while keeping the audio information the same; or inserting additional audio (like a narration) onto an existing scene. With audio inserting, it may even be possible to place your audio information on top of the existing audio track.

In order to perform this function, the VCR has to have the capability. It cannot be performed in any other way. It is recommended that you read the operation manual of your unit before attempting to Insert edit.

VIDEO 03

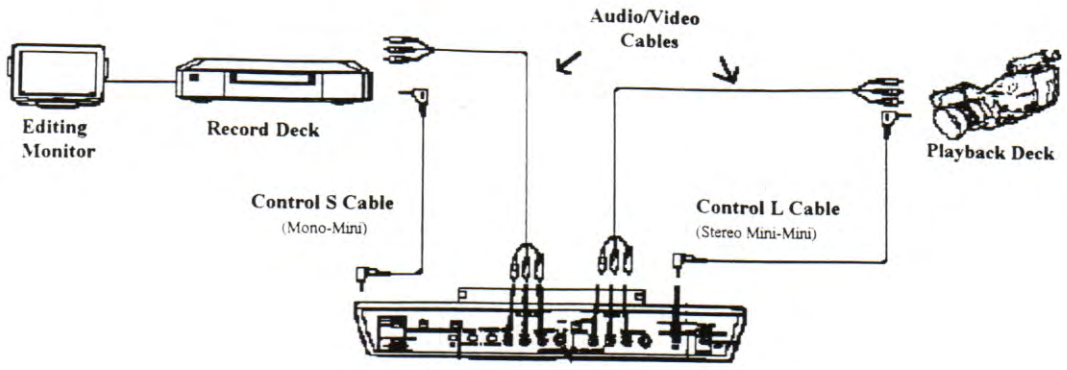

Figure 1 Typical hook-up chart using an editor and two Sony units.

Automatic Assemble Editing uses a recorder, a play unit and an editing controller like Sony's RME-700. By programming the edit points directly into the controller, you can preview each one before they're done, and then have the controller do the work.

When assemble editing with Sony editors, the playback unit has to use either Control L or Control S as a control signal format, the Recorder does not. This is because most Sony editors can learn NON-Sony remote commands. Audio and Video cable only need be connected to the edit controller if the controller can superimpose tittles on to the edit.

Additional Recommendations before Beginning

Make sure you have all the correct cables necessary before beginning. The following is a list of possible cable types needed to perform an edit on SONY products.

A. Control cables- The most common Control format presently used on SONY video products is Control L. These cables come with stereo mini-mini plugs, 5-pin DIN cables, or a combination of the two.

Though not as common, but still available on SONY VCR's is Control S. Note that these two formats (though both SONY designs) are not compatible. You can not go directly from a Control S jack to a Control L jack. In fact, Control S is physically different from Control L (mono-mini is 3.5mm in diameter as opposed to a stereo mini-mini which is smaller).

Finally, if one of your units is NON-SONY, it will probably use a completely different form of control signal. If this is the case, it will be necessary to use some type of edit controller (e.g., Sony RME-300 or RME-700 as shown in figure 1) that can learn NON-Sony commands.

B. Phono or Line Cables- these are the cables that send the composite video and audio (left and right) information from the play back deck to the record deck. The example shown here contains all leads in a single cable. This is not the only configuration these can come in. You can get Phono cables in set's of one (video or mono audio) or two (stereo).

C. Control S (separate Video) - This cable is used to transmit video in its two basic components (Luminance and Chrominance). You should use S-Video if your equipment has S-Video capability. Transmitting in this fashion tends to reduce image noise overall. Note however that your editing controller can not translate video from S-Video format to standard Video.

I. PUBLIC ACCESS POLICY AND GOALS

Dimension Cable Services is dedicated to providing high-quality Public Access programming. Dimension Cable Services views Public Access as a community service which makes designated cable television channel time and production facilities available to members of the communities it serves. In this way, Public Access programming offers an opportunity for the community to use the mass medium of cable television.

Dimension Cable Services adheres to and supports the policy of equal and equitable opportunity to all persons and groups regardless of race, ethnic background, age, sex, religion, ability or income status. Dimension Cable Services will not deny use of cable television channel time or production facilities to anyone on the basis of philosophical points of view or subject matter. However, Dimension Cable Services reserves the right to refuse Public Access requests based on federal law and local community standards regarding program content and technical quality.

Dimension Cable Services's goals for Public Access are as follows:

1. To make designated cable television channel time available to community members and groups within their license area for the purpose of presenting non-profit, non-commercial, programs focusing on local community interests, affairs or concerns.

2. To provide the community with Public Access programming that is (1) initiated and produced or (2) represented by local community members.

3. To insure that the community is provided with technically good-quality Public Access programming.

4. To provide production training and technical advice to eligible Public Access users as needed.

5. To protect against violation of any federal, state, or local laws.

6. To protect against any misuse or damage of Dimension Cable Services facilities.

II. PUBLIC ACCESS USER RULES, REGULATIONS AND GUIDELINES

The following rules and procedures shall apply to all Public Access users, however, Dimension Cable may waive any restrictions or limitations in these rules based on reasonable Public Access usage:

A. Qualified Programming

Public Access Programming refers to commercial-free programming produced by community members solely for playback over designated Public Access channel(s) on Dimension Cable Services. The program content and video technical quality must meet the standards set forth in these guidelines. All guidelines apply to both programming produced in Dimension production facilities and to programming sponsored by a community member or group.

B. Eligible Users

Any responsible individual residing in or group with a business address within Dimension Cable Service's license areas is eligible to apply for Public Access use in that license area. Residents of Dimension Cable license areas that do not have production facilities may use production facilities in other Dimension Cable Service license areas, subject to the applicable rules in that license area and availability of the facilities. All Access facilities users must complete free Public Access training provided by Dimension Cable. Upon certification, a public access use card will be issued to the user for the use of one Public Access facility. Public Access users may only be certified to produce shows in access facilities in one Dimension Cable license area at a time. To change certification area, Public Access users must exchange Public Access use card and attend training for the new studio of their choice.

Minors (under the age of 18) shall be permitted to use Dimension Cable Services's system facilities only if they are accompanied by an adult who shall assume all legal responsibility for the program and actions of the minor(s). This adult shall also be responsible for obtaining all authorizations required for use of the Dimension Cable Services facilities.

C. Program Content Guidelines

Dimension Cable Services will not arbitrarily refuse any qualified Public Access request nor exercise

control of Public Access program subject matter. However, Dimension Cable Services shall insure that the program content is in compliance with federal, state, and local law. Guidelines governing Public Access program content are as follows:

1. Programming of a commercial nature or containing any of the following is prohibited:

   a) advertising material designed to promote the sale of commercial products or services, including any aural or visual display or representation of a commercial business, store, product, service, trademark, service mark, trade-name, logo or jingle;

   b) solicitation or appeals for revenue or funds in any way;

   c) advertising or appeals for funds on behalf of qualified candidates for public office and/or ballot initiatives and measures.

Bona fide newscasts, news interviews and on-the-spot coverage of bona fide news events containing political candidates or sponsors of ballot measures are permissible.

2. Underwriter sponsorship tags may be used but are limited to video text-only standard block letters appearing no more than 15 seconds at the beginning or end of the program. Logos, trademarks, service marks, trade-names, products, slogans, jingles, and/or the address and phone number of the sponsor are not permitted.

3. Public Access programming may not be used for illegal purposes. Dimension Cable Services assumes no legal responsibility or liability for Public Access programming. Users responsible for illegal programming or programming containing information defrauding or intended to defraud the viewer shall forfeit their right to use Dimension Cable's Public Access facilities or air-time.

The following are examples of types of illegal programming which are prohibited by applicable federal, state or local laws:

   a) Information about any lottery, gift enterprise or similar scheme offering any prizes gained by lot or chance or any whole or partial list of prizes awarded by lottery, gift enterprise or similar scheme is prohibited. (Violation of this rule is subject to criminal liability under federal law, Title 18, U.S.C. Sec. 1304.) For example, a program violates this if it is connected with a valuable prize awarded to any person selected by lot or chance, if the winner is required to furnish anything in exchange for the prize, or if the winner is required to buy or have any product from a sponsor of the program.

   b) Material which is intended to defraud the viewer or designed to obtain money by false or fraudulent means is prohibited. (Violation of this rule is subject to criminal liability under federal law, Title 18, U.S.C. Sec. 1464.)

   c) Indecent or obscene matter is prohibited. (Violation of this rule is subject to criminal

liability under federal law, Title 18, U.S.C. Sec. 1464.)

4. Any users providing Public Access programming shall be required to advise Dimension Cable Services whether or not their programs involve the use of copyrighted material or material subject to other ownership or royalty rights. If so, the user must provide written evidence of all necessary clearances and arrangements with the program owners, copyright, trademark logo or service mark owners and owners of any performing or royalty rights before the program may be produced in Dimension facilities or aired. Specific copyright guidelines for music exists. Where necessary, Public Access user must secure and provide to Dimension Cable necessary authorization from ASCAP or BMI.

5. All Public Access users assume complete responsibility for programming content whether produced or sponsored. Any disputes concerning the programming shall be resolved between the Public Access user and the complaining party.

6. Dimension Cable Services and the Licensing authority assumes no responsibility to the Public Access user or any other party for any legal liabilities for Public Access programming. Public Access users shall sign this *Public Access Guidelines and Agreement* releasing Dimension Cable and the licensing authority from all liability including programming costs. Users must be aware applicable local, state, and federal laws.

D. Videotape Playback Requirements

1. A signed *Public Access Guidelines and Agreement* must be on file before videotapes are submitted for playback, and a *Public Access Application* must accompany videotapes before air-time can be scheduled or any scheduling of production facilities.

2. *Public Access Application* (see attached) for airing of videotapes should be submitted to Dimension Cable Services's Public Access Department before the 15th day of the month prior to the month it is scheduled to run with time scheduled on a first come, first served basis as available. Additional time may be necessary for program listing purposes. A *Public Access Application* must be submitted for each new program or program series. Applications may be delivered, mailed or faxed, where available.

3. All *Public Access Applications* and records are public and are kept on file for a minimum of two years.

4. Unless otherwise agreed upon, all Access videocassettes shall be submitted to Dimension Cable's Public Access Department before the 15th day of the month prior to the month it is scheduled to run, in the proper format. Tapes supplied in an incorrect format will be returned to the Public Access user, and air-time must be rescheduled.

5. To secure a regular time slot for a program series, the Access user must provide one month's supply of programming to the Public Access staff in advance. The length of the program and requested time slot in the schedule must match. Dimension Cable reserves the right to cut short any tape that runs over its scheduled time.

6. Tapes provided by Dimension's Public Access facilities shall become and remain the property of Dimension Cable Services and remain on the premises at all times. Tapes provided by Access user(s) shall remain the property of the Access user(s). Program tapes will be maintained in the tape library for approximately three months depending on airing schedule, seasonality and series status. Best efforts will be made to inform the producer when tapes are to be disposed of. Dubs for private use must be made during editing process.

7. Dimension Cable Services reserves the right to review all programs submitted to ensure they meet the technical standards (See Section E (3) for Technical Standards), are non-commercial, and do not contain material inconsistent with local, state and federal law, including but not limited to obscene material or material concerning a lottery.

8. Dimension Cable Services reserves the right to run a statement of disclaimer before and/or after each public access program to alert customers that the views expressed in the program are not necessarily the views of Dimension Cable or the licensing authority.

9. Dimension Cable Services reserves the right, but has no obligation, to publicize and/or promote any public access program aired on its channels.

E. *Videotape Standards*

1. Only three-quarter-inch (3/4") videocassettes that are capable of being time-base corrected and played back on a BI will be eligible for airing. Half-inch (1/2") will be accepted when and where equipment is provided in Public Access facilities.

2. Program audio must be mixed and recorded on Channel 2 only.

3. The program videotape must be of good quality (one volt peak-to-peak), maximum third generation, with low noise content and a minimum of color smearing.

4. Tape standards must begin with 30 seconds of color bars (or black) and slate followed by 15 seconds of studio black, then program video. The tape should also have 15 seconds of black at end of show.

5. Tapes must be electronically edited (on an editing machine). Camera edits caused by turning camera off and on while shooting are not acceptable due to poor quality when amplified.

6. A separate tape for each individual show is preferred.

F. *Tape Labeling Requirements*

All submitted videotapes must be properly labeled on the outside of the cassette case with labels supplied by the Public Access staff. The actual video tapes must be labeled by the producer. The information required includes:

1. Title of videotapes (if multiple programs, segments numbered with title/cuts).

2. Approved and assigned air-dates and times must be on the Dimension provided label or tape will not be aired. If tape is user-provided, this must be indicated on the label. All Dimension-provided tapes will be bulk erased 90 days after last air date.

3. Name and phone number of producer (supplier of tape).

4. Time of videotape in minutes and seconds (from fade-up to fade-out).

5. Pull date/bicycle-rotation date.

G. *Playback Scheduling*

Dimension Cable Services will allocate designated Public Access air-time as equitably as possible. Scheduling is the ultimate responsibility of Dimension Cable Services. The following scheduling guidelines will be followed:

1. Programming is scheduled on a first-come, first-served basis, according to availability.

2. Locally produced Public Access programming (any programming produced in a Dimension Cable valley-wide service area) shall have first priority over any other Public Access programming.

3. One program series (a sequence of shows under one title; multiple programs under one title) may not dominate a particular day of the week or a time each week for more than 13 consecutive weeks, unless no other requests have been made for that day or time. There shall be four 13-week periods per year coinciding with calendar quarters. (See Appendix D) To be considered for a 13 week grid-scheduled series, a producer must complete a channel time request and submit 4 episodes, which are to be submitted prior to the start of the next grid start date. All series programs will play a maximum of 1 time per week.

4. A single program (a sole program; an individual topic; a show that is not part of a sequence or series) may run a maximum of one time a week, for up to four weeks -- four total airing -- within any six-month period. To be considered for a single program - 4 week scheduled run time, a producer must submit the channel time request and tape before the 15th day of the month prior to the month it is scheduled to run. The program will be scheduled to start the 1st week

of that month and run for four weeks or to the start of the next grid schedule. All single programs, not series, will play a maximum of 4 times.

5. The first four hours of program time each week by any single producer, entity, affiliation or organization will be given priority time slots. Additional programming time is available at non-priority time slots.

6. It is the sole responsibility of the Public Access user to deliver and pick up pre-produced program tapes at Dimension's designated Public Access office(s) (Chandler, Mesa, Tempe and Phoenix Studio B - See Exhibit C.). Public Access users should call the Public Access staff 2 business days in advance to assure the tapes are available for pickup when complete. Dimension Cable will accept and library a maximum of one month's programming for a series.

7. Additional guidelines to ensure equitable time sharing among community members may be imposed when necessary.

8. Dimension Cable must be notified if programming contains explicit images including but not limited to: excessive violence, nudity, use of profanity or explicit discussion of sex acts. Notification of this is required in order that Dimension Cable may schedule air-times after 11:00 P.M. Any program airing in a weekly slot before 11:00 P.M. that wishes to air a show containing any of the above material must waive its normal air-time in exchange for an air-time after 11:00 P.M. for that show only.

9. Dimension Cable reserves the right to replay videotape programs beyond their original schedule.

H. *Liability for Scheduling and Damage to Videotapes*

1. If Dimension Cable Services fails to air all or part of a Public Access program for any reason including but not limited to equipment failure or other causes beyond the control of Dimension Cable Services, such failure shall not be considered a breach of Dimension Cable Services's agreement to provide Public Access channel time, and shall entitle user to reschedule said program.

2. Dimension Cable Services shall make best efforts to insure that submitted videotapes are returned to the supplier in as good a condition as submitted, taking into account reasonable wear and tear. If a videotape is lost or damaged, Dimension Cable Services's responsibility shall be limited to the replacement of a new videotape of the same type and quality.

I. *Training*

1. Dimension Cable will provide training to eligible Public Access users (as defined in Section 2, item B) as needed. This training does not count against a Public Access user's maximum facility usage of six (6) hours per month, as specified in Section J.2. of these guidelines.

2. Anyone desiring to use Dimension Cable's Public Access production facilities is required attend a free Public Access training. All crew members must attend the free training and gain the technical knowledge required to use Dimension's Public Access facilities independently.

3. Public Access users that have not been actively involved in producing a program in a Public Access facility within a 12-month period, must attend another training session and be recertified before using Public Access equipment and/or facility.

J. *Production Equipment and Facilities Guidelines*

Unless otherwise specified, Public Access production facilities (studios, editing facilities and portable/remotable equipment) shall be governed by the following conditions:

1. Any eligible Public Access user with a current Public Access Certification Card for a designated studio may use Public Access production facilities at that designated studio to produce Public Access programming as defined in this document for air on the designated Public, Educational or Government Access channel(s). Public Access facilities use must be scheduled by Dimension's Access staff and no trading or exchanging of reservations between groups is allowed.

2. Public Access production facilities shall be scheduled on a first-come, first-served basis. Each eligible and trained Public Access user is allowed a maximum of six (6) free production facility hours per user/producer/project/series each calendar month. This time shall be scheduled in three-hour blocks. This time is non-cumulative, non-transferable and includes set-up and strike. Reservations can be made no more than three (3) months in advance.

3. The producer is required to notify the staff of any cancellation of reserved equipment or facilities twenty-four (24) hours prior to the scheduled reservation. Three failures to cancel in advance within a three (3) month period will forfeit the violator the right of production facilities use for six months. Producers must arrive and claim their reservation within fifteen (15) minutes of the scheduled starting time. Failure to arrive within fifteen (15) minutes of the scheduled time will result in forfeiture of the entire reservation.

4. No signage of any kind may be attached or fixed to any Dimension Cable Services equipment or property. Signage stating or implying that coverage of an event or taping on location is sanctioned or produced by Dimension Cable or the Public Access Channel 22 may not be attached or fixed to privately owned equipment or displayed where production is taking place.

5. All facilities will be scheduled in advance on a first-come, first-served basis according to availability. A minimum one (1) hour remote check-out procedure is required, and proper remote paperwork must be submitted before equipment is released. Time required for remote check-out and check-in will not count against a Public Access user's maximum facility usage of six (6) hours per month, as specified in Section J.2. of these guidelines.

6. Public Access studio and remote single-camera production facilities are available during posted business hours as described in *Exhibit A* and must be scheduled at least four (4) business days in advance with the Public Access staff. Where available, 1/2 inch remote, single camera equipment may be checked out on a first-come, first-served basis according to availability and provided that:

a) 1/2 inch equipment check-out shall be during normal posted business hours and for a maximum of three (3) overnight per week. 1/2 inch equipment check-out on Friday for the weekend (Saturday and Sunday) shall count as only two (2) overnight.

b) Unless special arrangements have been made, all remote, single camera equipment checked-out overnight must be returned by 10 A.M. the following day (or 10 A.M. Monday if equipment is checked-out Friday).

c) Each Access user shall be entitled to one free overnight check-out of 1/2 inch remote equipment per month or one free weekend check-out of 1/2 inch remote equipment per month. Each free overnight check-out or free weekend check-out of 1/2 inch remote equipment shall count as three (3) hours of the maximum six (6) hours of free monthly production facilities usage as provided in Section J.2. of these guidelines.

7. Public Access user(s) checking out remote, single camera equipment must accept all liability for damages and/or loss of this equipment.

8. No equipment may be taken out of Maricopa County.

9. Any additional time over the free allotment will be charged at the rates specified in *Exhibit B*. No hours are prorated. The fees are calculated by a flat rate booked by the hour. All fees are due and payable prior to the actual production. Applicable remote fees are due when equipment is returned.

10. If the Public Access user checks out portable equipment but does not produce a program within 60 days as a result, the Public Access user cannot check out additional portable equipment for six months or until the show is completed. Extensions to the time frame will occur with equipment failure and/or no studio time available.

11. Dimension Cable Services will refuse use of production facilities to any person reasonably suspected to be under the influence of alcohol or drugs or acts in a disruptive manner.

12. Dimension's Public Access staff shall be in charge of all Access facilities and will enforce rules regarding conduct and procedures at the production facilities.

13. All Public Access production facility users will be required to satisfactorily complete the necessary planning and background work to prepare the show for production.

14. Dimension Cable will provide a reasonable amount of videotape for Public Access use.

15. The Public Access user is responsible for any special graphics, art cards, props or equipment required for the production.

16. Dimension Cable will retain Public Access feedback forms, which will be provided at each Public Access facility, for 90 days following Dimension Cable's annual report(s) to its licensing authorities (if required in its license).

K. ***Disciplinary Action and Recourse***

Failure to comply with these guidelines will result in forfeiture of Public Access privileges. A Public Access user may appeal any disciplinary action by submitting a written statement to the Dimension Cable Production Director. All appeals must be submitted within ten (10) business days of the date of the disciplinary action. The disciplinary action will remain in effect throughout the appeals process.

The Dimension Cable Production Director will investigate the circumstances surrounding the disciplinary action and return to the user a written decision within ten (10) business days from receipt of the written statement from the user.

13 WEEK GRID SCHEDULE

FOR PUBLIC ACCESS CHANNEL 22

Requests for each new grid may be submitted from the start date of the previous grid. Requests are scheduled on a first-come, first-served basis. Locally produced programming will have scheduling priority over outside produced programming. Locally produced programming is programming produced in a Dimension Facility or in the Dimension franchise area. Outside produced programming is programming produced outside the Dimension franchise area and submitted by a local sponsor. Scheduling for each grid will begin one month prior to the start date of that grid.

Requests for Grid Two beginning March 22, 1993 will be taken beginning December 21, 1992. Requests for air-time must be submitted for Grid Two by February 15, 1993.

Requests for Grid Three beginning June 21, 1993 will be taken beginning March 22, 1993. Requests for air-time must be submitted for Grid Three by May 15, 1993.

Requests for Grid Four beginning September 20, 1993 will be taken beginning June 21, 1993. Request for air-time must be submitted for Grid Four by August 15, 1993.

Requests for Grid One beginning December 20, 1993 will be taken beginning September 20, 1993. Requests for air-time must be submitted for Grid One by November 15, 1993.

All other requests for air-time must be submitted by the 15th day of the month prior to the month for which the request is being made. These will be scheduled in the closest available time slot on a first-come, first-served basis. However, submitting the request for the following grid should increase chances of receiving the time requested.

PUBLIC ACCESS TRAINING REQUEST CHANNEL 22

According to Joan Shafer, WCSAP board member, "It is important that we reach the youth before they enter the sixth grade in order that they learn the full consequences of breaking the law. The first trial was planned with a student be being accused of participating in a gang fight. The second was a staged trial of a drug dealer with an "user" informant for a witness. The students learned that users and dealers will give up their clients for a lesser sentence.

Faith Community Conference Recovery Through Spirituality

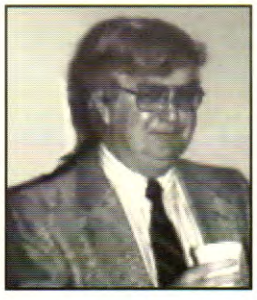

Faith Community Participants and Presenters (Left to Right): Presenter and Committee Member - Rev. Paul Stout, Carlene and Phil Gapinski, Committee Member - Donna Clay, Keynote Speaker - Reverend "Bernie" Flynn and wife, Madonna Flynn, and WCSAP Chair, Sandy Reagan.

Father" Bernie" Flynn and eight session presenters uplifted more than forty participants at this February 16, 1995 event. The conference began with gospel music from The Cutright Singers. Linda Cutright has been an active member of the Faith Community Subcommittee. Father "Bernie" discussed how his own recovery was supported by the spiritual tradition of AA. He provided all with encouragement for their prevention efforts. By telling participants, "If but one can be reached by your outreach, you should be grateful." Following the event, Bernie continued to remind committee members that even Jesus found it difficult to influence those in his own community.

One workshop session allowed attendees to understand The Faith Communities Role in Prevention and Rehabilitation. A lively dialogue was created by the session panelists - James Gustaf, East Valley Catholic Social Services and Mrs. Fran Grumbling, Faith Community Subcommittee member regarding the support faith leaders can provide In-patient Programs. Mr. Gustaf raised awareness of the need for clergy to seek help for the church and selves related to substance abuse. He also decried the need for additional spiritually based services sponsored by all denominations and faith groups. The third workshop reviewed the spirituality based programs of the Del E. Webb Memorial Hospitals *A.R.I.S.E.* Program, Valley Presbyterian Church's overcomers group, and the youth ministries of Victory Outreach. It was felt by Faith Community Subcommittee members reviewing the conference evaluations, that each of the three session leaders - Maggie Irwin, The Reverend Lewis S. Leon, and Pastor Tony Garcia could have provided information and training for another conference. The conference was a qualitative success, though conference planners continue to be concerned by the lack of participation from the many faith groups that are within the WCSAP area.

The WCSAP wishes to acknowledge the efforts of the Faith Community Subcommittee responsible for planning this conference. Regular members have been: The Reverend Frank Bartell, Mrs. Gwynn Henline, and Mrs. Fran Grumbling of Litchfield Park, Mrs. Donna Clay and Ms. Linda Cutright of Avondale, The Reverend Tom Wiles ,Mrs Martha Beamis and The Reverend Ellen Berry of Buckeye, Mr. Basil Barwell of Sun City.

The Faith Community Subcommittee held it's second organizational meeting following this conference on May 2, 1995. Members decided to recommend that Faith Leaders become more involved in local Alliance. It was felt that a greater impact would be possible on local communities rather than further regional efforts. It was further recommended that WCSAP's Board encourage expansion of Alliance membership to include Faith representatives.

In memory of one of the best friends a community could ever have!

Ralph Ventura, past Club President shooting a video at a Governor's Town Hall Meeting in the Sun Cities.

Volunteers, volunteers, and more volunteers . . . in fact there are so many members of the Sun Cities TV Production Club, they have to divide into teams for the eight or nine production crew positions needed for each program.

Once a month, on a Tuesday afternoon, The Sun Cities TV Production Club, The WCSAP Media Coordinator and the "Panel of the Month" meet on the set at Dimension Cable to produce Substance Abuse related shows ranging from ***"Holiday Relapse,"*** to***"Let's Stop Poisoning Our Kids."*** On some occasions the club bravely takes on larger groups of 15 or more discussing topics such as ***"Gangs - The Kid Next Door,"*** or ***Teens Meet Senior's - Addiction Talks,"*** produced in network talk show styles.

The "Production Crew,"consists of (2) camera operators, a director, producer, technical director, a floor manager, audio operator, character generator - graphics computer, and occasionally, a lighting engineer. ***continued: TV production p 7***

During WCSAP's show times, Lyla Bonney, media coordinator serves in the Producer role - often sharing the position with a collaborating group or agency representative taking part in the month's panel. ***continued on page***

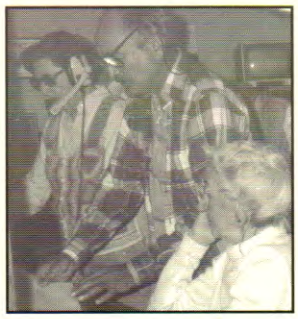

***S**teve Young, Station Production Manager instructs Jane Plank on the Graphics computer*

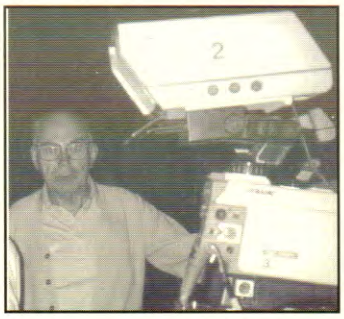

Below, youth from several Coalition Communities are given the opportunity to focus on issues effecting their every-day lives - gangs, drugs, violence and most importantly, their education & dreams for the future.

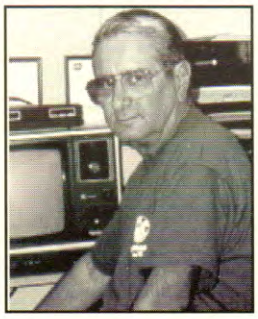

Jane Plank at the Graphics computer, Ralph Ventura, directing and Vera Keeler at audio control.

Norman Hortsmann operating camera 2, one of the several positions each member rotates into.

Club member, Barry Goodman busy at the controls.

Jay Hammer is serious as he checks the sound and mikes from each panelist.
