### West's Hillcrest Golf Course To Welcome Lady Pros Mar. 1-7

The action has begun and the excitement is building with the approach of the LPGA American Express-Sun City Classic scheduled March 1-7 on Hillcrest Golf Course in Sun City West.

The lady professionals are signing up and it appears in record numbers - possibly the LPGA's biggest field ever. Some 1,300 volunteers from the Sun Cities are anxiously awaiting participation in the Third Annual Classic as marshals, scorers, drivers, concession and gate workers, standard bearers, and you name it - a volunteer will take charge.

Thirty-three Sun Cities clubs and organizations have registered to distribute ticket order forms to raise funds for their charity projects. Clubs wishing to participate should contact the Classic Office (974-7653).

Entertainment celebrities, sports personalities, politicians and Valley business people have made reservations to join many of the lady professionals in the Celebrity Pro-Am that opens the tournament Wednesday, March 3. Advance tickets are now available and may be purchased at the DEVCO Administration Building, the Sundome and at all Diamond's ticket outlets.

Additional information about the Classic is included on the inside pages of this Calendar.

*Emotions Run High*

**IT'S FUN, EXCITING,** sometimes confusing especially for beginning square dancers. And, there are more than 70. Here, pictured at left and right, they are guided through a snappy routine by Caller Chuck Meyer. In all, more than 200 Westers square dance, most being members of the Sun City Westerners Club.

## **Dance, Dance, Dance ..... Westers Do!**

Nearly 2000 Sun City Westers are dancing for joy - and for mental stimulation, exercise and for the social opportunities dance brings. For the vast majority of members of the Hillcrest Ballroom Dance Club their activity of years continues here or is a renewal of something they sacrificed during career and family raising. Though many brought dance capabilities with them, ballroom dance lessons are popular. There are those who wish to learn new dances, while others are merely seeking to become more proficient in the dance they already know. Most of those pursuing square or round dancing are experiencing these dance forms for the first time since moving to Sun City West.

And speaking of first times-it's certain that, of the 130 plus Westers signed up to take tap and jazz dancing lessons this month, it's an introductory course. In show business, "break a leg" means good luck. Think we'll stay with the standard: Good luck, aspiring dancers!

A future calendar feature will be an evening with the Hillcrest Dance Club. In the meantime, with dancing so popular, the schedule is included here for the convenience of all. Now, let's dance, dance, dance!

## Village Store Attracts Crowds . . . Displays and Sells Resident- Made Wares

Weekend visitors to Sun City West find the Johnson Center Village Store closed. That doesn't discourage them. They return on Monday making that the store's busiest weekday. Actually, that location has become a popular one Monday through Friday, according to store manager Lois Carr. Lois is assisted by one other employee, Ruth Gutsche, and an average of 20 monthly volunteers, men and women.

"Jewelry is our best seller - silvercraft, lapidary, copper enameling," says Lois. "Also, we sell a good many lapidary created clocks. Crochet and knitting items such as booties, children's sweaters and shawls are popular, too."

Gifts range in size from dainty Christmas tree ornaments and intricate ceramic figures to paintings of various sizes, mirrors and long macrame hangings. Wares from every arts and crafts club at Johnson Center are on display and sale at the store. Recreation Centers of Sun City West receives a token percentage of sale proceeds with the balance going to the clubs and individuals who create the items.

## Active Woodworking Club Keeps Shop Abuzz

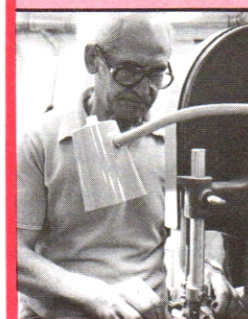

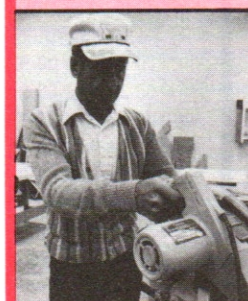

We stopped by the Sun City West Woodworking Shop recently and between monitors, members and visitors, the place was abuzz. With 230 members, 40 of whom are monitors, the club cranks out a number of gift items for the Village Store. Best sellers are exterior wall decorative sets of roadrunners and saguaros. Knowing that newcomers often will find the need for additional storage space, the woodworking group also makes garage cabinets.

It is estimated that at least half the membership had pursued woodworking prior to coming West. And, in fact, quite a number had small shops at their former homes. For most, however, the Johnson Center Woodworking Shop offers greater variety and sophistication in equipment. With so many newcomers to the craft and experienced members taking on more ambitious projects, the club appreciates and makes excellent use of two expert

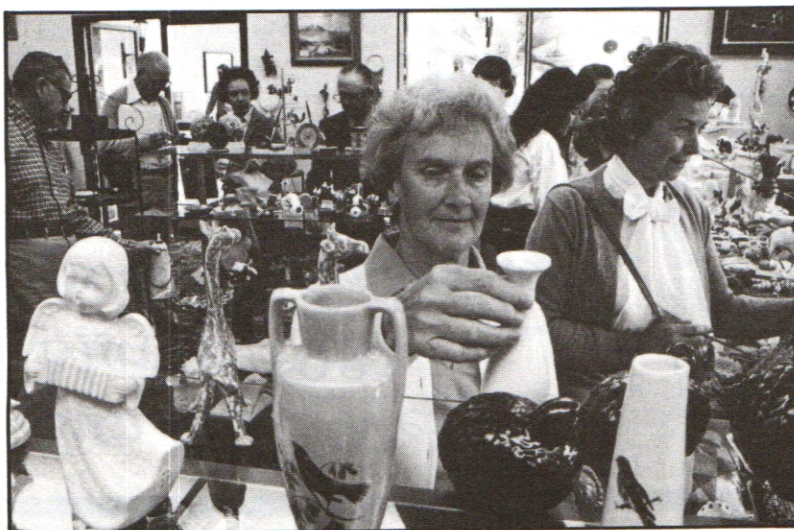

cabinetmakers and a former high school shop teacher. They, with the monitors, teach fellow members proper handling procedures and the extent of usage of equipment. Instruction is given 9 to 11A.M. Tuesdays.

With each monitor working two four-hour shifts monthly, three are on duty at all times during shop hours, 8 to 4P.M. Monday through Thursday and 8A.M. to Noon Friday. Projects of members include chairs, plate racks, spice shelves, name plaques, picture frames, free-standing cabinets, luggage racks, step stools and quilt racks. Then, there are rocking horses and doll cradles as gifts for grandchildren. Club President Ferd Loebach invites all Westers, guests and visitors to stop in to see the shop and chat with the monitors.

The regular monthly meeting is 2P.M. the second Monday of each month in the Lecture Hall.

**IT'S COFFEE TIME** for newcomers 9:30A.M. the third Thursday of every month at the Social Hall. Here February newcomers gather following the get acquainted event that includes coffee, donuts, voter registration and directory sign-up. This month's welcoming session is the 18th, same time and place.

### *The Prides Come West*

With organizational assistance from the well-known Sun City Prides, a van and tools donated by DEVCO and a growing membership, the Sun City West Prides are off and running - well, walking, stooping, bending, sweeping, painting, trimming, generally pitching in to keep their community beautiful. At this point, they're zeroing in on Johnson Boulevard and Spanish Garden Drive. They meet 9AM Saturdays at Camino Del Sol Shopping Center (Spanish Garden Drive and Camino Del Sol). As the Prides group becomes an established organization in Sun City West, membership expansion is essential as well as community financial support. Funds will be required for fuel, plastic bags, replacement tools, other equipment and supplies and general maintenance. On a Saturday morning last month, more than 70 residents were on hand for the first day of work. A group of Prides from Sun City joined them and afterward they shared in refreshments at Johnson Social Hall.

Acting officers of the Sun City West Prides are Chairman Joan Barnett, Secretary Owen Moore, Treasurer Howard Cain and Membership Chairman Chuck Martin. Support the Sun City West Prides. The Prides are a welcome addition to the community.

## Hillcrest Dance Club

## Social Hall Jumps on Saturday Night

Why are 1,000 Westers members of the Hillcrest Dance Club? Because they find pleasure in ballroom dancing, right? For most, yes, that's a principal reason. Yet, for some members, there are other reasons as important — the sociability, live music, refreshments and an atmosphere of pleasure and excitement. They wouldn't miss a Saturday night even if they're not dancers. Some just sit back and enjoy watching others do the Hustle, the Whistle dance, traditional Greek dance, and various standard dances. Members' birthdays and anniversaries are often recognized and celebrated with the anniversary couples waltzing to musical accompaniment as well as the applause of other club members. Pictured here is one of the half dozen themed dances the club sponsors annually — this, the St. Patrick's Day Dance. According to Club President Fred Lustig, these specials are particularly popular, requiring an advance ticket sale to avoid overcrowding. Fred says that every Saturday evening the Social Hall jumps with music and merriment for the 300 to 500 Hillcrest Dance Club members in attendance.

One of the specials, Hillcrest's Third Anniversary Dance, is scheduled 8 to 11PM the 10th at the Hall.

Pleasing people serving pastries.

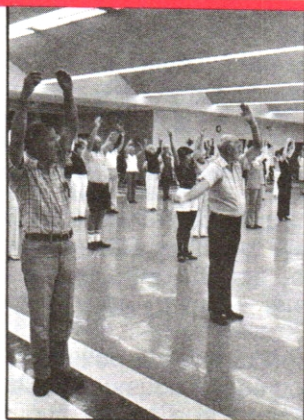

Hillcrest officers and door prize desserts.

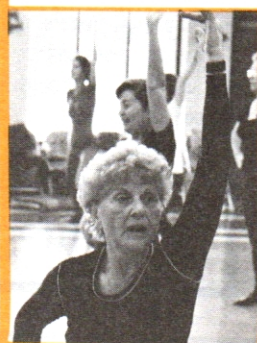

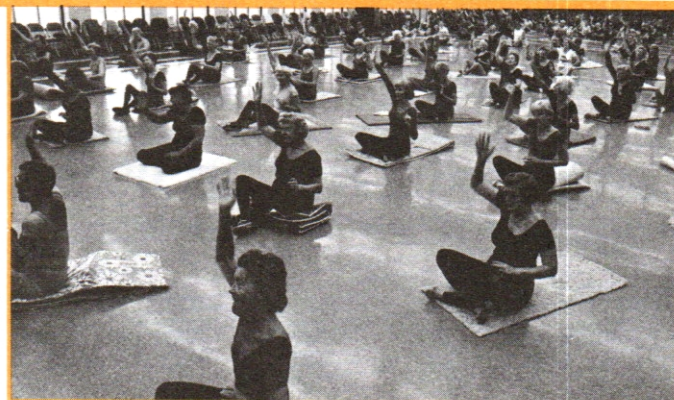

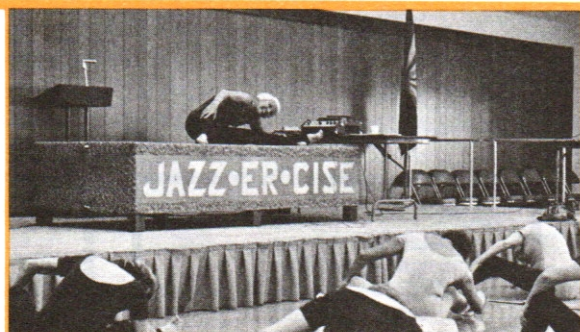

Cake winning couples.

## Tap Dancers Delight in Class

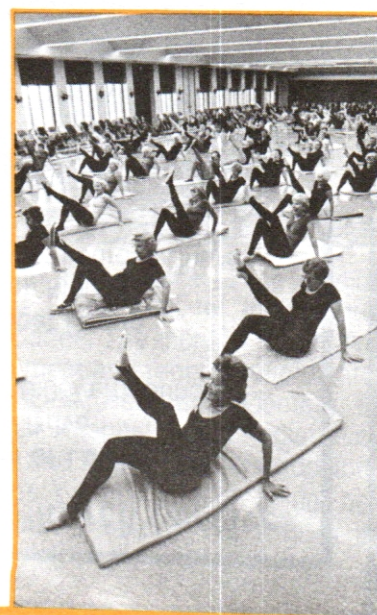

Nostalgia — A new experience — Good exercise — Just plain fun — All are reasons given by various participants among the men and women taking tap and jazz dance lessons Mondays at Johnson Social Hall. True, it's a way to stay fit. But by the looks of their spirit and determination, you'd think they were trying out for Network TV's *FAME* or at the very least future performances in the Valley. Such enthusiasm! That's what the various dance and exercise groups in Sun City West seem to have in common. There's tremendous joy in the physical movement these activities offer. Dance instructor Muriel Kentnor is capably assisted by co-organizer Sylvia Lustig and Jean Wilson, Lila Kaye, Audrey Farrell, Fran Martin, Lone Kessler, June Shields and Jeanne Christensen. Musical accompaniment is provided by Fred Lustig.

## Lookin' Good, Jazzercisers!

JAZZERCISE INSTRUCTOR Nancy Dewhurst is an inspiration. And talk about a motivator. She knows how to draw the very most from her students. She whisks them through 45 minutes of exercise to music Monday, Wednesday and Friday mornings with such positive narrative as, "O.K., smile. Point toes, extend, reach — you are gorgeous. Bend, now up, right, down, stretch — terrific, you look fantastic. Keep smiling." All the while, she's doing the things she's getting them to do — smiling, stretching, smiling, bending. Nancy even compliments them with the song titles. She's aglow as she announces: "I Believe in You." You can tell that she does. There's sincerity when she announces the cool down number, "You Are the Sunshine of my Life." It's certain *she's the sunshine in theirs.*

### HEALTH FAIR ATTRACTS HEALTHY CROWD

For those who practice prevention, a once-a-year physical or annual health screening is important. And when the Health Fair comes to Sun City West yearly, activity around Johnson Center Social Hall reminds one of Times Square in New York on New Year's Eve. Do we exaggerate? Well, only slightly. These photos depict first day activity. We're told business was brisk during the entire four days with more than 3,000 Valley residents, most from the Sun Cities, taking advantage of the basic and special health tests.

The basic tests, all free, included screenings for height, weight, vision, blood pressure, anemia, and medical counseling and referral. There also was an optional blood chemistry test at a nominal fee of \$8. So if you missed this year's Health Fair, for shame or at least forbid, and don't miss out when it returns next year. Prevention is the best medicine. It certainly was tonic for a ton of folks this time around.

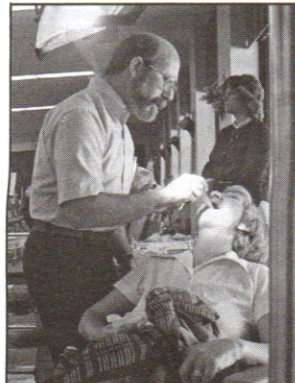

**JOHNSON SOCIAL HALL** was sight of the largest turnout in the Southwest and those in line said it was worth the wait.

**FAIR VOLUNTEERS ASSIST** attendants in completing registration forms.

**TWO HEALTH RESOURCES** - Among many distributing literature were ASU (Intellectual Health) above, and the American Red Cross, below.

**AMONG BASIC TESTS** were blood pressure check and oral cancer screening.

### IT WAS A CLASSIC!

It was a classic all right! Magnificent weather, a challenging and well-manicured Hillcrest Golf Course, keen competition and a record 50,000-plus spectators! Officials and more than 1,300 volunteers from the Sun Cities combined the experience of two previous lady pro tournaments with talent and dedication to make the third annual LPGA Sun City Classic the best ever. "Now, that's cooperation," said Classic Coordinator Debi McConnell of the local volunteer assistance and ideal weather conditions. Ms. McConnell reported that 37 Sun Cities clubs raised funds for their favorite charities through participation in an advance ticket sales program. She said excellent sponsor support gave the event a big boost, too. She praised the enthusiastic involvement of hundreds of Sun Cities residents. So, participating Westers, congratulations and sincere thanks from tourney co-sponsors American Express Company and the Del E. Webb Development Co.

### WOMEN FEATURE FASHIONS

Over 250 members and guests attended the Women's Social Club Luncheon and Fashion Show at Crestview in March. Spring and summer apparel were featured by Jean's Sport Togs. The Women's Social Club with 150 members meets 10 AM the second Tuesday of the month in the Social Hall.

Theatre West will present the one act play, "Ladies of the Mop", at the group's May meeting. Also, this month some members will travel to Sedona for a combination luncheon-shopping spree. June destination is Prescott.

Wish to join this friendly organization? Attend a meeting. Sorry, gentlemen. Ladies only.

### ARTISTS DISPLAY WORKS AT THIRD ANNUAL FAIR

The Sun City West Art Club's third annual Spring Art Show on the patio of the Johnson Center Arts and Crafts Village featured the works of more than 15 club artists. The impressive two-day display included a variety of subjects in mixed media. When next display and sale is held, don't miss it. The talent is exceptional!

Lapidary shop hours are 8 A.M. to 4 P.M., Monday through Saturday. Closed Sunday.

## DEVCO President is George Reeve

George Reeve is new president and general manager of the Del E. Webb Development Co. The announcement was made by Robert K. Swanson, chairman, president and chief executive officer of Del E. Webb Corporation.

Reeve, 42, will oversee all operations of DEVCO in Sun City and Sun City West. He previously served as executive vice president of Webb's Commercial Group.

Joe Aubin, who had been DEVCO's acting general manager, has resigned.

The five-member DEVCO board will be composed of Swanson, Chairman; Reeve, Owen F. Childress, executive vice president of finance, Del E. Webb Corp.; J. G. Boswell and Jim Fisher, both of the J. G. Boswell Co.

Swanson said the major management changes "are reflective of both Del E. Webb Corporation and the J. G. Boswell Company's long-term commitment to the development of Sun City and Sun City West.

Reeve joined Webb in 1962 as a building porter-management trainee. Within four years, he became manager of operations for the firm's commercial ventures, responsible for more than \$50 million in property.

He was elected vice president of Webb in 1968 and executive vice president in 1971.

Active in civic activities, Reeve is an executive group member of the Urban Land Institute; and holds memberships in the Arizona Association of Realtors, National Association of Real Estate Boards and Central Arizona Chapter, Institute of Real Estate Management.

Reeve was named "Citizen of the Year" in 1975 by the Phoenix Real Estate Board, and has served in key chairmanships or presidencies of the Phoenix Metropolitan Chamber of Commerce, United Way, Phoenix BOMA (Building Owners and Managers Association), Pacific Southwest BOMA, Proper Environmental Planning and Central Phoenix Redevelopment Committee.

Reeve also serves on the board of the Phoenix and Valley of the Sun Convention and Visitors Bureau. He is a director of Home Federal Savings & Loan Association.

## DEVCO Home Sale Underway - Emphasizes West Lifestyle

The Del E. Webb Development Co. has announced a unique home sale that includes its current Encore Series models and a select number of inventory houses and apartment homes. Senior Vice President and Sales Manager Kenneth Parker said DEVCO is pursuing a three phase marketing program and that the first step is sale of models and inventory. Webb plans to introduce a new collection of models later this year. In its initial thrust, DEVCO has made the purchase of these ready to occupy houses and apartment homes attractive by offering some interesting opportunities. Those paying cash and closing within 30 days will receive a 10 percent discount. Another option is 11 percent interest on a conventional mortgage for the first year. The interest thereafter will be adjusted annually to the prevailing rate on the anniversary of purchase. Also, purchasers of single family standing inventory homes may have credit of up to \$5,000 on optional house features purchased from DEVCO.

Parker suggests Westers tell friends and acquaintances about the current sale through correspondence, phone calls and/or while on vacation this spring. He said the home sale campaign emphasizes Sun City West's unmatched quality lifestyle. "Those who reside here have made it unbeatable," Parker added.

**A FITTING CONCLUSION** - Special ceremonies concluding the Sun Cities four-month Health and Fitness Program were held in March with an audience of several hundred on hand to hear Arizona Governor Bruce Babbitt and watch Sun Cities residents perform an energetic exercise routine led by Sun City exercise instructor Bill Lennon. More than 3,000 Sun Cities residents participated in the program

sponsored by the Governor's Council on Health and Fitness in cooperation with the Recreation Centers of the Sun Cities and the United Bank. Sun City Chairman Bill Lewis termed the program a great success.

### WE'RE ENJOYING THE TIME OF OUR LIVES

Marilyn Heimberg Ross  
in her book CREATIVE  
LOAFING says, "Make time for  
fun now. Too busy? Baloney! Are you  
Captain of your ship or Chicken of the Sea?  
Give leisure a high priority in your life..."

We Westers are at the helm. We've found truth in the  
statement, "We don't stop playing because we grow old. We  
grow old because we stop playing." But it's more than play time  
depicted here. There's commitment to fitness. There's  
creativity and skill. There's the enjoyment and satis-  
faction of being among peer friends.

It is a very waste of life to be and not to  
do. So, we are doing fully,  
keenly, intensely - We're en-  
joying the time of our lives!

## NANI KOMAHANA TUTUS (PRETTY WESTERN GRANDMOTHERS)

**READY TO PERFORM** - Kay Herzog's Nani Komahana Tutus are ready to swing and sway for the Sun Cities groups. Wester ladies are invited to join the graceful program of fun and exercise. Kay gives free lessons every

Friday at Western Savings/Beardsley Branch - 10AM for beginners and 10:30 to 11:30 for intermediates. For additional information and an "aloha", call Kay (584-1966).

## GOOD "MIX" IN ROCKHOUNDS SCHEDULE

If you enjoy traveling, hiking, picnics, mixing socially and... rocks, Rockhounds West could be just the club for you. The friendly group meets the first Monday of each month October through June (the 7th this month). Their field trips generally are taken the Friday following the Monday meeting. Generally! This month they leave at 6:30 AM the 4th from Crestview heading south to Kitt Peak Observatory, near Tucson.

Thunderbird Park was site of last month's show and tell picnic. As you will note, our photographer attended the fun occasion. It's generally scheduled the second Friday after each Monday business meeting. Generally! No picnic now until October.

The show and tell gives members and guests the opportunity of displaying and discussing rock finds. Hiking, relaxing, socializing and, of course, picnicking are all included. If you'd like to be included, come to the meeting on the 7th or join up in October. For information, call Sol Robinson (584-3613).

**ROCK DISPLAY** for show and tell session is set up by club members.

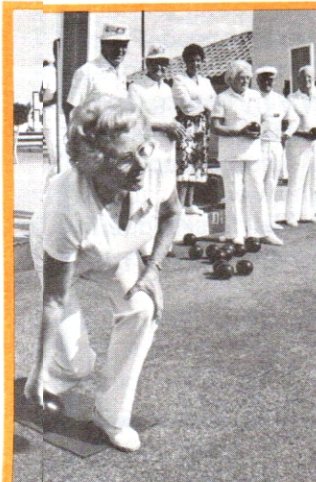

**ROCKHOUNDS CONVERSE** under shade of a Palo Verde tree.

**SUNSHINE AND SMILES** - Members prepare to picnic in desert park setting.

## LAWN BOWLERS ENJOY GREAT OUTDOORS

Bess Francis is more than the Sun City West Lawn Bowls Club President. She's quite a promoter of the activity. According to Bess, interest in lawn bowling is on the increase. The attraction to this sport? "The great outdoors, lots of fresh air, being close to nature and good exercise," she says. The club now claims a membership of over 200.

Free instruction is available from September through May. Those interested should sign up now for fall lessons. For information and registration, check at the Clubhouse during bowling hours 7:45 A.M. Tuesday, Thursday and Saturday, and 7:15 P.M. Wednesday, Friday and Sunday. Or call Larry Rickfelder (584-1240).

Club tournaments held several times a year are open to all club members. Also, there is frequent play between the Sun Cities clubs.

Each November the Lawn Bowls Association of Arizona conducts the Arizona Open Championship Tournament for bowlers throughout the country. Last year there were 800 entries in nine events, three of which were held in Sun City West.

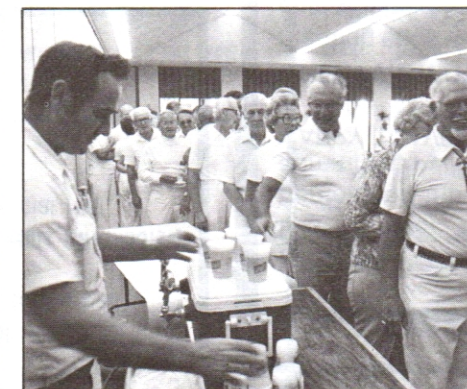

The club has quarterly business meetings, each followed by a social event. Photos here show action on the green and the beer bust that followed the May business meeting.

### CLUB PLANS SUMMER PLAY

Sun City West Bocce Club, with 420 members, is divided into 21 leagues. Formal league play starts 7:30 A.M. and continues Monday through Saturday, October through May. Informal league play continues June through September with six leagues scheduled to play at 7:30 A.M. and 6 P.M.

General club meetings are held monthly, with the next meeting scheduled September 17. Club activities include a picnic, tournaments and an annual banquet. Last month the local club defeated the Sun City Bocce Club in tournament play 9 to 3. Another exciting event is the club tournament held in December. That competition determines the club champion.

## Sun City West Is On the Move!

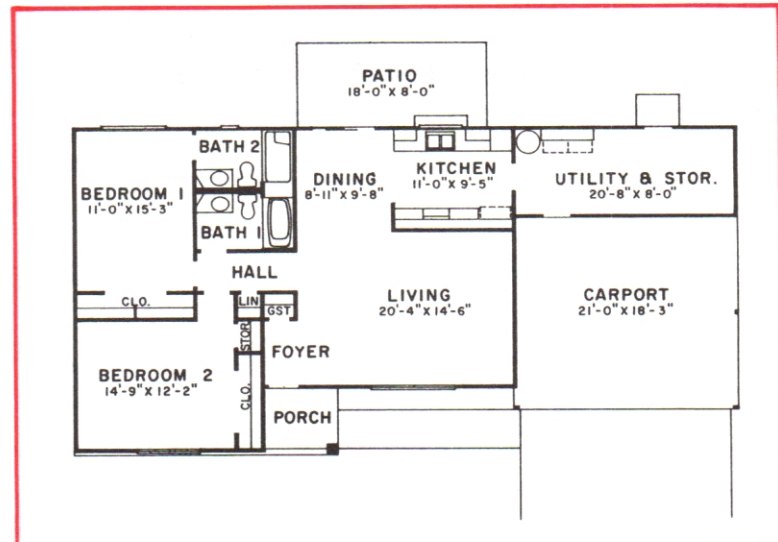

This summer and fall will bring a number of changes to Sun City West; changes designed to keep it one of the fastest growing communities in the United States. On the home building front, DEVCO has taken the lead with progressive design and the most dynamic construction concepts in the industry today.

In the initial phase, six new models are being built, the first of which is now open on Pyracantha Dr. and Meeker Blvd. It will be flanked by a two-bedroom, two-bath, 1,006 sq. ft. home that will sell for \$49,900. Design work is also continuing on a new luxury home and several models that will incorporate a split bedroom concept with two totally identical but separate bedroom suites.

Construction on the new model home complex, adjacent to the Sales Office, has already begun. During the next six months, eleven additional models will adorn this complex.

These new homes however, are not the only changes coming to Sun City West. Golfers will be interested in the progress of the Briarwood Country Club Golf Course. Plans now call for an opening date of about Nov. 1. It will be open to the general public until social and golf membership quotas are met. (There's more information inside). A new business complex, across from the Camino Del Sol Shopping Center should be welcoming its first tenants any day now, while work is also progressing rapidly on the new Sun City West fire station at Camino Del Sol and R. H. Johnson Blvd. It's slated to open this fall.

These are only a few of the changes that are beginning to dot the Sun City West horizon. There are many more to follow. Proof positive that Sun City West IS on the move!

**NEW KID ON THE BLOCK** — The first of DEVCO's new model homes is now open for viewing at Pyracantha Dr. and Meeker Blvd. 'The Banner' offers a two-bedroom, two-bath floorplan and 1,164 sq. ft. of living space with a double carport and 144 sq. ft. cement patio. It lists for \$55,500. You're invited to stop by and see what the "new kid" has to offer. Other models scheduled to open this summer will include two duplexes to be built in the existing model complex, a large single family home, a split bedroom home and the \$49,900 model.

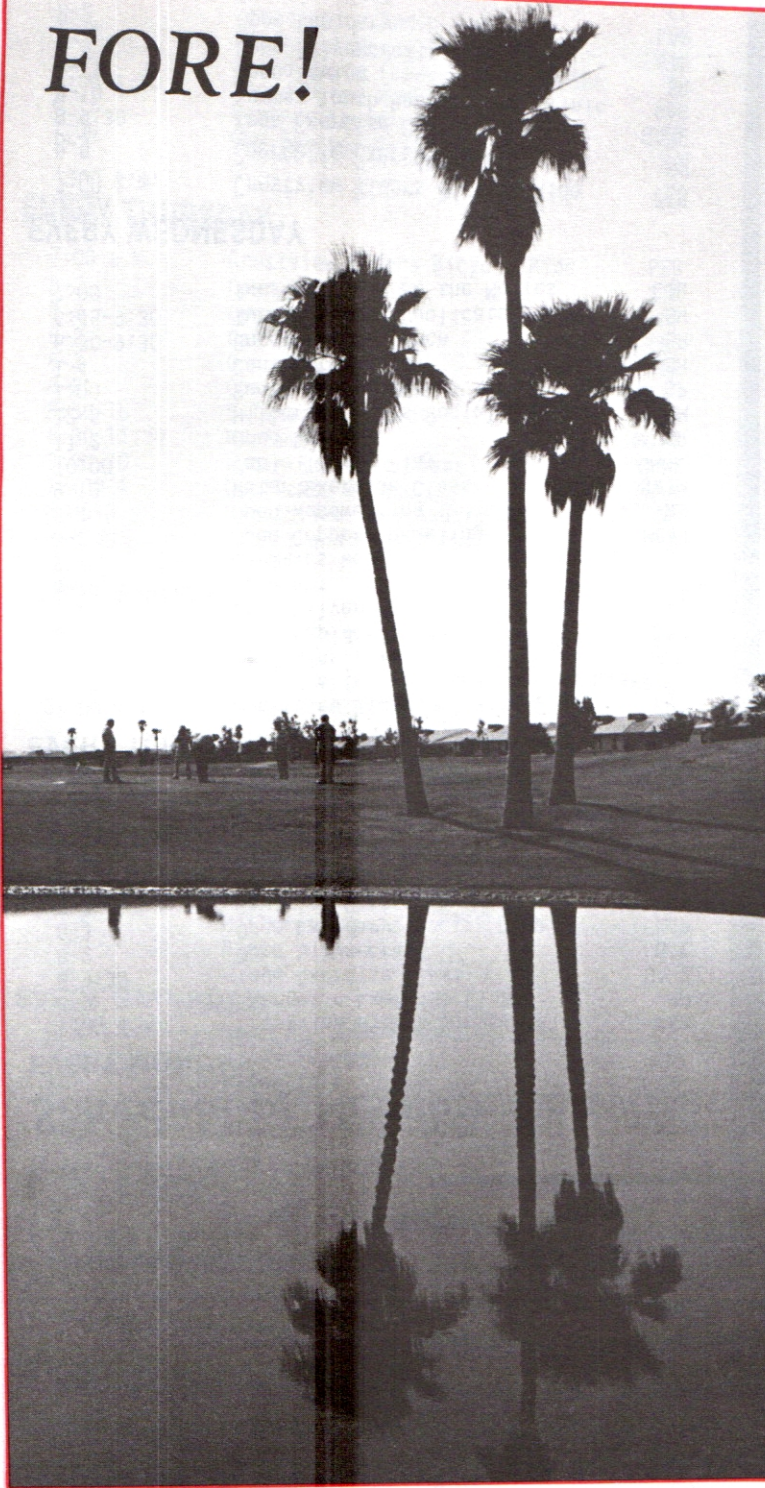

## VACATION SPECIAL

**TELL YOUR FRIENDS!** This July and August, the Del. E. Webb Development Co. is offering a 3-day, 2-night vacation special for only \$49 (weekdays) and \$59 (weekends). This special package includes accommodations for two at the Crestview Vacation Apartments, welcoming cocktails, a complimentary breakfast at the Crestview Restaurant, two rounds of golf at the Hillcrest Golf Course and full privileges at Johnson Recreation Center.

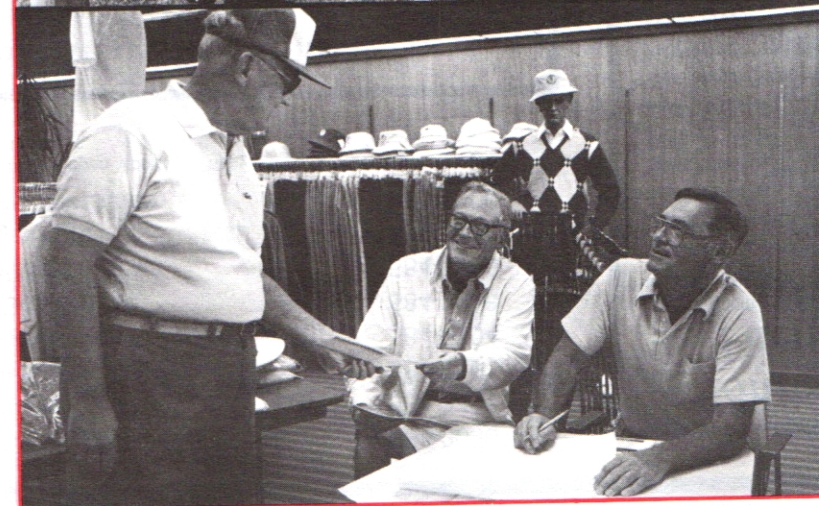

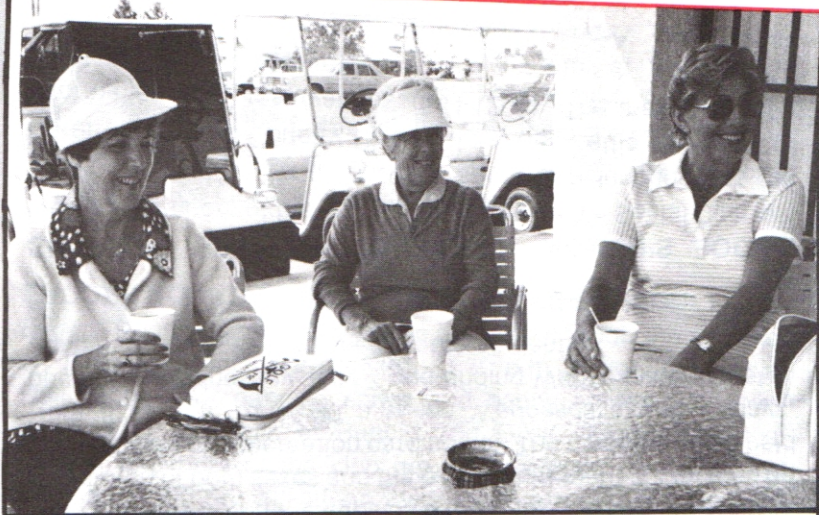

This winter, only 110 vacation apartments will be available. So, if your friends are thinking about sampling the Sun City West lifestyle, urge them to make their reservations as soon as possible. For further information contact Billie Graves at 584-2031.

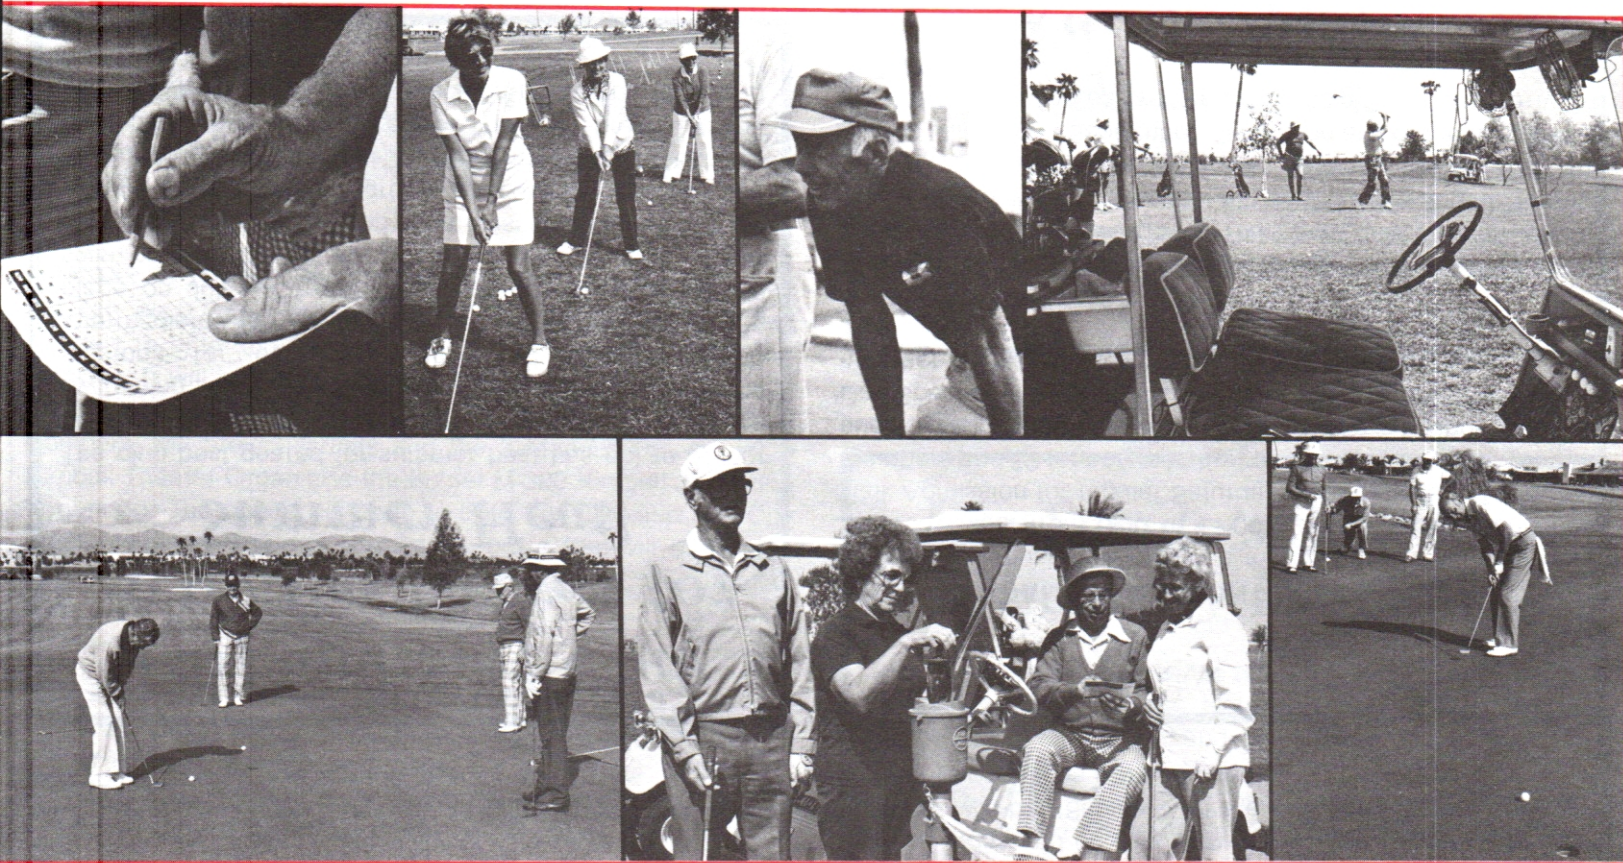

# FORE!

Looking through our picture files, it's our suspicion that golf must be the most popular pastime for Westers. If the files can't substantiate our suspicions, let's look at the facts. In 1981, a total of 172,000 rounds of golf were played on the Hillcrest, Pebblebrook and Stardust golf courses. Case closed. With only the die-hard golfers tempting the 100 + temperatures, we thought a look at the courses in cooler days might be refreshing. Oh, by the way, someone out there needs a little more practice. The lake on Pebblebrook's #5 and #8 holes was cleaned recently and it reaped a harvest of 6,000 golf balls. Do any belong to you? As we mentioned on the front page, Briarwood Country Club Golf Course should be ready for play about Nov. 1. The course will be open to the public until the membership quota is reached. Anyone interested in either social or golf memberships should contact Program Director Roy Crompton at 584-5600. With four golf courses for its 8,000 residents (at least for a while) Sun City West can probably boast the highest resident to golf course ratio of any community in the United States. It's tee time!

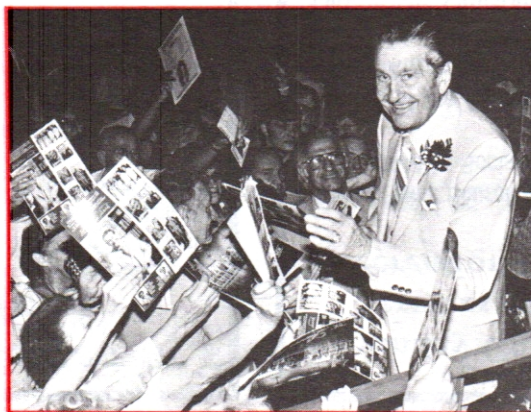

## Welk Fans Say "Farewell"

Dancing with the ladies.

Adios, Au revoir, Auf Wiedersehen....everyone says goodbye.

6,000 "wunnerful" fans.

Smiles from backstage.

### WE'RE COMMITTED TO SUN CITY WEST

By George Reeve

President, Del E. Webb Development Co.

This column represents one of the first opportunities I've had to talk with you. I plan to continue it on a monthly basis.

I'm a strong believer in communication. Honest, direct communication. I want to keep you informed of what we are doing and what we hope to accomplish. I also want to hear your thoughts and ideas. Ask me a direct question and you'll get a direct answer.

My first few months here have been tremendously challenging and exciting. There have been some rapid changes, but changes I believe are necessary to assure the continued growth and success of Sun City and Sun City West.

As part of that success, we have now brought our bank credit line to zero. This means we are no longer in debt to any lending institution. Thus, we are now able to carry on all construction activities with out-of-pocket money and I am proud to say we are one of few builders nationwide who can make this claim.

These first few months have been hectic. Unfortunately, most of my hours have been spent behind a desk or in meetings. In the coming months, I hope to spend more time in the community. I am looking forward to meeting with you when I speak to PORA in September.

However, I won't be the only one speaking at your various clubs and organizations. All DEVCO executives will be speaking within their areas' expertise, sharing their ideas with you.

I am proud to be a part of the Sun City/Sun City West Community. Both are a tribute to the late Del E. Webb, a man who played a tremendous role in my professional development.

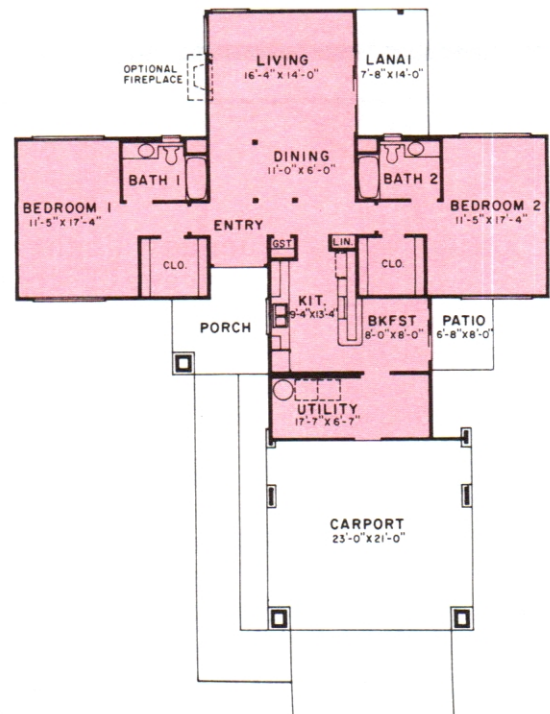

Our relationship began in 1962, when I joined Del E. Webb as a building porter-management trainee. Mr. Webb provided opportunity, expected one to accept responsibilities and gave authority to perform assignments.

Del E. Webb was both a prophet and a pioneer. At the age of 60 he began developing the active retirement concept. Sun City was the town that helped change America's viewpoint on retirement.

Sun City West continues that fine tradition. Del E. Webb's legacy has added immeasurably to the quality of active retirement living. That legacy will continue through careful planning, and like Del E. Webb, we too must be visionary in our planning, willing to change when change is for the betterment of the community. We must offer housing that reflects the needs of today's senior adults.

As you are probably aware, to help meet those

(continued on page 2)

*The Sequoia — This model is expected to be open for viewing sometime in September. It will feature 1,450 sq. ft. of living space and sell for \$68,900. It is currently under construction on Pyracantha Dr. and Meeker Blvd.*

(Continued from page 1)

changing needs, we're introducing new models priced from \$49,900. The home designs are the result of extensive research conducted with many of you living here.

Our goal is to offer housing that is affordable with lots of options. The first of our models, which sells for \$55,500, is already open. In September we plan to introduce a model which features the shared housing concept.

Basically, the shared housing concept includes two independent bedroom suites, equal in size with separate bathrooms, but common living room and dining space.

The shared housing concept offers two unrelated people companionship and makes housing affordable without giving up the feeling of independence. I believe this concept has tremendous marketing potential and with its base price of \$49,900, I think it becomes even more desirable.

I'm optimistic that our lifestyle and housing is attractive to a broad segment of the senior adult community. We are a total community developer, dedicated to achieving the highest standards in active adult living. But while we are trying to do everything possible to attract homebuyers, we know the best sales people are you. We know that many of you bought homes based on the recommendations of others already living here.

The demographics suggest that Arizona will continue to grow, attracting more and more senior adults.

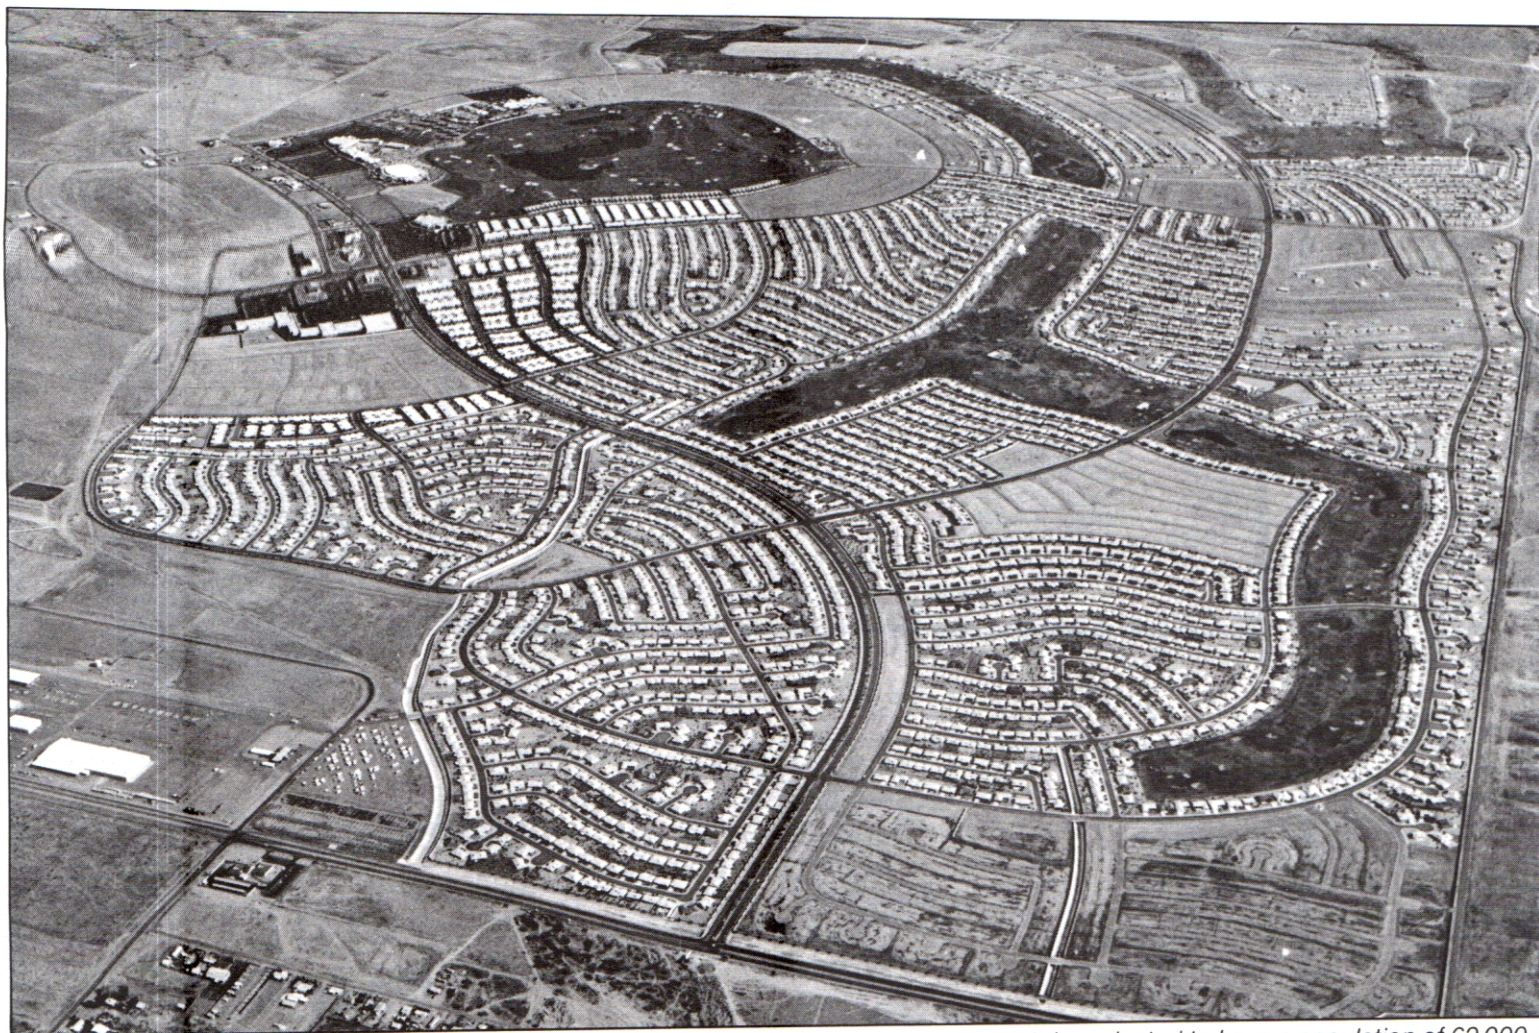

Already in Arizona, nearly 15 percent of the population is in the retirement age. During the past ten years, Arizonans over 60 have increased by 35 percent. If this

trend continues, those over 60 will make up more than a fourth of Arizona's population by 1990. We hope many will move here and we encourage your friends to experience the lifestyle with one of our vacation specials.

We all share in the growth of Sun City and Sun City West. I want to make sure that DEVCO continues to meet the needs of senior adults. I promise you I will do everything possible to ensure that Sun City and Sun City West remain the most attractive and dynamic adult communities in the United States.

George Reeve, President  
Del E. Webb  
Development Co.

SUN CITY WEST — From the air, this community of 8,000+ still has plenty of room to grow. It is projected to have a population of 62,000.

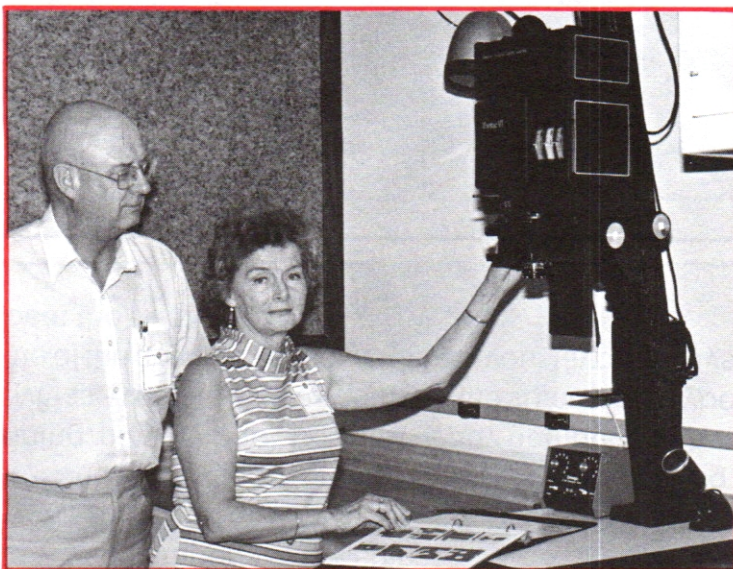

# PHOTO CLUB OPEN HOUSE

The Photographers West Photo Club has a new home. DEVCO recently donated office space, a dark room facility and a large inventory of photographic equipment to the club. An open house was held July 1 which gave Westers--particularly those with an interest in photography--an opportunity to visit the new complex located in a wing of the Sun City West Sales Pavilion.

Beginning August 4, the photo club will be open for use on Wednesdays, Thursdays and Fridays from 1-4 PM. Anyone interested in using the darkroom facilities should contact Rawleigh Decker at 584-3449.

*Joe Dracop, the club's recording secretary (foreground) and Rawleigh Decker, darkroom chairman, are both anxious to get the new facility operational. They both admit the new equipment is a great start for the club.*

*Treasurer George Meeks (left) and Vice President Frances Decker with the Vivitar enlarger club members will now be able to use. It's only one piece of the club's new inventory.*

## HOLLYWOOD HERE WE COME!

Television cameras, attractive models and bright lights. Normally, these sights are reserved for the glitter of tinsel town, but recently, Sun City West had a glitter all its own.

The New York advertising firm of Font & Vaamonde selected the \$375,000 Monterrey model home to film scenes for several Faberge product commercials. The firm's representatives and a production crew from KPHO-TV spent three days in Sun City West filming in practically every room of the 4,219 sq. ft. luxury home.

The commercials feature Babe women's cologne and Brut products for men. But don't look for these commercials on network television because they were filmed in spanish! The commercials are intended to be broadcast in Mexico although they may appear locally on Channel 33.

If you've ever wondered about the time required to film a commercial consider this fact--In one instance, it took three hours of work to complete one 4½ second segment. But as they say, "That's show biz folks!"

## LIBRARY CONTINUES TO GROW

It may be a hackneyed expression, but "service with a smile" is the motto at the Sun City West library.

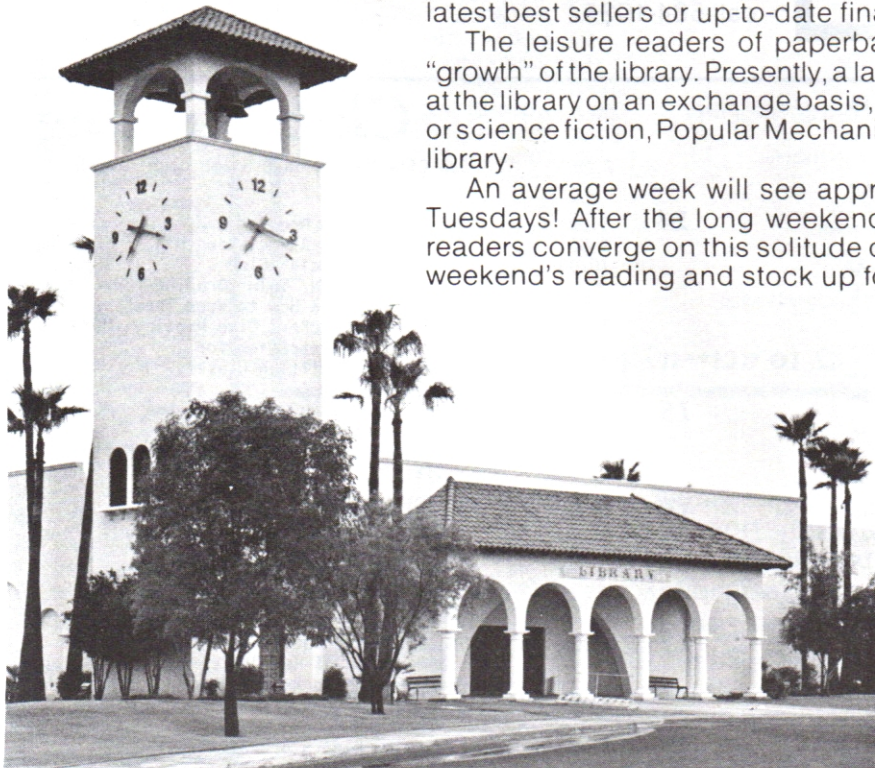

And whether you're researching a topic, looking for a best seller or just checking out a book, Librarian Evelyn Cornish and her 109 volunteers are ready to help.

Since opening in the Fall of 1979, the library's inventory has grown to over 19,000 volumes, but there's still plenty of room for growth. This spacious facility will one day house over 40,000 copies.

The rapid growth is a direct reflection of community support channeled into the Friends of the Library Endowment Fund. Their yearly fund drive, coupled with donations taken at the Tuesday night movies, enable the library to enrich its collection with the latest best sellers or up-to-date financial works.

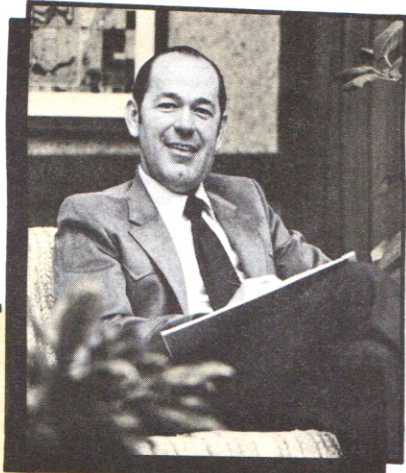

The leisure readers of paperbacks and magazines have also contributed to the "growth" of the library. Presently, a large collection of these reading materials are available at the library on an exchange basis, operated on the honor system. Whether it's a mystery or science fiction, Popular Mechanics or Women's Day, chances are you can find it at the library.

An average week will see approximately 575 books circulated. But watch out for Tuesdays! After the long weekend, (the library is closed Sunday and Monday) avid readers converge on this solitude of serenity en masse. After all, they have to return the weekend's reading and stock up for the week ahead.

BUILDING  
PEOPLE-DESIGNED  
HOMES

It's no secret that the housing market has changed substantially in the last few years. In fact, the current re-design of our models in Sun City West is evidence of this change.

But probably one of the most dramatic changes is the introduction of the shared housing concept. We believe this concept will have tremendous marketing potential because it offers home buyers, especially two unrelated people, an opportunity to share the cost of a home.

We have already opened the first of two model homes utilizing this contemporary design. I want to encourage you and your friends to visit this new model at Pyracantha Drive and Meeker Boulevard. I'm certain that you, like many other residents, will voice favorable opinions about this new design.

A tremendous effort has gone into redesigning our model homes. To ascertain the needs and desires of our home buying public, we conducted extensive research with sales counselors, homeowners and potential home buyers in the Sun Cities.

Once the results were analyzed, they were released to the architectural firm of Hawkins and Lindsay Associates, who incorporated these suggestions into our new homes.

We are in a unique position in the home building industry. Unlike many builders, we have a thorough understanding of our market. We know that convenience is a major concern for our public. We know that a quality home, an affordable price, an active life-style, safety and security are all very important to our potential home buyers.

In the course of our research, many homeowners told how they had shopped the country before settling in Sun City West. Some felt Californian community prices are now out of reach for many senior adults. Others said that the humidity in Florida was not compatible with their physical conditions. One homeowner stated emphatically, "We looked everywhere. And I do mean everywhere. You just can't get this much for such a reasonable price any place else."

They are not my words, they belong to Sun Cities' homeowners. With the results of this research, we are now building Sun City West into the most attractive and dynamic adult community in the United States. We're building homes based upon the suggestions of residents, for residents -- People designed homes!

George Reeve, President  
Del E. Webb  
Development Company

P.S. I'm looking forward to meeting many of you when I address PORA on Monday, September 20th at 9 AM in the Johnson Social Hall.

SUN CITY WEST  
COMMUNITY FUND ORGANIZED

People helping people. That's probably the best way to describe what a Community Fund is all about. It not only helps individuals through crises, it also aids numerous charities operating in the community and thereby eliminates the need for multiple solicitations throughout the year. Based upon the success of the Sun City Community Fund, interested Westers have organized the Sun City West Community Fund. Their first pledge drive is scheduled to begin during late October. For the success of the fund, they need volunteers as well as financial support. In order for the Community Fund to succeed, the programs must be administered, directed and implemented by volunteers. The Fund needs your support. Anyone interested in participating in this worthwhile endeavor should contact President Joe Kelso at 975-2196 or Claire Mitchell at 584-1068. Members of the Board of Directors are pictured at left.

## SEPTEMBER SHOWS START SUNDOME SEASON

Get ready for another action-packed season of superstars and super shows because the Sundome is getting ready to kick off its greatest season ever!

The fun begins Sunday, September 19th at 2 PM as Jerry Vale lifts the curtain on season number three. His romantic song stylings have popularized such favorites as "Camelot", "Time Alone Will Tell" and "Stay Awhile". We can't think of a better way to get back into the swing of things...

...unless it's swinging to the Big Band sounds of Woody Herman and his Thundering Herd on Wednesday, September 22nd at 8 PM. This three-hour concert/dance party, with cocktails just \$1.00, will feature the distinctive clarinet and saxophone sounds that can belong to only one man—Woody Herman!

Everyone likes to laugh, so everyone should be on hand for the onstage antics of America's favorite brothers—The Smothers Brothers. If you enjoyed the witty satire and humorous ditties that made their television show such a talked-about hit, don't miss this rare Sundome appearance, complete with a 12-piece orchestra and guest vocalist on Saturday, September 25th at 8 PM.

To close out September, why not visit the picturesque beauty of Italy—without even leaving the Sundome's comfortable seating! Robin Williams will direct this "tour" that explores the beauty of this romantic region. Come on out and see why this is one of the Sun City's most popular mid-week events. The tour begins at 8 PM Tuesday, September 28th.

Looking ahead to October, mark your calendar for a razzle-dazzle performance by the vivacious Charo!. Critics have been applauding her show that's packed with non-stop excitement. Don't miss this Las Vegas superstar Saturday, October 2nd at 8 PM.

## A commitment to affordability

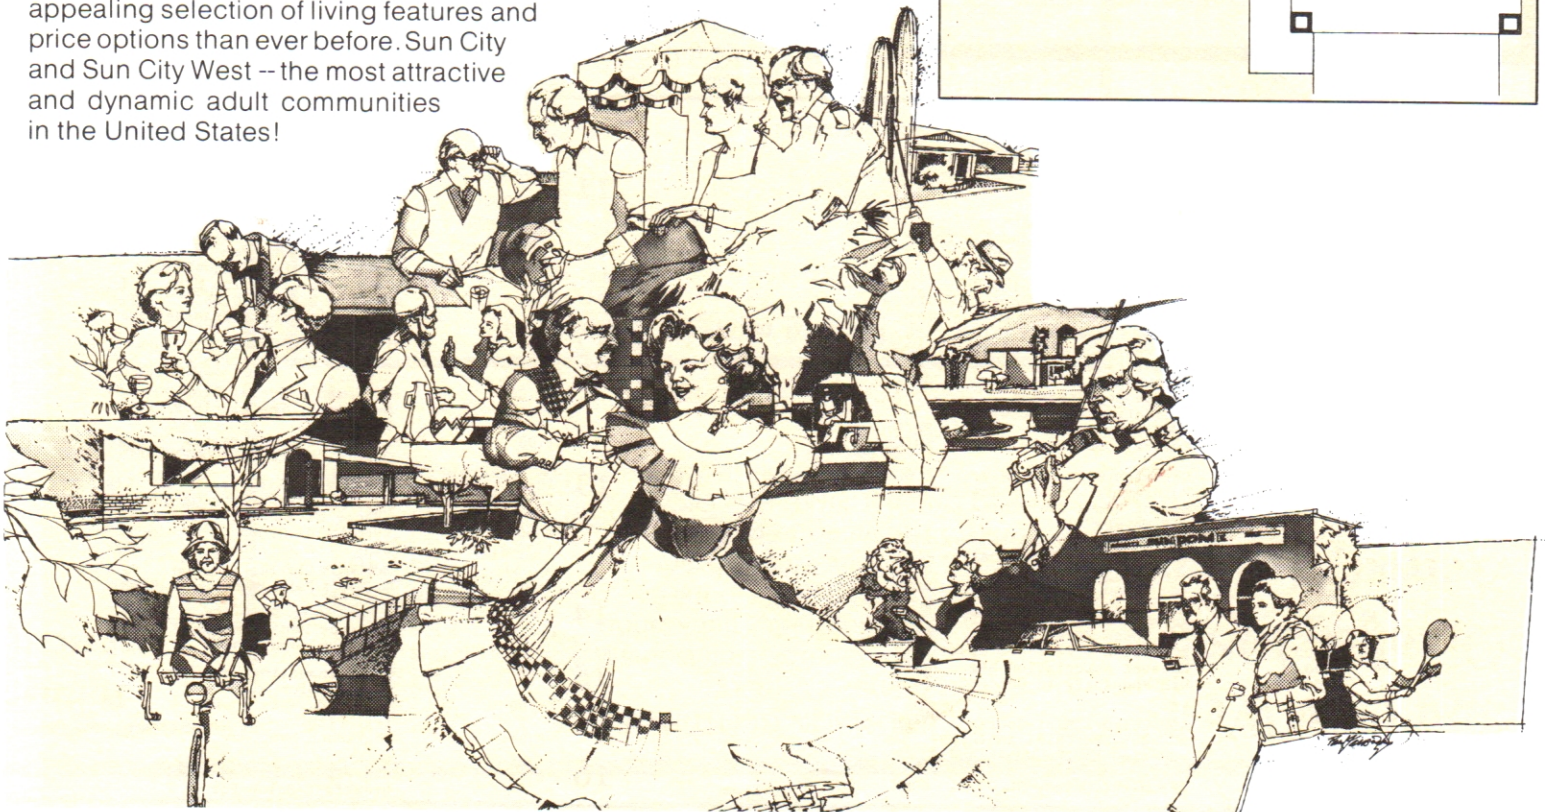

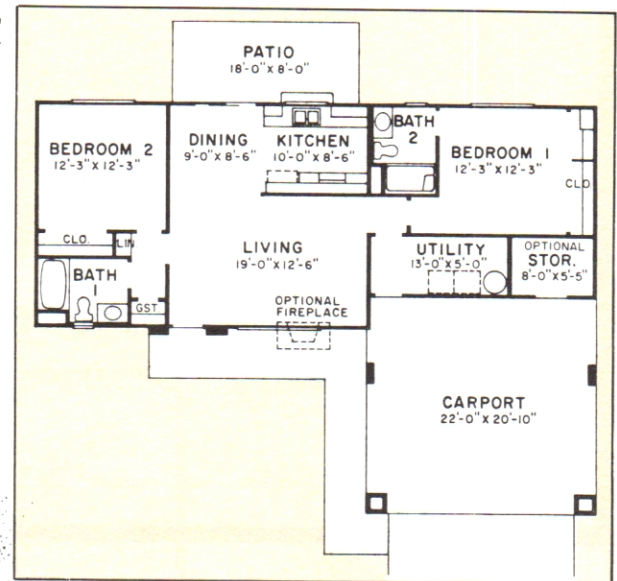

# A \$49,900 HOME IN SUN CITY WEST!

The Del E. Webb Development Co. introduces "The Pine", a 2-bedroom, 2-bath home, located at Pyracantha Drive and Meeker Boulevard. Opening Oct. 2, it joins the Banner and the Sequoia in DEVCO's new line of fine homes. Together, they represent a commitment to affordability in the American home market without compromising high standards.

The reception to these new designs from residents and visitors alike has been very positive. DEVCO's new public relations, advertising and marketing efforts will emphasize the affordability of Sun City West. And, with an amenity package that is truly second to none, the prospects for growth in Sun City West are looking more and more encouraging.

By the end of this year, seven new models will be open. Each will offer the potential home buyer the benefit of DEVCO's 23 years as home builders for the adult market. But even more important, each home's design offers features requested by people like you in an extensive survey of homeowners conducted earlier this year.

The result is a more practical, more appealing selection of living features and price options than ever before. Sun City and Sun City West -- the most attractive and dynamic adult communities in the United States!

## RESORT STUDY "VERY POSITIVE"

In my address to PORA last month, I announced the results of a feasibility study pertaining to a resort hotel in Sun City West. The Los Angeles-based consulting firm of Laventhol & Horwath, authors of the study, concluded that a resort hotel with appropriate facilities and amenities could be successful in Sun City West.

I'm very encouraged with this recommendation. Laventhol & Horwath are highly respected for their work with other Valley resorts, most notable, the Arizona Biltmore, Mountain Shadows Resort and the Inn at McCormick Ranch. I believe their positive response is an indication of the growth potential of Sun City West.

Their recommendation calls for the development of a resort hotel with approximately 150 rooms, a 100-seat specialty restaurant and a 100-seat cocktail lounge. In addition, a 1,500 sq. ft. meeting room and two executive board rooms of approximately 400 sq. ft. each were also proposed.

As many of you already know, the area under consideration for this development is an 11-acre site overlooking the Hillcrest Golf Course between the Sundome and the Crestview Restaurant. This resort would contain all of its own recreation facilities, not utilizing facilities currently a part of the Recreation Center.

It is my contention that a community of 8,300 residents, one day projected to grow to more than 70,000, should have some type of resort-lodging facility. This does not mean there will be a hotel. Much more has to be done to prove its economic viability.

Nevertheless, if such a facility does become a reality, it will serve the dual purpose of adding tremendous prestige to the community, while at the same time, attracting and exposing people from across the country to the Sun City West lifestyle...a lifestyle that is second to none.

Speaking of lifestyle, I know many of you tell your friends and relatives about the many activities available here. I would like to remind you that only 110 vacation apartments are available this season. Tell your friends so they don't miss out on experiencing the Sun City West lifestyle. For reservations, call 975-2270 or 1-800-528-2604.

## ...AND THE CURTAIN RAISES ON THE SUNDOME'S THIRD SEASON

The Sundome raised the curtain on its latest season of programming Sept. 19 with an outstanding concert by vocalist Jerry Vale. But thousands of other Sun Cities residents, knew beginning. The Sundome not only offers the very best in concert entertainment, it also allows friends and neighbors a chance to get together and catch up on lost time. Whether it's over a cocktail in the spacious lobby or relaxing in the shaded atmosphere of the courtyard, the Sundome has become one of Sun City West's favorite meeting places.

Already on tap for the remainder of 1982 are 36 exciting programs that promise something for everyone. Charo, Mitzi Gaynor, the Vienna Symphony, Virginia Graham, Henny Youngman, Tony Bennett, Rex Allen Sr., Doc Severinsen, John Chancellor, and Pete Fountain are just a few of the stars you can see. Get together with your friends and plan an afternoon or evening at the Southwest's premiere showplace -- the Sundome.

## FINE ARTS SOCIETY

The Sun City Fine Arts Society has announced its schedule for the 1982-83 season. This sixth concert season will bring some outstanding musicians and ensembles to the Sun Cities, as evidenced by the schedule below;

**Nov. 8--**Kathryn Selby, piano  
**Dec. 13--**Orford String Quartet  
**Jan. 10--**The Rogeri Trio  
**Feb. 14--**Camerata  
**Mar. 14--**Ko-Kela, piano quartet  
**Apr. 11--**Paul Neubauer, viola

All concerts begin at 8 p.m. at the SUNDIAL AUDITORIUM, 103rd and Boswell Boulevard in Sun City. Season tickets are now on sale for \$24 and \$21. For ticket information call 974-0833.

For the firefighters of the Rural Metro Fire Department, moving into the new fire station at Camino Del Sol and R.H. Johnson Boulevard was a blessing. The spacious \$372,000 facility is equipped with all the comforts of home -- and then some. After all, doesn't everyone have two \$79,000 fire trucks parked in their garage?

The structure was officially opened Sept. 1, with a festive dedication ceremony attended by Governor Bruce Babbitt, State Senate President Leo Corbet, DEVCO President and General Manager George Reeve and State Fire Marshall Paul Saunders.

Four full-time firefighters now call the station home. In addition to the two fire trucks, the station also houses a rescue-mini-pumper truck. The firefighters are trained to handle any emergency situation, including medical emergencies.

Make a note of their phone number -- 939-3111 -- and post it close to your telephone.

## DON'T MISS THE PARTY

When you look at the progress that's been made in Sun City West since its opening, one finds it hard to believe that it's been four years since the first residents moved into their new homes. Four years this month. And, to celebrate, a big birthday party is planned.

It will be held, Saturday, Oct. 16 from 1 to 4 P.M. on the patio of the Arts and Crafts Village and in the swimming pool area of Johnson Recreation Center. Tables and chairs will be provided on the patio and the recreation center will provide punch and cookies. Members of the Ceramics West Club will serve as the hostesses for this gala affair.

The Del E. Webb Development Co. will provide two outstanding bands for your enjoyment. The Desert City Six will be performing in the pool area while the Pat Trapani Orchestra will be playing on the patio.

It's sure to be a fun party with good music, good eats and good friends. We'll see you there!

The Presidents of Sun City West's chartered clubs gathered last month at Johnson Recreation Center for an informal meeting. Recreation Center members now exceed 8,300 in Sun City West with over 50 chartered clubs and organizations.

## BOSWELL RUMMAGE SALE

The Fourth Annual Boswell Hospital Auxiliary Rummage Sale has been scheduled for Saturday, Oct. 9 at the Bell Housing Components Yard at the corner of Bell and Dysart roads. The sale will begin at 7 A.M. and run to sellout.

Virginia Siebert, co-chairperson of the sale expects this year's event to be the biggest in history. She notes that this is the auxiliary's largest single fund raising event of the year. All proceeds from the sale go toward the purchase of new equipment for the hospital.

Virginia advises everyone with "rummage" to bring it to the Bell Housing Components Yard after Sept. 27, beginning at 9:30 A.M. until 2:30 P.M. She says they'll be happy to take all they can get.

# OCTOBER FUN!

## Working for the "Silent Majority"

In the last two months, I've had an opportunity to deliver speeches before PORA and the Sun City West Recreation Center membership. I sincerely hope these addresses have given you some idea where I stand on issues affecting the Sun Cities. Some residents have remarked my comments were somewhat critical. I must admit that they were meant to be.

As president and general manager of DEVCO, it's my responsibility to work toward the betterment of this community. There are people who would have you believe otherwise. These people are members of the vocal minority. They seem to find fault with any decision affecting this community.

I assure you, in my position, I weigh each decision very carefully to determine its effect on the Sun Cities. Regardless of the response from the vocal minority, I know the decision is in the best interest of the "Silent Majority".

The "silent majority" was a phrase that was very popular a few years ago, and I feel it has renewed importance in the Sun Cities today. In a democracy, we must respond to the demands of the majority, which I know finds our management to be fair.

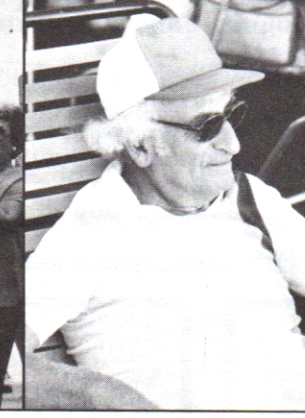

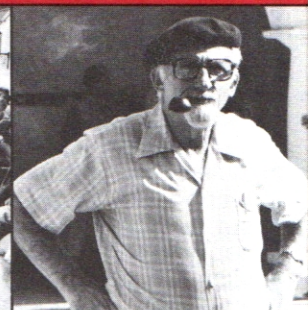

Just as I receive letters daily from the vocal minority, the members of the "silent majority" also voice their opinions — only in lesser numbers. I must admit it is refreshing to receive these encouraging letters....letters suggesting I ignore the disgruntled few....letters voicing understanding of DEVCO decisions and letters speaking positively about the Sun Cities.

I look forward to hearing from the "silent majority" because they are the true lifeblood of this community. I know you're out there, and I appreciate your support.

## SUN CITY WEST'S NEW LINE OF HOMES.....

# INCOMPARABLE

Incomparable is the way to describe the lifestyle in Sun City West, but now that description can be added to a new line of model homes. DEVCO's "People Designed Homes" will open their doors to residents of the Sun Cities Dec. 4 for a special sneak preview.

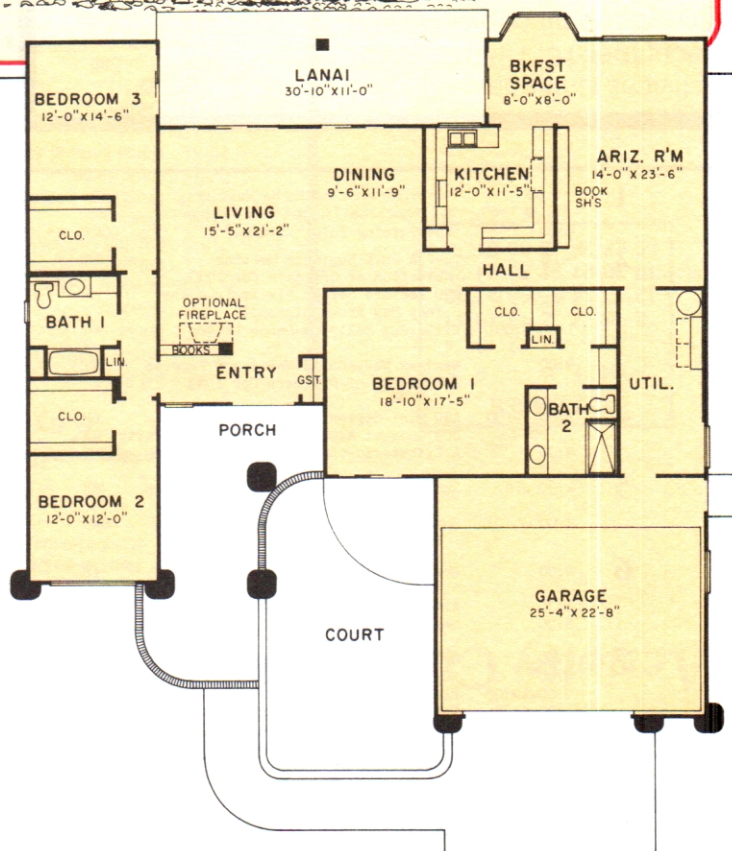

The new model complex is located adjacent to the Sales Pavilion on Meeker Boulevard in Sun City West.

Affordable luxury is another way to describe this new line of homes. The complex will feature seven single family homes beginning with a two-bedroom, two-bath model for only \$49,900. For those who want even more luxury, there are homes reaching the \$200,000 price range. New concepts, such as the split bedroom home, complete with identical bedroom suites and common living and dining areas, have created quite a stir with residents, builders and even the news media.

The complex will also feature two superbly designed duplexes. In addition, the architects are presently working on two very affordable garden apartments.

The response to DEVCO's interim models, which have been re-designed for the new complex, has been sensational. That, coupled with a drop in interest rates, means that Sun City West is on the verge of becoming "Boom Town 1983".

Remember the special sneak preview for Sun Cities residents beginning Dec. 4. We know you're our best salesmen. We hope you'll get the word out...now is the time to make the move to the world's premier adult resort community — Sun City West!

## FROM THE PRESIDENT.....

### GET INVOLVED!

One recent Saturday morning as I was driving to my speech at the Republican Club, I passed two resident groups demonstrating their concern for these communities — the Prides and the Posse. It occurred to me we have a very unique situation in the Sun Cities.

We have, without a doubt, the largest number of volunteers anywhere who devote their time and effort to the causes they believe in. Whether it's with a rake in hand ensuring the beauty of the Sun Cities, or with a badge on the shirt protecting a lifestyle that has no rival, these are the individuals who make our community great.

I would like to commend not only these two groups who play such an active role, but also the many other organizations that follow this unselfish ideal. Hats off to those individuals running for board memberships and to those who attend meetings that impact their lives. For these people, I have the utmost respect!

In my last letter, I addressed many of these people — the people of the silent majority. They may be silent, but they are not invisible. They are all around us. They do not wish to become involved in petty squabbles, for they realize their time can be better spent in worthwhile endeavors that help the community.

I want to encourage all residents to take note of these individuals and groups. There are innumerable avenues in which YOU can channel your efforts. The next time you find yourself upset with an issue or person, turn those negative feelings into positive actions. Look in a mirror and ask yourself how YOU can help! Whether it's working with the Prides or the Posse, serving on a board or attending meetings, make your presence known.

Speaking of boards, the Del E. Webb Corporation and the Del E. Webb Development Co. Boards of Directors will meet in the Sun Cities in coming days. I would like to take this opportunity to welcome them to the world's greatest adult resort communities — the Sun Cities.

George Reeve, President  
Del E. Webb  
Development Company

### ARTS AND CRAFTS SHOW, VARIETY SHOW A SUPER SUCCESS IN SUN CITY WEST

Sun Cities residents came out in force for two big November events — the Sun City West Arts and Crafts Fair and the Third Annual Sun City West Variety Show. The weather was super for the two-day Arts and Crafts Fair that gave residents a chance to browse and buy the works of some talented Westers. Paintings, ceramics, macramé, jewelry, needlework, silk flowers and stained glass were just a few of the many creations local craftspeople exhibited.

Meanwhile, residents proclaimed the Variety Show as the best ever. More than 6,500 appreciative fans turned out for an evening of music, singing and dancing. Whether it was a group of dancers or individual soloists, the quality of the performances were superb. A hearty congratulations to everyone who had a part in these outstanding events. Keep up the good work, we can't wait till next year!

### ELECTION NIGHT COVERAGE STARRING SUN CITIES' RESIDENTS

Election night coverage originating from Sun City West? That's right! CBS News was in town election night to determine the senior citizen response to political trends. Correspondent Linda Douglas (center) questioned residents Flora Seedorf, Chester Gadomski, Evelyn Barber and Doug Morris on national television from the courtyard of the Sundome. Speaking of national television, the Sun Cities seem to be getting more than their fair share of exposure. NBC's "Today" show had a crew in town Sept. 19 filming a segment on vocalist Jerry Vale who was appearing at the Sundome. Meanwhile, PM Magazine, seen locally on Channel 3, will air a segment on aging featuring the active Sun Cities lifestyle and several active residents. It can be seen Dec. 1 at 6:30 PM. The producers tell us there's a chance it may also air nationally at a later date.

### DON'T MISS THE FUN -- JOIN THE TREE TRIMMING PARTY

LuCille Johnson and Jack Glaser hope a lot of Westers turn out for the annual Christmas Tree Trimming Party Tuesday, Dec. 7 from 2 to 4 PM. The party begins in the Social Hall with everyone joining the Westernaires choral group for some festive Christmas carols. From there the tree trimming will move to the Sports Pavilion, Library and the Administration Office.

To help others celebrate the Holiday season, Westers are asked to bring a toy to the party. The Marine Corps and Salvation Army will distribute these presents to children in the Valley.

To conclude the festivities, the jazzercise club will serve as hostesses for refreshments that will include Christmas cookies and punch. Join your friends in this celebration of the Holiday spirit and have fun while helping others.

### BRIARWOOD NOW OPEN

Challenging! That's how golfers are describing Sun City West's newest golf course — BRIARWOOD COUNTRY CLUB. The 6,636 yard layout, characterized by gently rolling fairways and numerous lakes and water hazards, opened for play Nov. 15. Golf professional Steve Donald, who supervises play at Briarwood and Hillcrest, had several local professionals and celebrities on hand for Briarwood's first Pro-Am Nov. 19. The course is now open for public play, but will become Sun City West's first private country club when proprietary membership reaches 400. Anyone interested in membership should contact Roy Crompton at 975-2270, ext. 345. Tee times can be arranged by calling 584-1500. Can you think of any other community that can boast four golf courses for its 8,400 residents? We can't, either!
